This revision guide is
intended to serve as a
complement to the
textbook. Its aim is
essentially to provide past
examination questions set
by the Institute of Bankers
and the examiners' own
answers together with
past questions set at the
City of London Polytechnic
and other questions, with
their answers. This gives
the reader a wider range
of topics which reflects
the contents of the
textbook, and permits of
selectivity to meet need.
It is suggested that as
each textbook chapter is
read, the relevant section
in the Revision Guide
should be attempted in
order to test knowledge
and understanding,
thereby further enhancing
the learning process. To
facilitate this, the guide is
set out section by section,
to match the chapters in
the textbook. Several
sections are prefaced by
introductions to bridge
the gap between textbook
and questions. In addition,
questions are presented
in succeeding order of
difficulty so that readers

can move from the less to
the more complex at their
own speed. November
