PAUL JOHN

The Epworth Herald Kregel Academic

Now you have one resource that can help you plan for a variety of situations in your church. Author and bookseller Carole Cupples wrote this book in response to a need voiced by her own customers. A few of the occasions this book particularly addresses are welcoming guest to a program, honoring a pastor on an anniversary, and paying a memorial tribute. The speeches you find in this compilation reflect the ways we honor God in both celebration and meditation.

Church Communications Handbook Canterbury Press

A field-tested guide to the management and finance of church congregations, revised for a new generation. Clergy are generally equipped to preach and provide spiritual care. But when it comes to budgets, insurance, fire safety, and church management many find themselves at a loss. The Church Administration and Finance Manual is the classic guide to running a church, written to answer key questions for clergy and lay leaders. Not simply a theoretical resource, the Manual provides suggestions for almost every aspect of parish administration: position descriptions, financial forms, materials for stewardship and Christian education, building use and safety issues, employee record keeping, and much more. This revised edition offers guidance on many new topics that are of vital importance to churches, including protecting children, information security, approaches to preventing and responding to

violence, planned giving, social media, and hybrid work and worship. Whether clergy are just out of seminary or well-seasoned in parish life, the Manual is full of excellent guidelines, tools, and forms for improving the management of the parish.

If the church is ever tempted to think that it has its theology of grace sorted, it need only look at its reception of queer black bodies and it will see a very different story. In this honest, timely and provocative book, Jarel Robinson-Brown argues that there is deeper work to be done if the body of Christ is going to fully accept the bodies of those who are black and gay. A vital call to the Church and the world that Black, Queer, Christian lives matter, this book seeks to remind the Church of those who find themselves beyond its fellowship yet who directly suffer from the perpetual ecclesial terrorism of the Christian community through its speech and its silence.

Welcome Speeches for Special Days Church House Publishing

In this timely and provocative work, Walter Brueggemann applies his experience and skills in the area of biblical interpretation to the theme of evangelism. He argues for the importance of considering afresh how the Bible itself thinks and speaks about evangelism, how it enacts the dramatic claims of the "good news." Brueggemann here describes evangelism as a drama in three scenes, concerning (1) God's victory over the forces of chaos and death, (2) the announcement of that victory, and (3) its appropriation by those who hear the announcement. This same dramatic sequence, as he shows, is many times re-enacted in the Bible; the times and circumstances of the re-enactment may differ, but the essential message, as well as the structure of its presentation, remains the same.

"Juggling with books, not knowing when to sit or stand, being glared at for sitting in the wrong seat, for many people, their first visit to a church service is about as enjoyable as a trip to the dentist. But why do churches become so unfriendly, and how can we create a culture of welcome? This practical study looks at the reality of people's experience, the roots of the problem, and offers workable strategies for bringing about a change in culture."--Back cover.

Welcome! Canterbury Press

Krish Kandiah wants us all to take seriously Jesus's call to 'suffer the little children' by engaging with the needs of the many thousands of children up and down the country who are in care and whom the church could and should be helping. Krish and his wife Miriam have adopted and fostered children themselves and their experience - and that of the many others in this book - is very different from the popular myth which suggests social services seek to prevent Christians from getting involved. Krish argues that whatever the state's stance may be, it is a part of our calling as God's church to get involved where it's hardest, and to help these children out of the tough realities they find themselves

in. Filled with stories from people who have adopted or were adopted themselves, alongside practical advice on how it all works and the challenges that will come, this book makes a compelling case that the church can and must make a difference in these children's lives, and asks us all to consider our response.
