For decades, Screen
World has been the
film professional's, as
well as the film buff's,
favorite and

indispensable annual
screen resource, full of
all the necessary
statistics and facts.
Now Screen World
editor Barry Monush
has compiled another
comprehensive work
for every film lover's
library. In the first of
two volumes, this book
chronicles the careers
of every significant film
actor, from the earliest

silent screen stars – Chaplin, Pickford, Fairbanks – to the mid-1960s, when the old studio and star systems came crashing down. Each listing includes: a brief biography, photos from the famed Screen World archives, with many rare shots; vital statistics; a comprehensive filmography; and an informed, entertaining assessment of each actor's contributions – good or bad! In addition to every major player, Monush includes the legions of unjustly neglected troupers of yesteryear. The result is a rarity: an invaluable reference tool that's as much fun to read as a scandal sheet. It pulsates with all the scandal, glamour, oddity and glory that was the

lifeblood of its subjects. Contains over 1 000 photos!

Mervyn Le Roy: Take One Santa Monica Press

Many studies focus on film in Africa. Few, however, study cinema as a leisure activity: one that has influenced several generations and opened up spaces to dream, discuss or contest. Movie theatres offered a break from the daily routine, as places of escape and of education. Cinema was also potentially subversive, offering an alternative to colonial discourse. Tropical Dream Palaces seeks to trace this history in a West African context: of broadening horizons on the one hand, and of censorship and control on the other. It fills a historiographic void, following

cinema's arrival in the region in the early twentieth century up until the Independence era, and also looking further afield to Central Africa and its different models. Goerg addresses questions of film distribution in colonial times; of screening venues, their implantation, spread and different categories; while also focusing on audiences, their gender or age; the acquisition of a film culture; and the impact of screening foreign images. Her book draws on extremely varied sources to paint a broad picture of this cinematographic landscape: archives, the accounts of African and European spectators or administrators, novels, autobiographies, the local press, interviews

and iconography.

The \$11 Billion Year

e-artnow sro
From watching his colleague get shot in the testicles by a jealous producer to running Hollywood's most successful television studio, Harris Katleman had a front row seat in the development of the television industry. Destined to become a classic account of the business side of entertainment, this book shares what really happened in the early careers of Hollywood stars and the development of iconic programs. Through a number of hilarious accounts, Harris Katleman shares his journey from office boy to talent agent to television producer, and finally to studio head at both MGM and

20th Century Fox. Along the way, we meet industry giants including Rupert Murdoch, Bob Iger, Barry Diller, Marvin Davis, Kirk Kerkorian, Mark Goodson, and Lew Wasserman. This goes beyond the story of a life in Hollywood. It is the story of crucial developments—how motion picture film libraries were opened for television licensing, how *The Simpsons* was birthed, and much more. It is also a collection of vital life lessons for anyone aspiring to establish a career in Hollywood. The names are so famous and the stories so lively that this book reads like it was written about today's Hollywood.

Paul Hollywood is

Britain's favourite master baker. His new book is all about bread - how to make it and how to use it. But while it's all very well making a lovely loaf of bread, can you guarantee that it won't be wasted? You know those times when you have a lovely crusty loaf, fresh from the oven, and you have a horrible feeling that after the initial excitement is over, half of it's going to get pushed aside and not eaten...? Well, maybe it's time to bring bread back into mealtimes for real. Not only does Paul teach you exactly how to make a variety of breads, but for each one there is a spin-off recipe that shows you how to make a fantastic meal of it. The book has six chapters, each with five bread recipes -

plus the spin-off recipes for main courses. Not only are Paul's recipes delicious but they are also foolproof, with comprehensive step-by-step photographs. Try your hand at a basic white bloomer, which can become a savoury picnic loaf; stilton and bacon rolls, which are excellent served with celery soup; fluffy crumpets, which become the base for eggs Benedict; flatbreads, which are a natural pairing with chickpea masala; ciabatta, which the Italians have traditionally used as a base for tomatoey panzanella; pizza bases, which can become home-made fig, Parma ham and Gorgonzola pizzas; or white chocolate and raspberry bread, which

makes for the best summer pudding you've ever tasted. Tying in with the BBC2 television series, Paul Hollywood's Bread is all that you could want from a book and more. Get baking!

The Best of MGM

John Wiley & Sons
M-G-M: Hollywood's Greatest Backlot is the illustrated history of the soundstages and outdoor sets where Metro-Goldwyn-Mayer produced many of the world's most famous films. During its Golden Age, the studio employed the likes of Garbo, Astaire, and Gable, and produced innumerable iconic pieces of cinema such as The Wizard of Oz, Singin' in the Rain, and Ben-Hur. It is estimated that a fifth of all films made in the United States prior to

the 1970s were shot at MGM studios, meaning that the gigantic property was responsible for hundreds of iconic sets and stages, often utilizing and transforming minimal spaces and previously used props, to create some of the most recognizable and identifiable landscapes of modern movie culture. All of this happened behind closed doors, the backlot shut off from the public in a veil of secrecy and movie magic. M-G-M: Hollywood's Greatest Backlot highlights this fascinating film treasure by recounting the history, popularity, and success of the MGM company through a tour of its physical property. Featuring the candid, exclusive

voices and photographs from the people who worked there, and including hundreds of rare and unpublished photographs (including many from the archives of Warner Bros.), readers are launched aboard a fun and entertaining virtual tour of Hollywood's most famous and mysterious motion picture studio.

The Mystery of Les Grossman Columbia University Press

This collection of new essays is a comprehensive introduction to the concerns and styles which characterise contemporary popular French film.

Billboard Samuel French

From 1934 to 1954

Joseph I. Breen, a media-savvy Victorian

Irishman, reigned over the Production Code Administration, the Hollywood office tasked with censoring the American screen. Though little known outside the ranks of the studio system, this former journalist and public relations agent was one of the most powerful men in the motion picture industry. As enforcer of the puritanical Production Code, Breen dictated "final cut" over more movies than anyone in the history of American cinema. His editorial decisions profoundly influenced the images and values projected by Hollywood during the Great Depression, World War II, and the Cold War. Cultural historian Thomas Doherty tells the absorbing story of Breen's ascent to

power and the widespread effects of his reign. Breen vetted story lines, blue-penciled dialogue, and excised footage (a process that came to be known as "Breening") to fit the demands of his strict moral framework. Empowered by industry insiders and millions of like-minded Catholics who supported his missionary zeal, Breen strove to protect innocent souls from the temptations beckoning from the motion picture screen. There were few elements of cinematic production beyond Breen's reach he oversaw the editing of A-list feature films, low-budget B movies, short subjects, previews of coming attractions, and even cartoons. Populated by

a colorful cast of characters, including Catholic priests, Jewish moguls, visionary auteurs, hardnosed journalists, and bluenose agitators, Doherty's insightful, behind-the-scenes portrait brings a tumultuous era and an individual both feared and admired to vivid life.

Les Misérables Perigee Trade

The back cover picture of the historic poster of the Led Zeppelin - Who concert, is agreed among many as being "the best concert ever," (originals currently selling for big bucks) is just one example of why copies of this proof edition will, no doubt, be a valued collectible as well..Imagine yourself watching a movie and the next thing you

know, not only do you see yourself on the big screen in a cameo role of a very popular movie, but you are being played by one of the biggest stars in the history of Hollywood! Then a couple of years later, after you forgot all about this cameo role and thought everybody else did too, you see this star dressed up as your clone again with your name and complete persona, dancing with Jennifer Lopez to music by Ludacris! Hold on, as great as you look, you can't help but ask yourself, why isn't that you for real dancing with J Lo? Then you go online, to find out that not only does your name bring millions of results, but an entire industry is being built around you! For openers, Paramount

Films had "committed" to producer Ben Stiller, \$100,000,000 to make the Les Grossman movie. In addition, via Tom Cruise of course, who according to your Internet sources, has "made you his alter ego" you are now involved with the production of a long list of projects totaling into the billions! Fantastic huh? But one hitch: so far no one has offered you a dollar! What do you do? After a couple more years of the "Hollywood" people claiming you are made up, you decide to establish your brand and tell the World your side of the story! This book does exactly that, including the credit of producing in real time, "the best concert ever" at the amazing age of 21, to documenting both direct and indirect

ties to all the people responsible for Mr. Cruise's character and "alter ego" Les Grossman! You will read the life story of the real Les Grossman, including characters he just about develops in 3D form all be it print. ***Les, am not sure what this sentence is trying to relay?!? *** This includes his Mom, who he went into the concert business with, and the exact conversation when she had the unpleasant task of telling him his beloved Father had passed on. Also included are many of the extremely talented musicians, singers, songwriters, producers, etc. he worked with and many others he traveled with. You will be motivated in knowing there are no "life struggles" that can

keep you from celebrating life as long as you don't let them. The bottom line, like they say in boardrooms across the globe, is the next person to read this book who is not unquestionably certain that the Tom Cruise character "Les Grossman" is NOT based on the real Les Grossman--will be the first! Do you hear that Paramount? Essentially join the real Les Grossman while he is the first American person in the music business to hear Led Zeppelin, as he produced a FM radio station when FM effective meant find me, when he opens the first Georgetown organic grocery store where the smoothie was invented, help create the first band to combine rock and

country music, associate produced the first David Lynch movies along with an early martin Scorsese movie, fights with rock stars including Country Joe, Buddy Miles, Neil Young, Cheap Tick's manager, David Crosby and others, his poker playing days, his wild live saving 18 month Jamaican sabbatical when you had to be in Jamaica to hear Reggae, his witnessing of World changing events and most important of course his setting the record straight. The facts are the facts!!

Les Misérables and Its Afterlives Harper Collins

Her Again is an intimate look at the artistic coming-of-age of the greatest actress of her generation, from the homecoming float

at her suburban New Jersey high school to her star-making roles in *The Deer Hunter*, *Manhattan*, and *Kramer vs. Kramer*. The book charts Meryl Streep's heady rise to stardom on the New York stage, her passionate, tragically short-lived love affair with fellow actor John Cazale, and her evolution as a young woman of the 1970s wrestling with changing ideas of feminism, marriage, love, and sacrifice. This is a captivating story of the making of one of the most revered artistic careers of our time, offering a rare glimpse into the life of the actress long before she became an icon.

The Negro Motorist

Green Book was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, *The Negro Motorist Green Book* stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th century.

Hollywood's Censor
Wallflower Press
From an Oscar-nominated screenwriter, “a wonderfully smooth, sinuous, enigmatic, and sexy tale of two love affairs” (Providence Journal) set in Amherst and illuminated by the presence of Emily Dickinson. Alice Dickinson, a young advertising executive in London, decides to take time off work to research her idea for a screenplay: the true story of the scandalous, adulterous love affair between Emily Dickinson’s married brother, Austin, and a young, Amherst College faculty wife named Mabel Loomis Todd. Austin, twenty-four years Mabel’s senior and the college

treasurer, lived next door to his reclusive sister, who allowed her home to be used for Austin and Mabel's trysts. Alice travels to Amherst, staying in the house of Nick Crocker, a married English academic in his fifties. As Alice researches Austin and Mabel's story and Emily's role in their affair, she embarks on her own affair with Nick, an affair that, of course, they both know echoes the one that she's writing about. Using the poems of Emily Dickinson throughout, historically accurate and meticulously recreated from their voluminous letters and diaries, "William Nicholson deftly weaves Mabel's story with Alice's, shedding light on the timeless longing, lust, and

loneliness of love" (People). Amherst is a provocative and remarkable novel: "The poetry and history go down easy, the lovers fall hard, and the tragic, treacherous terrain of romantic entanglement is well explored" (Elle). They Knew Marilyn Monroe Arcadia Publishing

Les Mis'rables, the

powerful story of Jean

Valjean's redemption,

is beloved by readers

and theatre goes

everywhere. Why?

Because Victor Hugo's

epic novel explores,

through Valjean's

heroic journey and

transformations, truths

and delusions about

politics, morality,

justice, religion, and

both romantic and

familial love. In this

invaluable companion

and guide to Hugo's masterpiece author John Morrison shares with Les Miz fans the spiritual depth and breadth of this classic novel and popular Broadway musical. . . . "I've just put down your manuscript. I had not gotten far into it before I knew that I was sitting at the feet of an excellent teacher, theologian, and literary and drama critic." . . . Thomas Howard, author of C. S. Lewis: Man of Letters. . . "This book conveys the deep spiritual meaning of a literary classic. Hugo's commentary on the social life and ills of 19th century France is timeless and becomes, through Morrison's work, a reflection on how we, the "miserable ones" of today, are called to plunge deeper into the realities of

God's presence and love for all." The Rev. Canon Denis C. Brunelle, Director of the George Mercer, Jr. Memorial School of Theology (M.A. Liturgy and Homiletics, M.A. Medieval Theatre History)
