 Sketch Your Style is a fully interactive guided sketchbook for anyone who loves fashion and loves to doodle, sketch, and draw. Inside, you'll find step-by-step instructions for drawing and personalizing figures, and more than 50 inspirational exercises and prompts that will help you bring your creative vision to life. From exploring periods in fashion history and fun trends to the work of influential designers, each exercise is introduced with lively visuals and followed by pages where you can try out your own ideas. Some pages are blank, while others have printed templates, such as figure croquis or fabric swatches, as guides.

Organic Embroidery GarnkunstDie bekannte australische Textilkünstlerin Meredith Woolnough nimmt den Leser mit auf eine kreativen Reise. Ins Handgepäck gehören vor allem Skizzenbuch und Nähmaschine! Das Buch zeigt eine einmalige Form der Stickerei. Mit einer einfachen Nähmaschine und wasserlöslichem Stickvlies kreierte die Autorin plastische Kunstwerke. Diese sind von der Schönheiten der Natur inspiriert, von den Mustern, Strukturen und Formen von Korallen, Blättern und Muscheln. Meredith Woolnough bietet dem Leser einen tiefen Einblick in die Technik des Stickens nach der Natur. Dabei lässt sie sich über die Schulter blicken, während sie Feldstudien betreibt, erste Ideen sammelt, Skizzen entwirft und schließlich die Nähmaschine startet. Garnkunst führt in 12 Schritten von der Entdeckung der eigenen kreativen Ader bis hin zur Herstellung eigener Garnkunstwerke.

Organic Embroidery Offers different arts and crafts projects parents and their children can create together, including sculpture, printmaking, bookbinding, and collage.

By the Block Schiffer Publishing
 Renowned textile artist Meredith Woolnough creates replicas of nature using a delicate system of tiny stitches. Her artwork is breathtaking, and now for the first time Woolnough offers crafters and fiberartists a lesson in how to use the "organic embroidery" technique. Look behind the scenes of her art process, from the initial fieldwork sketching and research that inspires her designs, to the production of her ethereal embroidered sculptures. She guides you through 12 creativity-prompting activities to help you begin your own mastery of this method. As you learn to find your desired shape or pattern in nature, from sources like leaves, shells, or coral, then use your sewing machine to turn bits into exquisite art. You'll also enjoy dozens of inspirational photos of Woolnough's own art pieces. Woolnough's instructions offer simple but highly versatile techniques, and allow you space for

your own creative approach

Knitting Clothes Kids Love Quarry Books

In today's thriving maker culture, kids are hungry for hands-on guidance in creating stylish wearables and practical objects, or hacking and customizing existing ones. Authors Nicole Blum and Catherine Newman get them started with complete instructions for mastering six favorite fiber crafts. Step-by-step photos teach kids ages 9–14 the basics of how to sew, knit, crochet, felt, embroider, and weave, plus how to make three projects for each craft. From woven patches and a knitted backpack to embroidered merit badges and a crocheted bracelet, the fresh, kid-approved projects encourage creative variations and build confidence along with valuable life skills.

Sketch and Go: 5-Minute Fashion Illustration Hachette UK

Slow fashion influencer Katrina Rodabaugh, bestselling author of *Mending Matters*, teaches readers how to mend, patch, dye, and alter clothing for an environmentally conscious, reimagined wardrobe. Slow fashion influencer Katrina Rodabaugh follows her bestselling book, *Mending Matters*, with a comprehensive guide to building (and keeping) a wardrobe that matters. Whether you want to repair your go-to jeans, refresh a favorite garment, alter or dye clothing you already have—this book has all the know-how you'll need. Woven throughout are stories, essays, and a slow fashion call-to-action, encouraging readers to get involved or deepen their commitment to changing the destructive habit of overconsumption. Rodabaugh has an engaged community (her kits are in high demand and her classes sell out quickly) and a proven ability to tempt sewists and nonsewists alike to take up needle and thread.

The Paper Playhouse

Sketch Your Style: A Guided Sketchbook for Drawing Your Dream Wardrobe

From the suburbs to the subway, *Sketch and Go: 5 Minute Fashion Illustration* shows you how to capture fashion anywhere and everywhere. Fashion is fast and furious, and fashion illustrators need to work the same way to keep up with the latest

trends. Part technique, part sketchbook, *Sketch and Go: 5 Minute Fashion Illustration* is ideal for beginners looking to learn tips and tricks for sketching fashion illustrations, both quickly and on the go. First, you'll learn basic fashion illustration skills and practical techniques for inspired "live fashion sketching". Once you've conquered the basics, you can sketch your own collection on the 500 pre-printed model templates. Featuring a variety of different poses, these templates allow you to get down to business and sketch your designs right away, without worrying about drawing models. The sketchpad pages are specially designed so that they can be photocopied without the templates, leaving just the fashion sketch! In need of inspiration? Don't worry! You'll also find an inspirational gallery of four-color illustrations from fashion designer and illustrator, Emily Brickel Edelson. So what are you waiting for? Get sketching!

Stitch Camp

Today's quilters have many demands on their time but still want to create beautiful quilts. *By the Block* shows the time-poor quilter how to make sophisticated, complex-looking quilts that are each based on an easy-to-assemble block that is used as a design tool. The 18 quilts in the book feature modern fabric choices and clever design, but all use standard quilting techniques that are in virtually every quilter's skill set. Author Siobhan Rogers has designed 18 quilts for the book, ranging from crib- to king-size quilts for beds as well as several large projects suitable for hanging. Four of the quilts have colourway variations that show the versatility of the basic design. The book is organized according to technique such as log cabins, half-square triangles, or curved piecing, but each project offers a new twist on the traditional methods of piecing and constructing quilts. Some of the blocks are over-sized, which help the quilter work

efficiently, and the author offers additional time-saving tips. Several of the quilts use pre-cuts such as fat quarters, and some of the projects are perfect for using up fabric in the quilter's stash. Most of the quilt blocks used in the designs are constructed with easy-to-cut blocks requiring nothing more than a rotary cutter and a quilter's ruler; some quilts are created with simple templates that will be included in the book. [Simple, sophisticated quilts sewn by the block.] Today's quilters have many demands on their time but still want to create beautiful quilts. *By the Block* shows the time-poor quilter how to make sophisticated, complex-looking quilts that are based on easy-to-assemble quilt blocks.
