Recently, however, screen printing has entered the mainstream and the equipment and tools have become more affordable and accessible. In this *Beginner's Guide to Screen Printing*, Erin Lacy shows you how to make your own screen using an embroidery hoop and silk fabric, and demonstrates how to create beautiful designs that are easy to achieve. Discover how to print onto different surfaces such as wood, cork and fabric, and create twelve stunning, coastal and botanical-themed projects through bright and colourful step-by-step photography.
