Then Lewis experiments with magic himself and unknowingly resurrects the former owner of the house: a woman named Selenna Iazard. It seems that evil Selenna and her husband built a timepiece into the walls - a clock that could obliterate humankind. As the clock can be heard ticking away in the house all the time, sometimes louder, sometimes quieter, sometimes faster, sometimes slower, it is up to the Barnavelts to find where it is hidden in the walls - and stop it. **The Creative Cure** Orbis Books

“I’m just not that creative” is a common refrain in today’s society. But according to author and creative coach Jacob Nordby, nothing could be further from the truth. Every human being is creative, and having a regular creative practice is a vital key to a happy and fulfilling life. If we don’t exercise our creativity regularly, our lives can feel dull, stagnant, and rote. Many people live this way and believe “this is just the way life is,” without realizing that developing a regular creative practice can be the cure to what ails them. Nordby knows this all too well. By the time he reached his midthirties, he was running a successful mortgage company and lived in a big house with fancy cars. But he felt like he was dying inside. Starting and maintaining a creative practice is what saved his life. Now, in this powerful book, he explains how he traded in his stagnant way of life for one full of meaning and purpose, and offers specific steps to help you build your own creative practice. *The Creative Cure* is a call for a revolution, fostering change where all change must begin: within. This internal change will allow you to express your own creative

gifts, cultivate happiness, and experience the unique feeling of fulfillment that only a creative practice can offer. Packed with powerful, transformative exercises, this book is the medicine you need to find and reinvigorate your creative soul.

Tanystropheus used its long neck to catch fish from land. And Leedsichthys had as many as 40,000 teeth! What would happen if these extinct beasts came to life? Imagine prehistoric sea beasts chasing dolphins, fighting crocodiles, and hunting humpback whales—and learn all about the prehistoric creatures of the deep!

With the ingenuity and delicacy of the little mermaid, this beautiful story transports us to unreal and fantastic scenes. It happened that a young

fisherman caught a mermaid with his nets, which he allowed to return to the sea on the condition that, upon his call, he would sing a song so that the fish would go to their nets. She sang her songs every evening that talked about the colossal whales or the Argonauts or the octopuses that move their multiple black arms, and the fish flocked to the surface of the sea and filled the nets of the fisherman. But the mermaid's fascination was not only in the fish but also in the fisherman, who could not resist its charm.
