Voyage pittoresque de la Flandre et du Brabant, avec des réflexions relativement aux arts & quelques gravures Goat Medicine

This book is the first full-length study of the art and writings of Jean Delville. As a member of the younger generation that emerged during the end of the nineteenth century, he was a dynamic leader of a group of avant-garde artists who sought to establish a new

school of Idealist Art in Belgium. He was one of the most talented painters of his generation, producing a vast body of works that, in both scale and technical accomplishment, is unsurpassed amongst his contemporaries. In his extensive writings in contemporary journals and books, he pursued a singular vision for the purpose of art to serve as a vehicle for social change, as well as to inspire individuals to be drawn to a higher, spiritual reality. Delvilles

thinking is heavily indebted to the hermetic and esoteric philosophy that was widely popular at the time, and his paintings, poetry and writings reformulate the main tenets of this tradition in a contemporary context. In this regard, his aesthetic and artistic goals are similar, if not identical, to those found in the writings and art of Kandinsky and Mondrian during the early twentieth century.

*The book of family crests*

Automne 1978, nord de la Californie. C'est l'ouverture de la chasse sur les deux cent cinquante hectares du ranch de Goat Mountain où un garçon de onze ans, son père, son grand-père et un ami de la famille se retrouvent comme chaque année pour chasser. À leur arrivée, les quatre hommes aperçoivent au loin un braconnier qu'ils observent à travers la lunette de leur fusil. Le père invite son fils à tenir l'arme et à venir regarder. Et l'irréparable se produit. De cet instant figé

découle l'éternité : les instincts primitifs se mesurent aux conséquences à vie, les croyances universelles se heurtent aux résonances des tragédies. Et le parcours initiatique du jeune garçon, abandonné à ses instincts sauvages, se poursuivra pendant plusieurs jours, entre chasse au gibier et chasse à l'homme. Soutenu par une prose poétique, précise et obsédante, Goat Mountain est le nouveau roman provocant et visionnaire d'un auteur au sommet de son art. Ce

livre ambitieux contient en son essence l'humanité tout entière. *A descriptive catalogue of a general collection* Éditions Gallmeister

How can a nation associated with the Declaration of the Rights of Man serve as the context for a successful populist party of the far right? This book explains how, since the late 1950s, French institutions have provided the Front National with ways in which to permeate national politics.
