New from Canine Handbooks for Christmas 2016! The Boston Terrier Handbook is the biggest & most up-to-date book ever published about this lovable & loving breed. 'The American Gentleman' of the canine world is not only handsome, he is also highly affectionate & entertaining, & makes an excellent companion for families, the elderly, couples & single people alike. This lively, yet adaptable, little dog is suitable for apartments as well as homes with big yards & gardens. The Boston Terrier Handbook's 256 pages are easy to read & packed full of practical information & insider tips from breeders & owners on all you need to know about caring for, training & living with these unique little

dogs. Puppies - Learn how to prepare your home & garden, what to do when your puppy arrives, where he or she should sleep, getting through the first few days & nights, how much food & exercise to give, & how to deal with issues like puppy biting & chewing. Breeders give their personal advice on how to spot the warning signs at a 'puppy farm', finding a good breeder & selecting a pup, bringing the puppy home, the first few days, housetraining, crate training, obedience training, exercise, feeding & what behaviour to expect. Learn about: Feeding Puppies, What the Breeders Feed, Feeding Charts, The Raw Diet, Reading Dog Food Labels, What Foods to Avoid, & Feeding Senior Dogs. Boston Terrier Health is covered in depth, including Hereditary Diseases, Joint & Eye Issues, Skin Irritations, Ear Infections, Food Intolerances, Overheating, Allergies, Spaying, Neutering, Vaccinations, Worming, De-Fleaing & Microchipping. For anyone who hasn't chosen their puppy yet, there's: How to Find a Good Breeder & The Questions to Ask, Puppy Contracts, Where NOT to Buy a Boston puppy From, How to Pick a Healthy Puppy or Adult Dog, Typical Temperament Traits, Picking a Puppy With the Right Temperament, & Rescuing a Boston Terrier. Learn: how to get the best out of your Boston when obedience training, how to speed up housetraining, typical Boston Terrier traits - & how to deal with them, grooming, and a host of other topics. NOTE: This is not a glossy coffee table book, this is a detailed step-by-step reference manual on how to take care of your Boston Terrier. Reviews for The Canine Handbooks: "Remarkable book - very informative & comprehensive. It is not to be missed, even seasoned bulldoggers could stand to learn a few things from this book," W. SHOPLAND, of EXTREMEBULLS, MIDDLESEX, UK

(Bulldog Handbook) "An EXCELLENT BOOK, well written & informative, an absolute must-have for new & would-be Pug parents, a guaranteed point of reference you will return to time after time, easy to understand, very breed specific, unlike lots of other books which seem generic, this has been written by someone who knows the breed. If you are thinking of getting a Pug you need this book, 10/10," D. BEECHAM, of FIZZLEWICK PUGS, SOUTH WALES, UK (Complete Pug Handbook) "Brilliant book! There is everything you need to know about Schnauzers in this book, truly a great insight into these beautiful dogs from start to finish," G.M. HICKEY, LONDON, UK (Schnauzer Handbook) "This is a very complete & comprehensive book. I would highly recommend this book to new puppy owners & people wishing to learn more about the breed," S. SIMON, SECRETARY, FRENCH BULL DOG CLUB OF AMERICA (French Bulldog Handbook) [Boston Terriers Are the Best!](#) TFH Publications

You can have fun learning about your dogs natural behavior instincts, and learn how to change and correct some of them. With this dog guide book, you will be able to understand why your dog does some of the silly little things they do, and also you will be able to correct their bad behavior very easily. Learning to train your Boston Terrier puppy and dog will be much easier when you read this helpful book on teaching and training your Boston Terrier. Learn what the best healthy type of dog food to feed your Boston Terrier is, and teach your dog to let them know you are the pack leader, not them. You will learn about dog biting, jumping up on people, food aggression, separation anxiety, fleas & ticks, house breaking, and so much more. You will learn how to live with your Boston Terrier, and how to make him or her a very

good family member, that you can trust and love. You will learn how to make your dog a trusted member of the family, and not have to worry about them making trouble or getting into trouble. If you are lucky enough to own a Boston Terrier, you should really read this book to make your life easier and more fun and enjoyable with your Boston Terrier puppy or dog!

This book, illustrated with more than 175 full-color photos and drawings, presents sensible, easy-to-follow recommendations about selecting and caring for a Boston Terrier.

The Boston Terrier *Howell Book House

This book (Boston Terriers Chapter) provides you with a through description and positive attributes of this breed including origin, purpose, history, normal heights and weights, acceptable colors

and behavioral traits. Our books differ from most books on dog breeds because this book also provides you with a comprehensive and authoritative source of all the known predisposed hereditary health syndromes for the breed. You will find extensive references for each problem described. We also provide the breed club address for this breed and a list of laboratories and organizations that can provide professional help and information. As a small animal veterinarian, I have always been intrigued by the way dogs have been bred to fill a purpose in life and further impressed that they also tend to love performing that service. Greyhounds and other sight hounds are built for speed with aerodynamic bodies consisting of small head, deep chest, narrow waist and large leg muscles. On the other hand Dachshunds take their name from German words meaning badger dog and they use their long nose, long body and short legs to both track, enter and dig into badger dens. After developing a practice that catered to clients with show dogs, my interest in each breed continued to grow as I studied and observed more and more about the unique predisposition and incidence of health problems in each breed. Breeders of purebred dogs for show were a challenge and inspirational for me to research and help them with their unique health problems. Historically references to hereditary problems are scattered throughout various Veterinary medical texts and journals such as ophthalmology, neurology, gastroenterology, cardiovascular and dermatology. This book, as well as the other books and articles I have written, is researched and compiled with the intention to provide both veterinarians and dog owners with comprehensive and authoritative predisposition information under the breed

name. At the date of this publication, The American Kennel Club Canine Health Foundation and the The Kennel Club of England reports over 400 known hereditary health syndromes throughout the dog kingdom. At the writing of my first book in 1983, less than 50 hereditary issues are able to be predicted and or diagnosed. Sequencing of the canine genome, DNA tests, metabolic testing including blood tests and urine testing; plus, phenotypic examinations such as radiographs, ultrasound, and CERF or OFA eye registry exams by a Board Certified Veterinary Ophthalmologist have advanced the science of breed related health and behavioral problems. This book will provide veterinarians, researchers, pet owners and breeders with a comprehensive guide to all the known problems veterinarians and dog owners should consider during pet selection and throughout each life stage of our canine friends.

Dogfather: Boston Terrier Wisdom and Life Lessons
Independently Published
