Dear Parents, The
language is a basic

characteristic which constitutes one's own representation of who you are. Some children may feel that using English as a common language, it won't matter whether they learn Sanskrit or not. It happens that your child might just stop speaking sanskrit leading to identity change. Since a child's sanskrit language skills are lacking, they will not be able to interact well in sanskrit as they do in English. How can parents support their child's learning process? Here the solution is! This

book enables your kids to practice and learn letters, words in an interesting way. ★Content of the book★ For each letter there will be two pages ✓1st page has an outline of an Sanskrit vowel letter with the image that starting with that letter, name in Sanskrit, English with the phonics of Sanskrit name and image. The children can color the letter and images that are allocated for each letter. ✓2nd page is for practicing the letter. ✓This book has similar setup for all the vowels.

✓Last 4-5 pages contains all vowels in single paper with space for further practice. That looks like a great start right!!! Hope your kids will learn something useful in the meantime. Let us gift meaningful book as a gift to our kids. If you loved the book, we request you to take a moment to review it?. It helps in further progression for our future works. Carletta wrote a letter to Santa Claus. So did her classmates.

Unfortunately, after the fire-drill, Carletta's letter was missing. It could not be found. Carletta, the tallest third grader in the class, became upset, and stated that there were 'thieves' in the class.

From that moment on, her letter traveled surreptitiously and intentionally, from one 'thief' to another 'thief'. Mrs. Carter, Carletta's teacher, does her best, but she is helpless and without a clue as to how to recover the letter.
