Prison Writings Pocket Books

The personal narrative of a Sioux medicine man reveals his way of life and beliefs about the white man.

Ojibwa Warrior Open Road + Grove/Atlantic

The bestselling memoir of a Native American woman's struggles and the life she found in activism: "courageous, impassioned, poetic and inspirational" (Publishers Weekly). Mary Brave Bird grew up on the Rosebud Indian Reservation in South Dakota in a one-room cabin without running water or electricity. With her white father gone, she was left to endure "half-breed" status amid the violence, machismo, and aimless drinking of life on the reservation. Rebelling against all this—as well as a punishing Catholic missionary school—she became a teenage runaway. Mary was eighteen and pregnant when the rebellion at Wounded Knee happened in 1973. Inspired to take action, she joined the American Indian Movement to fight for the rights of her people. Later, she married Leonard Crow Dog, the AIM's chief medicine man, who revived the sacred but outlawed Ghost Dance. Originally published in 1990, *Lakota Woman* was a national bestseller and winner of the American Book Award. It is a story of determination against all odds, of the cruelties perpetuated against American Indians, and of the Native American struggle for rights. Working with Richard Erdoes, one of the twentieth century's leading writers on Native American affairs, Brave Bird recounts her difficult upbringing and the path of her fascinating life.

The World We Used to Live In Hay House, Inc

Bold and impassioned, sharp and defiant, Leslie Marmon Silko's essays evoke the spirit and voice of Native Americans. Whether she is exploring the vital importance literature and language play in Native American heritage, illuminating the inseparability of the land and the Native American people, enlivening the ways and wisdom of the old-time people, or exploding in outrage over the government's long-standing, racist treatment of Native Americans, Silko does so with eloquence and power, born from her profound devotion to all that is Native American. *Yellow Woman and a Beauty of the Spirit* is written with the fire of necessity. Silko's call to be heard is unmistakable; there are stories to remember, injustices to redress, ways of life to preserve. It is a work of major importance, filled with indispensable truths—a work by an author with an original voice and a unique access to both worlds.

American Indian Myths and Legends Simon and Schuster

Cheerful, hardworking, and handsome, Billy is pressed into naval service aboard a British ship during the Napoleonic wars. The innocent and lovable young man quickly wins the hearts of all his comrades, save one: Claggart, the implacably bitter master-at-arms, who falsely accuses Billy of inciting mutiny. Rich in ambiguities, Herman Melville's haunting parable of the clash between good and evil raises thought-provoking issues related to the conflict between the requirements of the law and the needs of humanity. This is the definitive edition of Melville's classic tale. Billy Budd, Sailor was discovered unfinished in the author's desk shortly after his 1891 death and remained unpublished until 1924. This text is the result of years of study and scrupulous research by Melville scholars. It offers students and other lovers of literature the best and most authentic version of the American storyteller's final masterpiece.

Edited by Harvey Arden, with an Introduction by Chief Arvol Looking Horse, and a Preface by former Attorney General Ramsey Clark. In 1977, Leonard Peltier received a life sentence for the murder of two FBI agents. He has affirmed his innocence ever since--his case was made fully and famously in Peter Matthiessen's bestselling *In the Spirit of Crazy Horse*--and many remain convinced he was wrongly convicted. *Prison Writings* is a wise and unsettling book, both memoir and manifesto, chronicling his life in Leavenworth Prison in Kansas. Invoking the Sun Dance, in which pain leads one to a transcendent reality, Peltier explores his suffering and the insights it has borne him. He also locates his experience within the history of the American Indian peoples and their struggles to overcome the federal government's injustices.

Lame Deer, Seeker of Visions Harper Collins

In his final work, the great and beloved Native American scholar Vine Deloria Jr. takes us into the realm of the spiritual and reveals through eyewitness accounts the immense power of medicine men. *The World We Used To Live In*, a fascinating collection of anecdotes from tribes across the country, explores everything from healing miracles and scared rituals to Navajos who could move the sun. In this compelling work, which draws upon a lifetime of scholarship, Deloria shows us how ancient powers fit into our modern understanding of science and the cosmos, and how future generations may draw strength from the old ways.

Confessions of a Muckraker Bear

In this bold theoretical work, Bruce Lincoln explores the ways in which myth, ritual, and classification hold human societies together--and how, in times of crisis, they can be used to take a society apart and reconstruct it. Without overlooking the role of coercive force in the maintenance (or overthrow) of social structures, Lincoln argues his thesis with compelling illustrations drawn from such diverse areas as Platonic philosophy, the Upanishads of India, ancient Celtic banquets, professional wrestling, and the Spanish Civil War. This wide-ranging interdisciplinary study--which draws on works in history, semiotics, anthropology, sociology, classics, and indology--offers challenging new insights into the complex dynamics of social cohesion and change.

Saloons of the Old West Bear

Originally drawn to Yaqui Indian spiritual leader don Juan Matus for his knowledge of psychotropic plants, bestselling author Carlos Castaneda immersed himself in the sorcerer's magical world. Ten

years after his first encounter with the shaman, Castaneda examines his field notes and comes to understand what don Juan knew all along—psychotropic plants are merely a means to understanding alternative realities that one cannot fully embrace on one's own. Journey to Ixtlan introduces these clear new ideas—omitted from Castaneda's classic volumes *The Teachings of Don Juan* and *A Separate Reality*—to the reader for the first time. Castaneda explores, as he comes to experience it himself, his own final voyage into the teachings of don Juan, and shares with us what it is like to truly "stop the world" and perceive reality on his own terms.

"I am Crow Dog. I am the fourth of that name. Crow Dogs have played a big part in the history of our tribe and in the history of all the Indian nations of the Great Plains during the last two hundred years. We are still making history." Thus opens the extraordinary and epic account of a Native American clan. Here the authors, Leonard Crow Dog and Richard Erdoes (co-author of *Lakota Woman*) tell a story that spans four generations and sweeps across two centuries of reckless deeds and heroic lives, and of degradation and survival. The first Crow Dog, Jerome, a contemporary of Sitting Bull and Crazy Horse, was a witness to the coming of white soldiers and settlers to the open Great Plains. His son, John Crow Dog, traveled with Buffalo Bill Cody's Wild West Show. The third Crow Dog, Henry, helped introduce the peyote cult to the Sioux. And in the sixties and seventies, Crow Dog's principal narrator, Leonard Crow Dog, took up the family's political challenge through his involvement with the American Indian Movement (AIM). As a wichasha wakan, or medicine man, Leonard became AIM's spiritual leader and renewed the banned ghost dance. Staunchly traditional, Leonard offers a rare glimpse of Lakota spiritual practices, describing the sun dance and many other rituals that are still central to Sioux life and culture.
