Positive Parenting Independently
Published

In order to establish a smoothness that will enable a person to function in an acceptable manner, everyone needs to have some type of discipline ingrained within their lives. The majority of these aspects of discipline are acquired at an extremely young age, and the majority of the time, the parents of the child are the ones that start it off. These forms of discipline are required so that the child can be prepared for eventual integration into society and taught how to behave in a way that is manageable. Good discipline is not about meting out punishments, as this does not really teach the child about the true negative aspects of the act that requires some attention from the parent in the form of some form of discipline. Instead, what it does is demonstrate to the child that the more powerful variable in an equation almost always gets to dictate, while the less powerful variable is forced to just follow along. Effective methods of discipline should handle the problem at hand, but they should also educate children right from wrong. One approach to supporting an appropriate manner of discipline is to teach the child about self-control and behavior that is socially acceptable by demonstrating these concepts to the youngster. This instructional book will teach you how to discipline your child effectively without

making him/her look sad or inferior. This is very important. Your method of approach can either mar or make your child's psychological being. A healthy form of discipline does not involve humiliating methods to inflict pain on them. The use of methods such as yelling and calling the child names will not be of any benefit to the child in any way.

**Positive Discipline for Teenagers,

Over 2 Million Positive Discipline Books Sold! A Positive Approach To Helping Children With Special Needs Realize Their Potential Every child deserves to lead a happy and fulfilling life. For parents and teachers of children with special needs, helping their child to not only negotiate daily challenges, but to live fulfilling, meaningful lives, can be the most difficult challenge they will face. Over the years, millions of parents and teachers have come to trust Jane Nelsen's classic Positive Discipline series for its consistent, commonsense approach to childrearing. Now, the bestselling series addresses the specific challenges that parents and teachers of children with special needs face, and offers them straightforward advice for supporting them in positive ways. In these pages are practical solutions to challenges such as: Learning to look

beyond diagnostic labels ● Believing in each child's potential regardless of his/her stage of development ● Helping children integrate socially and interact with their peers ● Coping with the frustration that inevitably occurs when a child is being difficult ● Strengthening a child's sense of belonging and significance ● And Many More! Use this book to answer such questions as: • How do you accommodate a disability, while still teaching a child to try their best? • How do you help a child cope with anger they may have trouble expressing, especially when that anger may on some level be justified? • How do you teach a child who may struggle with seemingly straight forward tasks to contribute to the world around them in a way that will be meaningful to them? "If you are raising or teaching a child with special needs, this book is a must-read. As the mother of a child with autism, my hopes and dreams for my son were no different than those of other parents. I wanted a parenting approach that helped my child grow up to be self confident, happy, and prepared for success in relationships, work, and life. I also needed practical, effective methods for addressing the significant, challenging behaviors I faced on a daily basis. Finally, in this amazing book, I found both....Thank you, thank you, thank you to the authors of this groundbreaking book." - Rachel Fink Parks, MS, PCC

Positive Discipline Dagi LLC

Have you tried different discipline methods but nothing seems to work with your child? Are you afraid that your child may have problems in the future if he does not receive good discipline now? Don't you know which strategy to use anymore? Are you going to give up? Keep reading... My name is Susan Garcia and a few years ago I was in the

same situation as you. I am the mother of two wonderful children and thanks to my work as an educator and family counselor I have been in contact with thousands of children and parents throughout my career. The problem that happened to me most frequently is the fear of discipline. Discipline is always associated with something negative by parents. But this is not the case at all. Discipline is a good thing if you know how to use it. The first thing to understand is that there is a big difference between discipline and punishment. While discipline is essential to raising your child, punishment is not always the right technique to use. Today's children are growing faster, and the techniques that worked a few years ago today are no longer effective. You need something completely different, a new approach to educating children. Positive Discipline is just what you need. Positive disciplines completely changed my way of approaching children's education. Since I started using this technique with my children I have seen some incredible improvements in our relationship since the first few weeks. Later I also transferred my experience to my work and in a few years I achieved sensational results. Not only did the parents solve their daily problems quickly, but they improved the connection and communication with their children thanks to positive discipline. In this book I transferred all my experience on the revolutionary technique of Positive Discipline and the best way to apply it to everyday life. In this book you will discover: All you need to know about positive discipline Why the old techniques doesn't work today Practical examples of daily life with children How to impose logical consequences without

punishment
 How to improve communication with your child
 How to avoid most common mistake every parents make
 How to connect with your child
 How to raise a happy and disciplined children
 Being a good parent is easier than you think.
 Following this guide you will notice improvements in your family life in less than a month.
 This simple but comprehensive guide is fine even if you have already tried other methods in the past without good results.
 Suitable for both parents with young children (For Teenagers I have written another book that you should read) and to those about to become a parent.
 Stop being afraid for your child's future. Start now to build a relationship of trust, to improve communication and to understand how to correct his behavior.
 This way you will improve his self-esteem and prepare him for a successful life.
 Don't wait any longer. Scroll up and click "Add to Cart" RIGHT NOW!

The ABCs of Positive Parenting

Independently Published

Overcome the challenges of raising a toddler without sacrificing your sanity. Finally: an easy-to-follow approach to parenting that really works. 73% of parents say that raising their children is their biggest challenge. Everyone wants to be the best parent they can be, but anyone who's ever witnessed a tantrum over the wrong color socks knows that this isn't always an easy feat. Power struggles at mealtimes. Tantrums because the cereal's not in the blue bowl. Full-on meltdowns at the grocery store because you won't buy them the pink pudding you already know they don't like. Sound familiar? That's just raising a toddler, right? Wrong. What if there was an approach that took the stress out of parenting? What if there

was a way to lay clear boundaries that a toddler understands without the drama? Here's a secret: there is. Traditional discipline methods rely on threats and punishments to try to get children to comply with instructions and behave appropriately, but research shows this doesn't work. Traditional discipline simply makes the situation worse. Positive parenting takes a different approach. A child-centered way of parenting, it breaks things down for toddlers in a way that's easy for them to understand. By positive reframing and allowing them to express their emotions without giving in, you can create a stronger parent-child relationship resulting in clear communication and improved self-esteem for your child. You might think this sounds wishy-washy; too much positivity when what your child needs is discipline. But the reality is: this is discipline. This is positive discipline. This is discipline that really works. In *Kind Yet Firm: Discipline Your Toddler the Positive Parenting Way*, you'll find all the tools you need to overcome the challenges you face as the parent of a toddler. Here's just a taste of what you'll learn: The mistake 99% of parents make through following traditional discipline practices What research says about the psychology of toddlers Important developmental milestones - and what they mean for you as a parent Why toddlers push boundaries - and how to navigate this How to communicate effectively with your child The #1 mistake to avoid when parenting toddlers How to stick to your guns in the face of a tantrum Why consistency matters The most challenging behaviors faced by 99.9% of parents The incredible power of empathy Why self-care matters too Plus, as a BONUS, you'll get two free 60 minute meditation sessions! One will

help you implement the positive parenting approach, and one will help your toddler to become more cooperative. And you can expect much more besides. If you thought the toddler phase was a storm you just had to weather, you were wrong. Positive parenting has been proven effective by countless psychologists and childcare professionals. By adopting the approach outlined in this book, you can reduce your stress levels and handle every challenge your toddler throws at you calmly and effectively. Relax. Parenting a toddler is hard, but you're not alone. Every parent faces these challenges, but by using the positive parenting approach, you can find the space to enjoy this important developmental stage in your child's life without sacrificing the calm in your home. The National Parent Survey found that 69% of parents would use positive parenting strategies if they knew them. They didn't know where to start... but now, you do. If you want to reduce the drama in your home and raise a confident, happy child with clear boundaries, then click "Add to Cart" now. You're about to change your life.

POSITIVE DISCIPLINE THE COMPLETE GUIDE Harmony

For twenty-five years, Positive Discipline has been the gold standard reference for grown-ups working with children. Now Jane Nelsen, distinguished psychologist, educator, and mother of seven, has written a revised and expanded edition. The key to positive discipline is not punishment, she tells us, but mutual respect. Nelsen coaches parents and teachers to be both firm and kind, so that any child—from a three-year-old toddler to a rebellious teenager—can learn creative cooperation and self-discipline with no loss of dignity. Inside

you'll discover how to • bridge communication gaps • defuse power struggles • avoid the dangers of praise • enforce your message of love • build on strengths, not weaknesses • hold children accountable with their self-respect intact • teach children not what to think but how to think • win cooperation at home and at school • meet the special challenge of teen misbehavior "It is not easy to improve a classic book, but Jane Nelsen has done so in this revised edition. Packed with updated examples that are clear and specific, Positive Discipline shows parents exactly how to focus on solutions while being kind and firm. If you want to enrich your relationship with your children, this is the book for you."

—Sal Severe, author of *How to Behave So Your Children Will, Too!* Millions of children have already benefited from the counsel in this wise and warmhearted book, which features dozens of true stories of positive discipline in action. Give your child the tools he or she needs for a well-adjusted life with this proven treasure trove of practical advice.

Positive Discipline in the Classroom, Revised 3rd Edition Harmony

Have you wondered if you're making the right decisions when it comes to raising your child? Over the last years, there has been a lot of confusion about the role of boys and girls in our society. It's easy to see why parents are left with lots of unanswered questions when they're raising their children. Using positive discipline methods can significantly help them become responsible and balanced adults later in life. Here's some of what you can expect to learn inside the pages of this book: Learn how to avoid common discipline mistakes that parents make that can end up harming their child's development in the long-term. Setting

healthy boundaries that your kids will always respect. Learn the best methods to handle conflicts and arguments. Effective communication with your child or teenager. Teaching self-control, handling aggressive behaviors, and more! Would you like to enjoy going through every stage of your child's development without worrying if you're doing the right thing or not? The earlier you manage to give proper guidance, the easier it is for them to grow into healthier adults. However, there is no such thing as being too late, and even the most damaging of behaviors and habits can be helped. Do not leave anything to chance. Start by guiding them towards the best possible path towards a healthy and responsible adulthood today!

Positive Discipline BabyDreamers.net Completely updated to report the latest research in child development and learning, Positive Discipline for Preschoolers will teach you how to use methods to raise a child who is responsible, respectful, and resourceful. Caring for young children is one of the most challenging tasks an adult will ever face. No matter how much you love your child, there will be moments filled with frustration, anger, and even desperation. There will also be questions: Why does my four-year-old deliberately lie to me? Why won't my three-year-old listen to me? Should I ever spank my preschooler when she is disobedient? Over the years, millions of parents just like you have come to trust the Positive Discipline series and its commonsense approach to child-rearing. This revised and updated third edition includes information from the latest research on neurobiology, diet and exercise, gender differences and behavior, the importance of early relationships and parenting, and new

approaches to parenting in the age of mass media. In addition, this book offers new information on reducing anxiety and helping children feel safe in troubled times. You'll also find practical solutions for how to: - Avoid the power struggles that often come with mastering sleeping, eating, and potty training - See misbehavior as an opportunity to teach nonpunitive discipline—not punishment - Instill valuable social skills and positive behavior inside and outside the home by using methods that teach important life skills - Employ family and class meetings to tackle behavioral challenges - And much, much more!

★★ Do you believe that education is all based on inventions? Want to learn more about the positive discipline? Keep reading... Pythagoras said "educate children and it will not be necessary to punish men". This is a phrase that does not stray too far from the theories and techniques of positive discipline. What is the positive discipline? We can consider the positive discipline a set of teachings through which to understand the behavior of the child and the best way to address his attitudes. It is a sort of guide for those who accompany children in their growth process. To put the positive discipline into practice, we need different tools, such as empathy and communication. By showing understanding and affection to the child, relationships are established that serve parents and mentors to move towards respectful attitudes. A singular point of this educational technique is the absence of punishment and punishment. The basic principle is respect between the adult and the child, in addition to mutual cooperation, so the child

develops some basic skills independently, without too much control or permissiveness on the part of the parents. It is an approach that allows children and adults to feel comfortable and confident. Here's what I'm going to talk to you about this book: Background of positive discipline; -Parents and positive discipline; -Steps to Positive Discipline of Toddlers - Five Criteria for Effective Discipline - Child Development Knowledge - Human Variations Classification. -What are your preschoolers' best ways to discipline? -31 strategies and techniques of persuasion I will explain to you step by step my bomb-proof methods based on years of research and studies. If you're wondering if this is a book that can do for you, know that the answer is yes! The text aims to explain these topics to anyone who starts from scratch or anyone who has read about it and wants to learn more about the positive discipline. Reading this book you too can master the art of positive discipline. It will be worth it for you, and for your children! But it NOW and let your customers get addicted to this amazing book

Positive Discipline: The First Three Years Harmony

This book covers all the aspects of the toddler discipline, whether you are a new parent wanting to identify your discipline philosophy and master the best methods to raise cooperative and responsible human beings, or you are looking to expand your toolbox to boost your relationship with your children. This book will support you step-by-step into the healthful process to establish the foundation for a sound discipline approach that will make you feel proud of yourself as parent. This book covers: • Why toddlers push limits • Talking to toddlers • Discipline • Characteristics of bad application of discipline • Strategies to establish discipline • Positive

discipline • The key to cooperation • Why children won't follow our directions and much more This book is all about changing our mindsets not to necessarily think like our toddler(s), but to get on a level where you can not only assist them in proper healthy development but also truly get along with your child on a basis that not many parents ever get to. It is time to accept that your precious baby is no longer helpless. It is time to embrace your child's developments with other actions other than screaming back at them or becoming frustrated.

Positive Discipline Parenting Tools

Double M International Limited

Make a Difference During the Most Important Years of Your Child's Life The months leading up to the birth of a child are filled with joy, dreams, plans—and a few worries. As a caring parent, you want to start your child out in life on the proper foundation. But where do you go for the answers to such questions as: How do I communicate with an infant who doesn't understand words? How can I effectively teach boundaries to my toddler? Should I ever spank my child? Over the years, millions of parents just like you have come to trust Jane Nelsen's classic Positive Discipline series. These books offer a commonsense approach to child-rearing that so often is lacking in today's world. In *Positive Discipline: The First Three Years*, you'll learn how to use kind but firm support to raise a child who is both capable and confident. You'll find practical solutions and solid advice on how to:

- Encourage independence and exploration while providing appropriate boundaries
- Use non-punitive methods to instill valuable social skills and positive behavior inside and outside the home
- Recognize when your child is ready to master the challenges of sleeping, eating, and potty training, and how to

avoid the power struggles that often come with those lessons

- Identify your child's temperament
- Understand what the latest research in brain development tells us about raising healthy children
- And much, much more!

Containing real-life examples of challenges other parents and caregivers have faced, *Positive Discipline: The First Three Years* is the one book that no parent should be without.

Positive Time-Out Harmony

A positive discipline is a powerful tool that helps your children learn to improve their behavior and reach their full potential. It can be used in any setting with great success. Here's a simple definition of positive Discipline:

"Teaching positive behaviors." Or "Teaching kids how to be better people."
