Since its first edition in 1988, Italian Wines has played a major role in Italy's wine market as both professionals and wine enthusiasts have learned to trust its evaluations. The 2000 edition was a best-selling wine title and a complete sell-out. Italian Wines 2001 surveys the panorama of quality wine production in Italy. Expanded to 696 pages, this volume reviews and evaluates over 11,000 wines and 1,600 wineries. After months of blind tastings, prize-winning wines were selected and indicated with a symbol that has become synonymous with quality: three glasses, tre bicchieri. [Tra il regno di Tunisi e la Riviera Ligure di Ponente alla fine del Duecento](#) G.R.H. S.p.A. During 1997, after months of blind tastings, 117 prize-winning wines were selected and indicated with a symbol that has become synonymous with quality: three glasses, tre bicchieri. This year, the Tuscany and Piedmont regions garnered the largest number of three glasses rewards, with 29 and 26 labels respectively.

«Io credo questo: le fiabe sono vere. Sono, prese tutte insieme, nella loro sempre ripetuta e sempre varia casistica di vicende umane, una spiegazione generale della vita, nata in tempi remoti e serbata nel lento ruminio delle coscienze contadine fino a noi; sono il catalogo dei destini che possono darsi a un uomo e a una donna, soprattutto per la parte di vita che appunto è il farsi d'un destino: la giovinezza, dalla nascita che sovente porta in sé un auspicio o una condanna, al distacco dalla casa, alle prove per diventare adulto e poi maturo, per confermarsi come essere umano. E in questo sommario disegno, tutto.» Italo Calvino

Italy's Native Wine Grape Terroirs is the definitive reference book on the myriad crus and the grand cru wine production areas of Italy's native wine grapes. Ian D'Agata's approach to discussing wine, both scientific and discursive, provides an easy-to-read, enjoyable guide to Italy's best terroirs. Descriptions are enriched with geologic data, biotype and clonal information, producer anecdotes and interviews, and facts and figures compiled over fifteen years of research devoted to wine terroirs. In-depth analysis is provided for the terroirs that produce both the well-known wines (Barolo, Chianti Classico, Brunello di Montalcino) and those not as well-known (Grignolino d'Asti, Friuli Colli Orientali Picolit, Ischia). Everyday wine lovers, beginners, and professionals alike will find this new book to be the perfect complement to D'Agata's previous award-winning Native Wine Grapes of Italy.

This book introduces readers to the concept and implementation of positioning techniques in the context of the wine industry. Featuring 30 case studies on brands and wine regions around the world - all based on the same principles - it presents a successful, cutting-edge strategy for the marketing of wine. Rather than focusing on a small group of elitist appellations, the Grand Crus universe and a handful of star brands, the book addresses the real, day-to-day wine world. In light of globalization, it introduces state-of-the-art wine positioning techniques, with an emphasis on the identity,

segmentation and positioning of wine appellations and wine brands. In its analysis of wine appellation models, the book examines local parameters like geology, history and wine growing techniques; compares facts, figures and actors; analyzes the signals that are being sent to the market and presents a range of key factors for success. Similarly, the wine brands models are analyzed on the basis of their respective brand identity and apparent marketing policy. In the book's final part, it summarizes recent developments in wine marketing, including the growing importance of wine brands as new territories in the global vineyard, and the role of appellations as the essence of cultural diversity.
