Snow on the Atlantic

Aguliar returns home after a four-day business trip to discover that his beloved wife has gone mad. Desperate to rescue Agustina from her sudden, devastating insanity, Aguliar delves back into her shadowy past. Other narratives are intertwined with his frantic search for the truth; that of Midas, a flamboyant drug-trafficker and Agustina's former lover, and Agustina's splintered memories of her own troubled childhood. The key to her madness lies buried deep in a Colombian story of money, power and corruption.

Sophie's World The Book of Mysteries "Feelings and emotions are part of everyone's life. We feel different things all day long as different things happen to us. Emotions and feelings play an important part of Kevin's daily life. Sometimes Kevin feels angry, sad, or afraid. And sometimes Kevin feels happy..."--Back cover.

English File 1 Gestalten Smuggling has been a way of life in Galicia for millennia. The Romans considered its windswept coast the edge of the world. To the Greeks it was from where Charon ferried souls to the Underworld. Since the Middle Ages, its shoreline has scuppered thousands of pirate ships. But the history of Cape Finisterre is no fiction and by the late twentieth century a new and exotic cargo flooded the cape's ports and fishing villages. In *Snow on the Atlantic*, the book the Spanish national court tried to ban, intrepid investigative journalist Nacho Carretero tells the incredible story of how a sleepy, unassuming corner of Spain became the cocaine gateway into Europe, exposing a new generation of criminals, cartels and corrupt officials, more efficient and ruthless than any who came before.

The Canterville Ghost FV Éditions Scarlett has never left the tiny island where she and her beloved sister, Tella, live with their powerful, and cruel, father. Now Scarlett's father has arranged a marriage for her, and Scarlett thinks her dreams of seeing Caraval, the far-away, once-a-year performance where the audience participates in the show, are over. But this year, Scarlett's long-dreamt of invitation finally arrives. With the help of a mysterious sailor, Tella whisks Scarlett away to the show. Only, as soon as they arrive, Tella is kidnapped by Caraval's mastermind organizer, Legend. It turns out that this season's Caraval revolves around Tella, and whoever finds her first is the winner. Scarlett has been told that everything that happens during Caraval is only an elaborate performance. But she nevertheless becomes enmeshed in a game of love, heartbreak, and magic with the other players in the game. And whether Caraval is real or not, she must find Tella before the five nights of the game are over, a dangerous domino effect of consequences is set off, and her sister disappears forever. Welcome, welcome to Caraval . . . beware of getting swept too far away.

Meet Me Under the Mistletoe Thomas Nelson

With the publication of *Pedagogy of the Oppressed*, Paulo Freire established himself as one of the most important and radical educational thinkers of his time. In *Pedagogy of Hope*, Freire revisits the themes of his masterpiece, the real world contexts that inspired them and their impact in that very world. Freire's abiding concern for social justice and education in the developing world remains as timely and as inspiring as ever, and is shaped by both his rigorous intellect and his boundless compassion. *Pedagogy of Hope* is a testimonial to the inner vitality of generations denied prosperity and to the often-silent, generous strength of millions throughout the world who refuse to let hope be extinguished. This edition includes a

substantial new introduction by Henry A. Giroux, University Chair for Scholarship in the Public Interest and the Paulo Freire Distinguished Scholar in Critical Pedagogy at McMaster University, Canada. Translated by Robert R. Barr. Psychology of Liberation Random House This is an essential book for all those concerned with the field of assessment. It addresses relevant and timely conceptual and practical issues from a research perspective and, based on research results, clearly provides solutions to practical applications at the cutting edge of the emerging area of new modes of assessment. In a clear and rigorous manner, the authors explore new methods and study the various quality aspects of innovative approaches.

Since the mid-1980s, the psychology of liberation movement has been a catalyst for collective and individual change in communities throughout Latin America, and beyond; and recent political developments are making its powerful, transformative ideas more relevant than ever before. *Psychology of Liberation: Theory and Applications* updates the activist frameworks developed by Ignacio Martin-Baro and Paulo Freire with compelling stories from the frontlines of conflict in the developing and developed worlds, as social science and psychological practice are allied with struggles for peace, justice, and equality. In these chapters, liberation is presented as both an ongoing process and a core dimension of wellbeing, entailing the reconstruction of social identity and the transformation of all parties involved, both oppressed and oppressors. It also expands the social consciousness of professionals, bringing

more profound meaning to practice and enhancing related areas such as peace psychology, as shown in articles such as these: Philippines: the role of liberation movements in the transition to democracy. Venezuela: liberation psychology as a therapeutic intervention with street youth. South Africa: the movement for representational knowledge. Muslim world: religion, the state, and the gendering of human rights. Ireland: linking personal and political development. Australia: addressing issues of racism, identity, and immigration. Colombia: building cultures of peace from the devastation of war. Psychology of Liberation demonstrates the commitment to overcome social injustices and oppression. The book is a critical resource for social and community psychologists as well as policy analysts. It can also be used as a text for graduate courses in psychology, sociology, social work and community studies.
