Written by two experts in the field, Business Law provides practical, up-to-date coverage of company, partnership, taxation, and insolvency law, plus all relevant aspects of EU law. The manual provides all of the relevant material students

need to understand the latest legal developments affecting business law transactions. Coverage of the Companies Act 2006 is fully integrated and given prominence, mirroring the emphasis that business law courses place on this central piece of legislation. Additional emphasis has been placed on taxation and business accounts. Examples are used throughout the manual enabling students to contextualise their learning effectively. Extensive and updated statutory references allow

students both to cross-reference to appropriate primary sources, and to use the guide to interpret such sources. The book's depth of coverage, accessible format and clear structure make it an ideal reference for students on the Legal Practice Course. Online Resource Centre A free Online Resource Centre provides a range of Student Learning Activities which guide students through scenarios based on topics in the book. Three additional online chapters

are also available covering: - Competition law in the European Union and the United Kingdom. - The right of establishment, the right to provide services, and the free movement of goods. - Business contracts - agency or distributorship agreements.

An accounting study guide with questions, and answers is a helpful tool for anyone that is taking an an accounting class. An accounting course

book covers topics extensively. With the study guide the person can take the quizzes, and check their answers. The study guide shows which answer is correct. Some

study guide books will explain why the other answers is close, but not correct. Once the person takes the quiz on a specific topic. They will

find out where their weakness is, and what areas they have to study. The book will help them prepare for class exams, and any professional exams they may take.
