When the human and the vampire worlds collide, there will be hell to pay. Luca Ambrus is a rare breed: vampire from birth, begotten by vampire parents, blood born. He is also an agent of the Council - the centuries-old cabal that governs vampirekind, preserving their secrecy and destroying those who betray them. When a cryptic summons leads him to the scene of the brutal killing of a powerful Council member, Luca begins the hunt for an assassin among his own people. But instead of a lone killer he

discovers a sinister conspiracy of rogue vampires bent on subjugating the mortal world. All that stands in their way are the conduits, humans able to channel spirit warriors into the physical world to protect mankind. Chloe Fallon is a conduit - and a target of the vampire assassin who's killing them. When Luca saves her life, an irresistible bond of trust - along with more passionate feelings - is forged between them. As more victims fall, Chloe and Luca have only each other to depend on to save the world from the reign of monsters - and salvage their own future together.

Cruel. Heartless. Quarantined. The ruthless boys of Everlake Prep never saw lockdown coming. But the virus isn't their number one enemy. I am. And as if being confined to a boarding school for the elite wasn't bad enough, now I'm stuck in isolation with the boys who hate me most too. Saint, Kyan and Blake. The Night Keepers. Or so they call themselves. They've embodied the Native American legend which lives in this valley, taking on the role of the monsters who lurk in the forest. And though they act like beasts, they may also be the most tempting creatures I've ever seen. With the virus escalating and my dad's name splashed through the news, my entire world is falling apart. What he did has cast a dark shadow over me. And the Night Keepers want to make me pay for his crimes. Then things went from bad to worse when I touched the sacred rock. A rock which supposedly holds a curse to bind me as the Night Keepers' slave. And as crazy as it sounds, I decided to play along. Because there are things about me they don't know. Things my dad has hidden from me for years. All I can be sure of is that I have to find a way to escape this school. But until then, those savage boys are making my life a living hell. As the virus sweeps through the country and the world twists into something ugly and unknown, the kings of this school become true monarchs. Even the teachers bow to them now. And I'm kinda glad about that 'stay six feet away from one another' rule, because without it, I know they'd rip me apart. At least there's a silver lining. I'm cosying up to Coach Monroe. My hot as hell, brooding P.E. teacher who has a vendetta of his

own against the Night Keepers. And with his help, I may succeed at doing more than escaping the clutches of these heartless fiends. I might even destroy them along the way. My father taught me how to be strong. How to prepare for the end of the world. So this isn't going to be the end of my world, mark my words. But if I'm able to use my mind and body to bring these assholes to their knees, it might just be the end of theirs. This is a high school bully romance series where the main character will end up with more than one love interest. It may have triggers for some as it has off the charts angst, dark love-hate themes, scenes of intense bullying and some violence (not aimed towards the main character) and is not for the faint of heart. Prepare to enrol at Everlake Prep. Bring your hand sanitiser, face masks and toilet paper to barter with, but don't expect to hold onto them for long. Because it's time to go into quarantine with the Night Keepers. And everything you own now belongs to them.

My Soul to Save (Soul Screammers, Book 2) Eternal Reign

While Callie closes in on the blood bank in the hopes of rescuing her family, Montana accepts the dangerous task of spying on one of the vampire royals. On the east coast more deaths arise in New York City and Montana soon realises she's at the heart of an assassination plot. But if she doesn't work out who her enemies are fast, she could be their next target. On the west coast, Callie struggles with her newfound feelings for Magnar. And as she grows stronger, more capable and ready to bring down the blood bank, she realises her time with him could soon be up. In the second instalment of the Age of Vampires Saga, two sisters must risk it all to protect each other and try not to fall for their

dangerous companions along the way...

Never make a deal with a billionaire, particularly one who's a vampire . . . The deal is simple: spend a month with a mysterious billionaire who is the owner of Louisiana's La Petite Mort Casino, and he'll forget my father's gambling debts. If it means saving our family home and business, I'll do anything. With his strong, sexy, take charge arrogance, Nicolas Dupont is a mystery to me. But it doesn't matter how hot he is. This is purely a business arrangement. Nic can have any woman he wants and it makes no sense that he'd be interested in a virgin like me. I'm certainly not about to fall for a guy who thinks he can own me. So I go hunting for a way to free myself. When I discover I'm the hunted, and there are those who want my blood, Nic claims he can protect me. But can I trust one of his kind? When this began, I thought I might lose everything. Now I'm not sure if I'll make it out alive . . .

The King will fall. While I continue my hunt for the Fae who killed my brother, I have to try to keep my heart away from the vicious boys who could be responsible for his death. But as my investigation leads me down a dangerous road and answers seem closer than ever before, I'm whisked away to the elite school, Zodiac Academy, with the four Kings and my heart becomes more vulnerable than ever.

Kings of Quarantine Open Road Media

Late one night, exploring her father's library, a young woman finds an ancient book and a cache of yellowing letters addressed ominously to 'My dear and unfortunate successor'. Her discovery plunges her into a world she never dreamed of - a labyrinth where the secrets of her father's past and her mother's mysterious fate connect to an evil hidden in the depths of history. In those few quiet moments, she unwittingly assumes a quest she will discover is her birthright - a hunt for the truth about Vlad the Impaler, the medieval ruler whose barbarous reign formed the basis of the Dracula myth. Deciphering obscure signs and hidden texts, reading codes worked into the fabric of medieval monastic traditions, and evading terrifying adversaries, one woman comes ever closer to the secret of her own past and a confrontation with the very definition of evil. Elizabeth Kostova's debut novel is an adventure of monumental proportions - a captivating

tale that blends fact and fantasy, history and the present with an assurance that is almost unbearably suspenseful - and utterly unforgettable.

There's more to my brother's murder than I realised... Shadows in the halls, mysteries lurking around every corner. Whoever killed him is covering their tracks well. And now I'm walking a dangerous line between getting close to the four kings for information and wanting to crawl deeper under their skin for my own desires. I can't trust anyone. I'm a Gemini. Impulsive. Curious. Headstrong. A twin. Heir to a throne I know nothing about. And it turns out, I'm Fae. But of course there's a catch - all I have to do to claim my birth right is prove that I'm the most powerful supernatural in the whole of Solaria. And sure, technically that's true as I'm the daughter of the Savage King. But the bit they didn't put in the brochure was that every single Fae in this Kingdom would claim my throne if they could. The school they've sent me to is both dangerous as sh*t and one helluva party. Vampires bite weaker students in the corridors, the Werewolf pack has orgies in the Wailing Wood at every full moon and don't even get me started on the dark and twisted ways the Sirens use their powers on people's emotions, or how my sinfully tempting Cardinal Magic teacher hosts detentions that leave people needing therapy. Classes are totally interesting if you manage to live through

them. And that Gemini star sign I mentioned? It now determines my elemental magic and affects my destiny, so learning astrology is essential if I'm going to beat down my classmates - which is actively encouraged by the way. My biggest problem is the drool worthy Dragon shifter who has his eyes on my throne. He and his three psycho friends are determined to make my time here hell. All I've got to do is survive. But fate might have other ideas. Dammit, why couldn't I have gotten a letter to Hogwarts?
