Hell's Kitchen and the
Battle for Urban Space
Seven Stories Press
Hell's Kitchen is among
Manhattan's most storied
and studied
neighborhoods. A
working-class district
situated next to the West
Side's middle- and upper-

class residential districts,
it has long attracted the
focus of artists and urban
planners, writers and
reformers. Now, Joseph
Varga takes us on a tour
of Hell's Kitchen with an
eye toward what we
usually take for granted:
space, and, particularly,
how urban spaces are
produced, controlled, and
contested by different
class and political forces.
Varga examines events

and locations in a crucial
period in the formation of
the Hell's Kitchen
neighborhood, the
Progressive Era, and
describes how reformers
sought to shape the
behavior and experiences
of its inhabitants by
manipulating the built
environment. But those
inhabitants had plans of
their own, and thus
ensued a struggle over
the very spaces—public

and private, commercial and personal—in which they lived. Varga insightfully considers the interactions between human actors, the built environment, and the natural landscape, and suggests how the production of and struggle over space influence what we think and how we live. In the process, he raises incisive questions about the meaning of community, citizenship, and democracy itself.

The Shame of the Cities is a book written by Lincoln Steffens. It accounts for the workings of corrupt political procedures in several major U.S. cities, along with a few attempts to fight against them.

Going All City McClelland & Stewart
A sweeping history of Los Angeles told through the lens of the many marginalized groups—from hobos to taggers—that have used the city's walls as a channel for

communication Graffiti written in storm drain tunnels, on neighborhood walls, and under bridges tells an underground and, until now, untold history of Los Angeles. Drawing on extensive research within the city's urban landscape, Susan A. Phillips traces the hidden language of marginalized groups over the past century—from the early twentieth-century markings of hobos, soldiers, and Japanese internees to the later inscriptions of surfers, cholos, and punks.

Whether describing daredevil kids, bored workers, or clandestine lovers, Phillips profiles the experiences of people who remain underrepresented in conventional histories, revealing the powerful role of graffiti as a venue for cultural expression. Graffiti aficionados might be surprised to learn that the earliest documented graffiti bubble letters appear not in 1970s New York but in 1920s Los Angeles. Or that the negative letterforms first carved at the turn of the

century are still spray painted on walls today. With discussions of characters like Leon Ray Livingston (a.k.a. “A-No. 1”), credited with consolidating the entire system of hobo communication in the 1910s, and Kathy Zuckerman, better known as the surf icon “Gidget,” this lavishly illustrated book tells stories of small moments that collectively build into broad statements about power, memory, landscape, and history itself. **House of Earth and**

Blood Faber & Faber
The #1 New York Times bestselling WORLDWIDE phenomenon Winner of the Goodreads Choice Award for Fiction | A Good Morning America Book Club Pick | Independent (London) Ten Best Books of the Year "A feel-good book guaranteed to lift your spirits."—The Washington Post The dazzling reader-favorite about the choices that go into a life well lived, from the acclaimed author of How To Stop Time and The Comfort Book. Somewhere out beyond

the edge of the universe there is a library that contains an infinite number of books, each one the story of another reality. One tells the story of your life as it is, along with another book for the other life you could have lived if you had made a different choice at any point in your life. While we all wonder how our lives might have been, what if you had the chance to go to the library and see for yourself? Would any of these other lives truly be better? In *The Midnight Library*, Matt

Haig's enchanting blockbuster novel, Nora Seed finds herself faced with this decision. Faced with the possibility of changing her life for a new one, following a different career, undoing old breakups, realizing her dreams of becoming a glaciologist; she must search within herself as she travels through the *Midnight Library* to decide what is truly fulfilling in life, and what makes it worth living in the first place. *Conflict Graffiti* John Wiley & Sons

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his

writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance

of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times [All City](#) Hachette UK
The inspiring, true coming-of-age story of a ferociously determined young man who, armed only with his intellect and his willpower, fights his way out of despair. In

1993, Cedric Jennings was a bright and ferociously determined honor student at Ballou, a high school in one of Washington D.C.'s most dangerous neighborhoods, where the dropout rate was well into double digits and just 80 students out of more than 1,350 boasted an average of B or better. At Ballou, Cedric had almost no friends. He ate lunch in a classroom most days, plowing through the extra work he asked for, knowing that he was really competing with kids from other, harder

schools. Cedric Jennings's driving ambition—which was fully supported by his forceful mother—was to attend a top college. In September 1995, after years of near superhuman dedication, he realized that ambition when he began as a freshman at Brown University. But he didn't leave his struggles behind. He found himself unprepared for college: he struggled to master classwork and fit in with the white upper-class students. Having traveled too far to turn back, Cedric was left to rely on

his intelligence and his determination to maintain hope in the unseen—a future of acceptance and reward. In this updated edition, *A Hope in the Unseen* chronicles Cedric's odyssey during his last two years of high school, follows him through his difficult first year at Brown, and tells the story of his subsequent successes in college and the world of work. Eye-opening, sometimes humorous, and often deeply moving, *A Hope in the Unseen* weaves a crucial new

thread into the rich and ongoing narrative of the American experience. *A Hope in the Unseen* Simon and Schuster Moving to New York to pursue creative ambitions, four former classmates share decades marked by love, loss, addiction, and haunting elements from a brutal childhood.

Yes to the City Random House
Green Gentrification looks at the social consequences of urban "greening" from an environmental justice and

sustainable development perspective. Through a comparative examination of five cases of urban greening in Brooklyn, New York, it demonstrates that such initiatives, while positive for the environment, tend to increase inequality and thus undermine the social pillar of sustainable development. Although greening is ostensibly intended to improve environmental conditions in neighborhoods, it generates green gentrification that pushes out the working-class, and

people of color, and attracts white, wealthier in-migrants. Simply put, urban greening "richens and whitens," remaking the city for the sustainability class. Without equity-oriented public policy intervention, urban greening is negatively redistributive in global cities. This book argues that environmental injustice outcomes are not inevitable. Early public policy interventions aimed at neighborhood stabilization can create more just sustainability

outcomes. It highlights the negative social consequences of green growth coalition efforts to green the global city, and suggests policy choices to address them. The book applies the lessons learned from green gentrification in Brooklyn to urban greening initiatives globally. It offers comparison with other greening global cities. This is a timely and original book for all those studying environmental justice, urban planning, environmental sociology, and sustainable

development as well as urban environmental activists, city planners and policy makers interested in issues of urban greening and gentrification.

Never Let Me Go Crown
 “We could have been called a lot of things: brazen vandals, scared kids, threats to social order, self-obsessed egomaniacs, marginalized youth, outsider artists, trend setters, and thrill seekers. But, to me, we were just regular kids growing up hard in America and making the

city our own. Being ‘writers’ gave us something to live for and ‘going all city’ gave us something to strive for; and for some of my friends it was something to die for.” In the age of commissioned wall murals and trendy street art, it’s easy to forget graffiti’s complicated and often violent past in the United States. Though graffiti has become one of the most influential art forms of the twenty-first century, cities across the United States waged a war against it from the late 1970s to the

early 2000s, complete with brutal police task forces. Who were the vilified taggers they targeted? Teenagers, usually, from low-income neighborhoods with little to their names except a few spray cans and a desperate need to be seen—to mark their presence on city walls and buildings even as their cities turned a blind eye to them. Going All City is the mesmerizing and painful story of these young graffiti writers, told by one of their own. Prolific LA writer Stefano

Bloch came of age in the late 1990s amid constant violence, poverty, and vulnerability. He recounts vicious interactions with police; debating whether to take friends with gunshot wounds to the hospital; coping with his mother's heroin addiction; instability and homelessness; and his dread that his stepfather would get out of jail and tip his unstable life into full-blown chaos. But he also recalls moments of peace and exhilaration: marking a fresh tag; the thrill of running with his

crew at night; exploring the secret landscape of LA; the dream and success of going all city. Bloch holds nothing back in this fierce, poignant memoir. Going All City is an unflinching portrait of a deeply maligned subculture and an unforgettable account of what writing on city walls means to the most vulnerable people living within them.

 'Brilliantly executed.'
 MARGARET ATWOOD 'A page-turner and a heartbreaker.'
 TIME 'Masterly.'
 SUNDAY TIMES One of the most acclaimed novels of the 21st Century, from the Nobel Prize-winning author Kazuo Ishiguro imagines the lives of a group of students growing up in a darkly skewed version of contemporary England. Narrated by Kathy, now thirty-one, Never Let Me Go dramatises her attempts

to come to terms with her childhood at the seemingly idyllic Hailsham School and with the fate that has always awaited her and her closest friends in the wider world. A story of love, friendship and memory, *Never Let Me Go* is charged throughout with a sense of the fragility of life. 'Exquisite.' *GUARDIAN* 'A feat of imaginative sympathy.' *NEW YORK TIMES* What readers are saying: 'A book I will return to again and again, and one that keeps me thinking even after

finishing it.' 'I loved it, every single word of it.' 'It took me wholly by surprise.' 'Utterly beautiful.' 'Essentially perfect.'

To Stand and Fight

HarperCollins UK

'An irresistible page-turner that reads like the most compelling, sleep defying fiction' *TIME OUT* One was an architect. The other a serial killer. This is the incredible story of these two men and their realization of the Chicago World's Fair of 1893, and its amazing 'White City'; one of the wonders of the

world. The architect was Daniel H. Burnham, the driving force behind the White City, the massive, visionary landscape of white buildings set in a wonderland of canals and gardens. The killer was H. H. Holmes, a handsome doctor with striking blue eyes. He used the attraction of the great fair - and his own devilish charms - to lure scores of young women to their deaths. While Burnham overcame politics, infighting, personality clashes and Chicago's infamous weather to

transform the swamps of Jackson Park into the greatest show on Earth, Holmes built his own edifice just west of the fairground. He called it the World's Fair Hotel. In reality it was a torture palace, a gas chamber, a crematorium. These two disparate but driven men are brought to life in this mesmerizing, murderous tale of the legendary Fair that transformed America and set it on course for the twentieth century . . . *LA Graffiti Black Book* Columbia University Press Alt-Right Gangs provides

a timely and necessary discussion of youth-oriented groups within the white power movement. Focusing on how these groups fit into the current research on street gangs, Shannon E. Reid and Matthew Valasik catalog the myths and realities around alt-right gangs and their members; illustrate how they use music, social media, space, and violence; and document the risk factors for joining an alt-right gang, as well as the mechanisms for leaving. By presenting a way to

understand the growth, influence, and everyday operations of these groups, Alt-Right Gangs informs students, researchers, law enforcement members, and policy makers on this complex subject. Most significantly, the authors offer an extensively evaluated set of prevention and intervention strategies that can be incorporated into existing anti-gang initiatives. With a clear, coherent point of view, this book offers a contemporary synthesis

that will appeal to students and scholars alike.

Going All City Routledge

The story of the civil rights movement typically begins with the Montgomery bus boycott of 1955 and culminates with the 1965 voting rights struggle in Selma. But as Martha Biondi shows, a grassroots struggle for racial equality in the urban North began a full ten years before the rise of the movement in the South. This story is an essential first chapter, not only to the southern

movement that followed, but to the riots that erupted in northern and western cities just as the civil rights movement was achieving major victories. Biondi tells the story of African Americans who mobilized to make the war against fascism a launching pad for a postwar struggle against white supremacy at home. Rather than seeking integration in the abstract, black New Yorkers demanded first-class citizenship--jobs for all, affordable housing, protection from police

violence, access to higher education, and political representation. This powerful local push for economic and political equality met broad resistance, yet managed to win several landmark laws barring discrimination and segregation. To Stand and Fight demonstrates how black New Yorkers launched the modern civil rights struggle and left a rich legacy.  Reviews of this book:
 Historians have
 thoroughly documented

the experiences of those
 African Americans who
 lived in the South and
 worked to repeal Jim Crow
 laws. However, in this
 work, Biondi explores
 what she calls 'the
 struggle for Negro rights'
 in New York City, an
 exploration resulting in a
 stark reminder of the daily
 challenges facing blacks
 who lived in northern
 cities...With its detailed
 discussions of the
 American Labor Party, the
 Communist Party, Black
 Nationalism, Adam
 Clayton Powell Jr., W. E. B.
 Dubois, Roy Wilkins, and,

especially, Paul Robeson,
 this work should be
 required reading for all
 historians interested in
 the post-WW II experience
 of African Americans in
 the urban North. --T. D.
 Beal, Choice Reviews of
 this book: In this
 meticulously researched
 monograph, Biondi
 reminds the reader that
 the struggle for black civil
 rights was waged in the
 North before it was joined
 in the South. She
 documents the fight
 against racial
 discrimination in hiring,
 police brutality, housing

segregation, lack of political representation, and inadequate schools in New York City between 1946 and 1954...Biondi's writing is crisp and direct. She introduces the reader to a host of activists whose efforts deserve to be remembered. Unfortunately, most of the causes they championed remain with us today. -- Paul T. Murray, MultiCultural Review With stunning research and powerful arguments, Martha Biondi charts a new direction in civil rights history - the

northern side of the black freedom struggle. Biondi presents postwar New York as a battleground, no less than the Jim Crow South, for the fight against police brutality and discrimination in employment, housing, retail stores, and places of amusement. Men and women, trade unionists and religious leaders, integrationists and separatists, liberals and the Left come together in this pathbreaking study of America's largest and most cosmopolitan city. -- Evelyn Brooks

Higginbotham,, editor-in-chief of The Harvard Guide to African-American History To Stand and Fight brilliantly re-writes the history of postwar social movements in New York City. Martha Biondi has not only extended our view of the civil rights movement to the urban North, but she places the movement squarely within an international framework. She redefines the movement, focusing on the specific struggles that mattered: jobs, welfare, housing, police misconduct, political

representation, and black people's ongoing battle for independence in the colonies. *To Stand and Fight* will stand out as a major contribution to an already burgeoning field of civil rights studies. -- Robin D. G. Kelley, author of *Freedom Dreams: The Black Radical Imagination* *To Stand and Fight* establishes that New York was as important a battleground for racial equality as Montgomery or Birmingham. Martha Biondi has done a great service by uncovering the rich and largely forgotten

history of New York's role in the African American freedom struggle. -- Thomas J. Sugrue, author of *The Origins of the Urban Crisis: Race and Inequality in Postwar Detroit* *The Lonely City* Renard Press Ltd #1 NEW YORK TIMES BESTSELLER • From the author of *Killers of the Flower Moon* comes a masterpiece of narrative nonfiction that unravels the greatest exploration mystery of the twentieth century—the story of the legendary British explorer

who ventured into the Amazon jungle in search of a fabled civilization and never returned. “Suspenseful...rollicking.” —The New York Times In 1925, Percy Fawcett went into the Amazon jungle, in search of a fabled civilization. He never returned. Over the years countless perished trying to find evidence of his party and the place he called “The Lost City of Z.” In this masterpiece, journalist David Grann interweaves the spellbinding stories of Fawcett’s quest for “Z”

and his own journey into the deadly jungle. Look for David Grann's new book, *The Wager*, coming in April 2023!

TEMPTED BY DESIRE. UNLEASHED BY DESTINY.

Bryce Quinlan loves her life. Every night is a party, and Bryce is going to savour all the pleasures Lunathion – also known as Crescent City – has to offer. But when a brutal murder shakes the very foundations of the city,

Bryce's world comes crashing down. Two years later, Bryce still haunts the city's most notorious nightclubs – but seeking only oblivion now. Then the murderer attacks again. And when an infamous Fallen angel, Hunt Athalar, is assigned to watch her every footstep, Bryce knows she can't forget any longer. As Bryce and Hunt fight to unravel the mystery and their own dark pasts, the threads they tug ripple through the underbelly of the city, across warring continents and down to

the deepest levels of Hel, where things that have been sleeping for millennia are beginning to stir ... Perfect for fans of Jessica Jones and True Blood, this is a blockbuster modern fantasy set in a divided world where one woman must uncover the truth to seek her revenge. With unforgettable characters and page-turning suspense, this richly inventive new fantasy series by #1 New York Times bestselling author Sarah J. Maas delves into the heartache of loss, the

price of freedom – and the power of love.

A Little Life Getty Publications

From the founding of New Amsterdam until today, working people have helped create and re-create the City of New York through their struggles. Starting with artisans and slaves in colonial New York and ranging all the way to twenty-first-century gig-economy workers, this book tells the story of New York’s labor history anew. *City of Workers, City of Struggle* brings

together essays by leading historians of New York and a wealth of illustrations, offering rich descriptions of work, daily life, and political struggle. It recounts how workers have developed formal and informal groups not only to advance their own interests but also to pursue a vision of what the city should be like and whom it should be for. The book goes beyond the largely white, male wage workers in mainstream labor organizations who have dominated the history of labor

movements to look at enslaved people, indentured servants, domestic workers, sex workers, day laborers, and others who have had to fight not only their masters and employers but also labor groups that often excluded them. Through their stories—how they fought for inclusion or developed their own ways to advance—it recenters labor history for contemporary struggles. *City of Workers, City of Struggle* offers the definitive account of the

four-hundred-year history of efforts by New York workers to improve their lives and their communities. In association with the exhibition *City of Workers, City of Struggle: How Labor Movements Changed New York at the Museum of the City of New York*
