La Sainte-Biffe Pen and Sword

A l'occasion du 4^e centenaire de la naissance de Nicolas Barré (21 octobre1621) s'est tenu un colloque sur le thème « Nicolas Barré, pour une mystique de la vie ordinaire ». Cet ouvrage en est la publication. De quoi s'agit-il quand on parle de mystique ? Dans le contexte du christianisme, et depuis les Pères de l'Eglise, il s'agit bien d'une dimension essentielle de l'existence des croyants, offerte à tous. Elle se vit en tension féconde entre la contemplation et l'action, l'oraison et l'engagement. Dans le contexte tourmenté du XVII^e siècle, Nicolas Barré a proposé ce chemin, tant dans l'accompagnement spirituel de personnes éprouvées que dans l'inspiration du courant éducatif des Ecoles Charitables du Saint Enfant Jésus. Eduquer, c'est humaniser, c'est diviniser l'humain. Les diverses approches de ce thème : historique, éducative, théologique, spirituelle, y compris d'un point de vue asiatique, sont autant de portes d'entrée sur la dimension mystique de l'existence, offerte à tous. Des textes de Nicolas Barré viennent confirmer les contributions des intervenants.

La Sainte-Biffe Cambridge University Press

"Summer's brilliant window onto the French army is a book I cannot recommend highly enough . . .

Full of detail and mixed with vivid personal accounts."—War History Online This graphic collection of first-hand accounts sheds new light on the experiences of the French army during the Great War. It reveals in authentic detail the perceptions and emotions of soldiers and civilians who were caught up in the most destructive conflict the world had ever seen. Their testimony gives a striking insight into the mentality of the troops and their experience of combat, their emotional ties to their relatives at home, their opinions about their commanders and their fellow soldiers, the appalling conditions and dangers they endured, and their attitude to their German enemy. In their own words, in diaries, letters, reports and memoirs—most of which have never been published in English before—they offer a fascinating inside view of the massive life-and-death struggle that took place on the Western Front. The author's pioneering work will appeal to readers who may know something about the British and German armies on the Western Front, but little about the French army which bore the brunt of the fighting on the allied side. His book represents a milestone in publishing on the Great War. "An interesting, well-written and informative book which goes a long way to explaining why the French army mounted the staunch defense of its homeland that it did."—Burton Mail "The text is skillfully put together and moves seamlessly from one voice to another while illuminating the flow of events that affected Frenchmen and women during the Great War."—Stand To! The Western Front Association

Oeuvres complètes de Walter Scott traduction nouvelle de Louis Barré Cambridge University Press

This book explores the uses made of sanctity and patronage by the Franks.

Le martyrologe d'Usuard: Préface. Histoire de la vie d'Usuard. Ses écrits. Mois de janvier, février, mars avril, mai et juin Saint-Léger Editions

This text considers the interaction between the public and private domains in the persons of the Capetian kings in medieval France and the political, institutional and fiscal history of the period. The private and public lives of Philip Augustus and Philip the Fair are also considered.

Memoires de Saint-Simon FeniXX

World War I was the greatest cataclysm Europe had ever known, directly involving 61 million troops from 16 nations. Yet the history of the war and the reasons it started and spread so rapidly were vastly more complex than the players realized. Written by highly respected authorities, this book discusses the literature on all aspects of the war, making it an excellent starting point for anyone seeking guidance to the immense, and often daunting, body of World War I literature. The struggle mobilized manpower from home, troops from the colonies abroad, and—in most countries—women as well as men. Governments increasingly intervened in everyday life. New weapons and organizational structures were developed. Yet the history of the war and the reasons it started and spread so rapidly were vastly more complex than the players realized. Written by highly respected authorities, this book discusses the literature on all aspects of the war. Dennis Showalter's opening chapter covers the controversial issue of the war's origins—a complex subject that has been much debated by historians. Ensuing chapters consider the literature on each of the participating countries. The broader subjects of the war at sea and the war in the air are also covered. Daniel Beaver's final chapter discusses the mobilization of industry and the new military technology. This book is an excellent starting point for anyone seeking guidance to the immense, and often daunting, body of World War I literature.

Histoire générale d'Allemagne, par le P. Barre, chanoine régulier de sainte Geneviève ... Tome 1. [-10.! Editions Beauchesne

This book offers a novel perspective on one of the most important monuments of French Gothic architecture, the Sainte-Chapelle, constructed in Paris by King Louis IX of France between 1239 and 1248 especially to hold and to celebrate Christ's Crown of Thorns. Meredith Cohen argues that the chapel's architecture, decoration, and use conveyed the notion of sacral kingship to its audience in Paris and in greater Europe, thereby implicitly elevating the French king to the level of suzerain, and establishing an early visual precedent for the political theories of royal sovereignty and French absolutism. By setting the chapel within its broader urban and royal contexts, this book offers new insight into royal representation and the rise of Paris as a political and cultural capital in the thirteenth century.

Thinking of the text from the Dies frae (S. Matthew, XXV, 40). It is also probable that this other Saint Francis, partly out of admiration for his illustrious compatriot of Assisi and partly from a compelling urge to be superlative in all things, chose the title in opposition to the Franciscans, the Fratres Minori, I who had previously adopted this style taken from Saint Matthew, XXIII, 8. The title "Minim" was confirmed in these words" ... eosque Eremitos Ordinis Minimorum Fratrum Eremitarum F. Francesci de Paula in posterum nuncupari," taken from the Papal Bull, Meritis religiosae vitae, of 26 February, 1493. The earliest reference to the Order in France is in a fragment preserved in the Bibliotheque de l'Arsenal called, La regle et vie de Frere Franfois, pauvre et humble hermite de Paule, laquelle donne a tous ses 2 freres voulant entrer et vivre en son ordre. The dating of this manuscript should be accepted with considerable reserve; it bears a clearly legible "1474," although it seems most unlikely that any reference to an Order occurred before the Bull of 1493 or that any Rule appeared in French before the Founder's visit to Louis XI in 1483. 3 The fame of Francis and his reputation as a "guerisseur" had reached the French court where Louis XI was sick and dying; the

King summoned him to the chateau of Le Plessis-les-Tours, but it required the intervention of the Pope to make the hermit undertake the journey
