San Diego Magazine

San Diego in the 1930s offers a lively account of the city's culture, roadside attractions, and history—from the days of the Spanish missions to the pre-Second World War boom. The guide is revealing both in the opinions it embodies and in the juicy details it records—tidbits such as the bloodiest and most incompetently fought battle of the Mexican-American War, Emma Goldman's abruptly terminated speech to local Wobblies in 1912, and even a delightfully anachronistic way to beat a San Diego speeding ticket.

Brimming with tours that can prove challenging to retrace, this book reminds us of the changes wrought by seven decades of intervening war, peace, and biotechnology. Unlatching a remarkable trapdoor into the past, this compact and charming document of the Depression era invites repeated browsing and is generously illustrated with striking black-and-white photographs that bring the period to life.

San Diego Legends

The San Diego Police Department dates to 1889, when out-of-control crime forced the end of the highly ineffective city marshal's office. With violence on every corner and

Tombstone's venerable Wyatt Earp running the marshals' gambling interests, change was desperately needed. But the first days of the SDPD weren't easy. Within two years of its formation, the city's economy tanked, 36,000 of the town's 40,000 citizens left, and the department's newly appointed chief refused to take the job. Still, San Diego eventually developed into one of the nation's largest cities and most popular tourist destinations. Today more than 2,000 highly trained sworn SDPD officers, 700 support staff, and more than 1,000 volunteers form one of the world's most innovative and internationally recognized police forces.
