Alice was a caregiver for both of her grandparents and shortly after assumed primary care of her parents. It took a toll on her when they passed away. Overwhelmed with the grief from these consecutive painful life events she witnessed firsthand, poetry gave her freedom. The Beauty of My Heart is proof that Alice has used poetry as a medium to start over and take control of her life. This collection is carefully curated; Each page gives the reader a deeper look into her intimate thoughts and real life experiences. It examines relatable topics such as love and relationships, motherhood and caregiving and spiritual growth through faith in a higher power. In Poetic Words of a Poet, she vividly details her writing process: "The poetic words of a poet are filled with grace. They flow with rhythm, like a dance performed in pace. The words of a poet are elegant as they overflow with charm. The words are delightful and enchanting, also precise in their tone. The expressions

fashioned by a poet are stylish yet uniquely tasteful in pitch. The words of a poet are explicit and sometimes misconstrued. But the words of a poet are truly from the heart, filled with zeal and occasionally laced with a little rage. The poetic words of a poet linger, while they flow with simplicity." By the grace of God, Alice was able to overcome a difficult time in her life. Through this beautiful collection of poems, she courageously shares her story. Be touched and entertained...become inspired and empowered by The Beauty of my Heart by Alice Manuel. *Luxury, Sensation and the Moving Image* Createspace Independent Publishing Platform

An Instant New York Times Bestseller! Winner of the Coretta Scott King - John Steptoe for New Talent Author Award Filled with mystery and an intriguingly rich magic system, Tracy Deonn's YA contemporary fantasy Legendborn offers the dark allure of City of Bones with a modern-day twist on a classic legend and a lot of Southern Black Girl Magic. After her mother dies in an accident, sixteen-year-old Bree Matthews wants nothing to do with her family memories or childhood home. A residential program for bright high schoolers at UNC-Chapel Hill seems like the perfect escape—until Bree witnesses a magical attack her very first night on campus. A flying demon feeding on human energies. A secret society of so called “Legendborn” students that hunt the creatures down. And a mysterious teenage mage who calls himself a “Merlin” and who attempts—and fails—to wipe Bree's memory of everything she saw. The mage's failure unlocks Bree's own unique magic and a buried memory with a hidden connection: the night her mother died, another Merlin was at the hospital. Now that Bree knows there's more to her mother's death than what's on the police report, she'll do whatever it takes to find out the truth, even if that means infiltrating the Legendborn as one of their initiates. She recruits Nick, a self-exiled Legendborn with his own grudge against the group, and their reluctant partnership pulls them deeper into the society's secrets—and closer to each other. But when the Legendborn reveal themselves as the descendants of King Arthur's knights and explain that a magical war is coming, Bree has to decide how far she'll go for the truth and whether

Robert Hugh Benson AFSC KC*SG KGCHS (18 November 1871 - 19 October 1914) was an English Anglican priest who in 1903 was received into the Roman Catholic Church in which he was ordained priest in 1904. He was a prolific writer of fiction and wrote the notable dystopian novel *Lord of the World* (1907). His output encompassed historical, horror and science fiction, contemporary fiction, children's stories, plays, apologetics, devotional works and articles. He continued his writing career at the same time as he progressed through the hierarchy to become a Chamberlain to the Pope in 1911 and subsequently titled Monsignor. Early life: Benson was the youngest son of Edward White Benson (Archbishop of Canterbury) and his wife, Mary, and the younger brother of Edward Frederic Benson and A. C. Benson. Benson was educated at Eton College and then studied classics and theology at Trinity College, Cambridge, from 1890 to 1893. In 1895, Benson was ordained a priest in the Church of England by his father, who was the then Archbishop of Canterbury. Career: After his father died suddenly in 1896, Benson was sent on a trip to the Middle East to recover his own health. While there he began to question the status of the Church of England and to consider the claims of the Roman Catholic Church. His own piety began to tend toward the High Church tradition, and he started exploring religious life in various Anglican communities, eventually obtaining permission to join the Community of the Resurrection. Benson made his profession as a member of the community in 1901, at which time he had no thoughts of leaving the Church of England. As he continued his studies and began writing, however, he became more and more uneasy with his own doctrinal position and, on 11 September 1903, he was received into the Catholic Church. He was awarded the Dignitary of Honour of the Order of the Holy

Sepulchre. Benson was ordained as a Roman Catholic priest in 1904 and sent to Cambridge. He continued his writing career along with his ministry as a priest. Novelist: Like both his brothers, Edward Frederic Benson ("Fred") and Arthur Christopher Benson, Robert wrote many ghost and horror stories, as well as children's stories and historical fiction. His horror and ghost fiction are collected in *The Light Invisible* (1903) and *A Mirror of Shallott* (1907). His novel, *Lord of the World* (1907), is generally regarded as one of the first modern dystopian novels (see List of dystopian literature). The bibliography below reveals a prodigious output.....

The story centres on Alice, a young girl who falls asleep in a meadow and dreams that she follows the White Rabbit down a rabbit hole. She has many wondrous, often bizarre adventures with thoroughly illogical and very strange creatures, often changing size unexpectedly (she grows as tall as a house and shrinks to 3 inches [7 cm]). She encounters the hookah-smoking Caterpillar, the Duchess (with a baby that becomes a pig), and the Cheshire Cat, and she attends a strange endless tea party with the Mad Hatter and the March Hare. She plays a game of croquet with an unmanageable flamingo for a croquet mallet and uncooperative hedgehogs for croquet balls while

the Queen calls for the execution of almost everyone present. Later, at the Queen's behest, the Gryphon takes Alice to meet the sobbing Mock Turtle, who describes his education in such subjects as Ambition, Distraction, Uglification, and Derision. Alice is then called as a witness in the trial of the Knave of Hearts, who is accused of having stolen the Queen's tarts. However, when the Queen demands that Alice be beheaded, Alice realizes that the characters are only a pack of cards, and she then awakens from her dream. The story was originally told by Carroll to Lorina, Alice, and Edith Liddell (the daughters of Henry George Liddell, dean of Christ Church, Oxford, where the author had studied and held a fellowship) on a picnic in July 1862. Alice asked Carroll to write out the stories for her, and in response he produced a hand-lettered collection entitled *Alice's Adventures Under Ground*. A visitor to the Liddell home saw the storybook and thought it should be published, so Carroll revised and expanded it. Appearing at a time when children's literature generally was intended to teach moral lessons, the book at first baffled critics, who failed to appreciate the nonsense that so captivated its young readers. But Carroll understood how children's minds worked, and the way he turned logic on its head appealed to their sense of the ridiculous. In the riddles and the poems—such as "How doth the little crocodile" and "You are old, Father William" (both parodies of well-known didactic poems)—he reached even more absurd heights. The work attracted a following and led to a sequel, *Through the Looking-Glass, and What Alice Found There* (dated 1872 but published in December 1871). By the end of the 19th century, Alice (taking the two volumes together) had become the most popular children's book in England, and within two more decades it was among the most popular storybooks in the world. It inspired numerous films, theatrical performances, and ballets as well as countless works of scholarly analysis.

From the 2013 Orange Prize-winning author of *May We Be Forgiven*. Only a work of such searing, meticulously controlled brilliance could provoke such a wide range of visceral responses. Here is the incredible story of an imprisoned pedophile who is drawn into an erotically charged correspondence with a nineteen-year-old suburban coed. As the two reveal—and revel in—their obsessive desires, Homes creates in *The End of Alice* a novel that is part romance, part horror story, at once unnerving and seductive.

Lewis Carroll Among His Books VIZ Media LLC

In recent years, the embrace of 'slow;' sensuous and durational forms of cinema and the moving image registers desires to immerse in phenomenological experiences of artworks as potential antidotes to our information-saturated, techno-capitalist age. Exploring shifts away from ownership, accumulation and possessive acquisition of the object towards more experiential, immaterial 'aneconomies' of pleasure, care, eroticism, poetry and ritual, this book tracks the evolution in understandings of the luxurious in the last decade, and luxury's potential coalitions with cinephilia; affect; the senses and the ontology and formal quality of light (lux, lucis). Engaging with four contemporary Francophone women artists - Louise Bourgeois, Chantal Akerman, Sophie Calle and Annie Ernaux - as case studies for an inter-medial, multi-sensory, and generically 'queer' conception of le luxe - the book also queries luxury's entrenched gendering as pathologized symptom of feminized experience; and both luxury and femininity's relation to consumption; embodiment and excess under neoliberal austerity and 24/7 surveillance culture. Although in our current disaster-

laden epoch, sustained thinking about luxury might appear a perverse and abstracted act, the book, via the medium of cinema and the moving image, argues that a different understanding of luxury as a 'sensuous relation to the world;' a slowing down of critical and attentive faculties; and a re-

investment in affective acts of communal being-together may no longer be decadent but epistemologically necessary to the preservation and continued affirmation of this world.
