The circumstances related in our last chapter fearfully aggravated the state of things which had now continued two years: a year after the unfortunate visit of Miss Heritage to London, and nearly ten months after the embarkation of Dr. Leroy for India. The breach between Mr. Trant Drury and Mr. Leonard Woodburn, as well as that between different members of the community, had steadily grown wider and more irrevocable. The irritation of Mr. Woodburn against Mr. Drury had become thus more deeply intensified. As to Mr. Drury himself, he would never seem to recognise any cause of offence between them. He would always accost Mr. Woodburn, when they met, in a somewhat

brusque manner, intended to be friendly, though he seldom obtained more than a "good day" from him, and a steady passing on. These occasions of cursory speech, in fact, generally added some fresh touch of irritation to Mr. Woodburn. He regarded this nonchalant and unabashed manner of Mr. Drury's, when he knew the many offences he had given him, as fresh offence, and proof of a hard and impudent character of mind. Yet, in truth, they were only the result of Mr. Drury's peculiar temperament, who meant no offence, but only the assertion of what, to him, were unimpeachable truths, that people ought to accept, and, sooner or later, must accept. To Mr. Woodburn, however, the position of Mr. Drury, as a man in much intercourse with the class of gentry round who were so antagonistic [Pg 3] to all the political views of himself and most highly esteemed friends, added a deeper feeling to his dislike...

But can they follow the ancient rituals of consumption? Is their unique cultural heritage worth preserving if it's this gross? And what about dietary requirements - one of them is vegan. Surely it can't be this hard to do the right thing? Mother for Dinner is a dark comedy about modern life and its many difficulties.

In these ten stories, Quentin S. Crisp takes us from the spectral purlieus of the ghost of a suicide, searching in vain for a mortal confidante ('Troubled Joe'), to the future melancholy of a world in the early stages of human immortality, where non-holographic reality is despised (Karakasa), and through a variety of intimately portrayed worlds, both familiar and fantastical, to a final cri de coeur in the form of the novelette 'Suicide Watch', in which, against the background of the doomed present age, one suicidal loser attempts to save another.

WINNER OF THE INTERNATIONAL BUSINESS BOOK AWARD 2019 From the million-copy bestselling author of *The 48 Laws of Power* Robert Greene is a master guide for millions of readers, distilling ancient wisdom and philosophy into essential texts for seekers of power, understanding and mastery. Now he turns to the most important subject of all - understanding people's drives and motivations, even when they are unconscious of them themselves. We are social animals. Our very lives depend on our relationships with people. Knowing why people do what they do is the most important tool we can possess, without which our other talents can only take us so far. Drawing from the ideas and examples of Pericles, Queen Elizabeth I, Martin Luther King Jr, and many others, Greene teaches us how to detach ourselves from our own emotions and master self-control, how to develop the empathy that leads to insight, how to look behind people's masks, and how to resist conformity to develop your singular sense of purpose. Whether at work, in relationships, or in shaping the world around you, *The Laws of Human Nature* offers brilliant tactics for success, self-improvement, and self-defence.

In *Author Under Sail: The Imagination of Jack London, 1902-1907*, Jay Williams explores Jack London's necessity to illustrate the inner workings of his vast imagination. In this second installment of a three-volume biography, Williams captures the life of a great writer expressed through his many creative works, such as *The Call of the Wild* and *White Fang*, as well as his first autobiographical memoir, *The Road*, some of his most significant contributions to the socialist cause, and notable uncompleted works. During this time, London became one of the most famous authors in America, perhaps even the author with the highest earnings, as he prepared to become an equally famous international writer. *Author Under Sail* documents London's life in both a biographical and writerly fashion, depicting the importance of his writing experiences as his career followed a trajectory similar to America's from 1876 to 1916. The underground forces of London's narratives were shaped by a changing capitalist society, media outlets, racial issues, increases in women's rights, and advancements in national power. Williams factors in these elements while exploring London's deeply conflicted relationship with his own authorial inner life. In London's work, the imagination is figured as a ghost or as a ghostlike presence, and the author's personas, who form a dense population among his characters, are portrayed as haunted or troubled in some way. Along with examining the functions and works of London's exhaustive imagination, Williams takes a critical look at London's ability to tell his stories to wide arrays of audiences, stitching incidents together into coherent wholes so they became part of a raconteur's repertoire. *Author Under Sail* provides a multidimensional examination of the life of a crucial American storyteller and essayist.

Beware the God Who Smiles Simon and Schuster

The great Austrian writer Stefan Zweig was a master anatomist of the deceitful heart, and *Impatience of the Heart*, the only novel he published during his lifetime, uncovers the seed of selfishness within even the finest of feelings. Hofmiller, an Austro-Hungarian cavalry officer stationed at the edge of the empire, is invited to a party at the home of a rich local landowner, a world away from the dreary routine of the barracks. The surroundings are glamorous, wine flows freely, and the exhilarated young Hofmiller asks his host's lovely daughter for a dance, only to discover that sickness has left her painfully crippled. It is a minor blunder that will destroy his life, as pity and guilt gradually implicate him in a well-meaning but tragically wrongheaded plot to restore the unhappy invalid to health.

WINNER OF THE 2010 WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE. Brian Moore, or 'Pitbull' as he came to be known during nearly a decade at the heart of the England rugby team's pack, established himself as one of the game's original hard men at a time when rugby was still an amateur sport. Since his retirement, he has earned a reputation as an equally uncompromising commentator, never afraid to tell it as he sees it and lash out at the money men and professionals that have made rugby into such a different beast. Yet, for all his bullishness on and off the pitch, there also appears a more unconventional, complicated side to the man. A solicitor by trade, Moore's love of fine wine, career experience as a manicurist and preference for reading Shakespeare in the dressing room before games, mark him out as anything but the stereotypical rugby player and in *Beware of the Dog* Moore lays open with astounding frankness the shocking events, both personal and professional, that have gone towards shaping him over the years. Presenting an unparalleled insight into the mind of one of British rugby's greatest players and characters, *Beware of the Dog* is a uniquely engaging and upfront sporting memoir, and a deserved winner of the William Hill Sports Book of the Year prize.
