OROZCO COOK

Integrated Math, Course 3, Student Edition Hmh Integrated Math 1

Includes: Print Student Edition

Cognitive Tutor Integrated Math I Software Manual
McGraw-Hill Education

"Integrate Math III is the final course in the three-course Integrated Math series. With this course, students further explore quadratic functions and extend learning to polynomial functions. Students extend their understanding of arithmetic and geometric sequences to series, and their knowledge of trigonometric ratios to trigonometric functions. Additionally, students explore distributions of data, confidence intervals, and statistical significance." -- publisher

Integrated Math I McGraw-Hill Education

Includes: Print Student Edition
