This is a book about God. Not just any god, but the god that created Adam and Eve; the god of Abraham, the god of the Jews; the god of the Christians; and the god of Islam---without a doubt, the most influential figure in the history of human civilization. But what do we really know about him? Who is he? Where did he come from? What does he look like? What sort of character does he have? What, if anything, does he eat? Does he have a family? In what ways can he be said to even exist at all? Alexander Waugh has been asking questions like these for as long as he can remember. Now, having drawn from an enormous range of sources, from the sacred books of the Torah, the Christian New Testament, and the Islamic Qur'an, from the Greek Apocrypha and the ancient texts of Nag Hammadi to the Dead Sea Scrolls, he has sought out the answers. Using material gleaned from the diverse writings of saints, rabbis, historians, prophets, atheists, poets, and mystics, he has molded his findings into a singular, striking biographical portrait of God. Erudite, perceptive, and entertaining, God reveals many startling and unexpected characteristics of the divine being. From the simple stories of Genesis and Job, explored from God's own viewpoint, to the prophecies of Muhammad and Sybil and the intricate

philosophies of Newton and Nietzsche, Alexander Waugh has left no stone unturned in his compulsive mission to create a fascinating and complex portrait of God, as humans have claimed to understand him.

Candice Bergen's bestselling 1984 memoir: an "engaging, intelligent, and wittily self-deprecating autobiography" (The New York Times). Candice Bergen was born into the heady Hollywood of the 1950s, where "celebrity offspring" were celebrities unto themselves. And because she was the daughter of Edgar Bergen, vaudeville and radio's greatest dignitary/comedian, her "sibling" was Charlie McCarthy, the impudent dummy beloved of millions. Bergen—much as he loved his daughter—was a man who "kept his emotions pressed and neatly hung," and was more comfortable speaking to—and through—his brainchild who never had to grow up and leave the paradise that was childhood. Knock Wood is a book all about growing up—about the comedy of expectations that ruled Candice Bergen's early life, about the ironies that attended her exotic rites of passage. She stepped out into a world that offered her a wealth of options: adolescence in Swiss boarding schools; at nineteen, costarring opposite Steve McQueen in The Sand Pebbles; quick entry into the profession of photojournalism; automatic acceptance among the esteemed company of the moment—be it the international jet set, Bel Air in the 1960s, or the world that was radical politics in the 1970s. But always she carried the conviction that her gifts were untested, her luck unearned. Told with wit, self-deprecation, and a rare degree of courage, Knock Wood is the extraordinary record of Candice Bergen's coming of age. It is at once the moving fable of the love between a father and a daughter, of a woman's triumph over self-doubt, and a dazzling journal of America's life and times over the past four decades.

NEW YORK TIMES BESTSELLER • “A simply elegant memoir.”—Newsweek In this exquisitely written memoir, Mia Farrow takes us on a journey into her remarkable life. As the daughter of actress Maureen O’Sullivan and film director John Farrow, she lived what was by all appearances a charmed and privileged childhood. But below the surface, money troubles, marital tensions, drinking, and occasionally violence marred the Hollywood illusion. And when Mia was nine, she would be forever wrenched from childhood by the terrible isolation of a bout with polio. Her father’s death propelled her out into the world, where she embarked onto an acting career that included television, theater, and film—from her debut in *Peyton Place* to her first starring role in *Rosemary’s Baby*, and on to her thirteen films with Woody Allen. Here is a luminous memoir of childhood and motherhood, a thoughtful exploration of a spiritual journey, and a candid examination of her marriages to Frank Sinatra and André Previn and her close but troubled twelve-year relationship with Woody Allen. Told with grace and deep understanding, as well as humor, *What Falls Away* is an unforgettable book, an extraordinary record of an extraordinary life.

*The Dramatic Works of G. E. Lessing: Comedies* Simon and Schuster

The title that the authors have chosen for this book, *The Causes and Cures of Criminality*, suggests that it may be just another book speculating on the sociological evils that need to be put right for “everything in the garden to be lovely.” If this is the expectation, the reader could not be more mistaken. The recurrent theme, in fact, is a strong accent on psychological experiments. Both authors have tackled the theoretical and practical side of crime through an exhaustive literature review of past experimental work. Hans J. Eysenck has concentrated on the constitutional and biological theory of criminality, whereas Gisli Gudjonsson has concerned himself more with a review of ongoing research into therapy and possible prevention of antisocial behavior. Part I goes into considerable detail on the causes of criminality, stressing much of the strangely neglected area of individual differences in personality. Research studies point to a very heavy involvement of heredity in the causation of criminality, but the authors are careful to acknowledge that much can be done environmentally to discourage a life of crime once those persons who are at risk have been identified.

This spirited volume explores the history and diversity of improvisation in the cinema, including works by Jean Renoir, Jean-Luc Godard, and Nobuhiro Suwa. Gilles Mouëlic examines improvisational practices that can be specifically attributed to the cinema and argues in favor of their powers as instigators of unprecedented forms of expression. Improvising Cinema reflects both on the permanence of attempting improvisation and the relationship between technology and aesthetics. Mouëlic concludes preservation becomes even more invaluable in the case of improvisation, as the creative act exists only within the brief time span of the performance.

"Sagal takes you through the highs and lows of her life, from the tragic deaths of her parents to her long years in the Los Angeles rock scene, from being diagnosed with cancer at the age of twenty-eight to getting her big break on the fledgling FOX network as the wise-cracking Peggy Bundy on the beloved sitcom *Married with Children*. Stephanie Beacham is one of the leading actors of her generation. In the course of a career which spans over 40 years, the RADA trained actress has treaded the boards of some of the most prestigious theatres in the world from the National Theatre to Broadway, made countless appearances on television in much loved series such as *Tenko*, *Connie*, *Bad Girls* and *Coronation Street* and starred in feature films alongside some of the greatest actors of their time such as Marlon Brando and Ava Gardner. But it was in her incarnation as the smouldering super-bitch Sable Colby in the long-running blockbuster soap of eighties *Dynasty* that Stephanie will perhaps be best remembered. It was a role that would bring the celebrated beauty

both worldwide fame and awards and would earn her a fortune. But Stephanie’s life has not always been glamour and glitz – for all the highs, she has had her low moments too as she reveals in this extraordinarily candid but heart-warming memoir. Born with just 40% hearing the young Stephanie would have to overcome her deafness to face the world and make it in a profession where hearing meant everything. She would struggle as a young actress, would go through the pain and the heartache of a divorce, raise her children as a single-parent, as well as overcoming a health scare which nearly killed her in her mid-thirties. And it would be this near death experience that would send Stephanie on what she describes as a ‘spiritual adventure’ to arm her with both the tools and knowledge she believes she needed to propel her through the rest of her life.

Updated version of an engaging overview of the television situation comedy. This updated and expanded anthology offers an engaging overview of one of the oldest and most ubiquitous forms of television programming: the sitcom. Through an analysis of formulaic conventions, the contributors address critical identities such as race, gender, and sexuality, and overarching structures such as class and family. Organized by decade, chapters explore postwar domestic ideology and working-class masculinity in the 1950s, the competing messages of power and subordination in 1960s magicoms, liberated women and gender in 1970s workplace comedies and 1980s domestic comedies, liberal feminism in the 1990s, heteronormative narrative strategies in the 2000s, and unmasking myths of gender in the 2010s. From *I Love Lucy* and *The Honeymooners* to *Roseanne*, *Cybill*, and *Will & Grace* to *Transparent* and many others in between, *The Sitcom Reader* provides a comprehensive examination of this popular genre that will help readers think about the shows and themselves in new contexts.

"I'd gladly sell my soul to Satan for a year of freedom," cries impetuous Rosamond Vivian to her callous grandfather. Then, one stormy night, a brooding stranger appears in her remote island home, ready to take Rosamond to her word. Spellbound by the mysterious Philip Tempest, Rosamond is seduced with promises of love and freedom, then spirited away on Tempest's sumptuous yacht. But she soon finds herself trapped in a web of intrigue, cruelty, and deceit. Desperate to escape, she flees to Italy, France, and Germany, from Parisian garret to mental asylum, from convent to chateau, as Tempest stalks every step of the fiery beauty who has become his obsession. A story of dark love and passionate obsession that was considered "too sensational" to be published in the authors lifetime, *A Long Fatal Love Chase* was written for magazine serialization in 1866, two years before the publication of *Little Women*. Buried among Louisa May Alcott's papers for more than a century, its publication is a literary landmark—a novel that is bold, timeless, and mesmerizing."
