ANDREWS CASSIUS

Beyond the Bermuda Triangle Crossroad Press
Still unsolved, still baffling, still claiming new victims. Here are the untold stories. A pilot reports a strange haze enveloping his plane, then disappears; eleven hours after fuel starvation, as if

calling from a void, he is heard 600 miles away. He requests permission to land, then vanishes forever. A freighter steaming over placid seas disappears without a trace. A pleasure yacht ghosts past without a soul on board. A pilot calls for help because a "weird object" is harassing his plane. A jet collides with an "unknown" and is never found. . . . Into the

Bermuda Triangle is the first comprehensive examination of these baffling disappearances in more than a generation. Drawing on official reports from the NTSB and other investigative agencies as well as interviews with scientists, theorists, and survivors, leading authority Gian Quasar not only sets the record straight on previously examined cases, he also

offers a bulging file of new cases, the collective results of his twelve-year investigation. In meticulous detail this unflinching account: Documents confirmed disappearances of airplanes and ships Gathers new testimony and reexamines old interviews from eyewitnesses and survivors Explores possible explanations ranging from zero-point energy to magnetic vortices Challenges our assumptions with the sheer weight of

accumulated evidence In this age of technological and scientific discovery, there are still mysteries that transcend understanding. The Bermuda Triangle is one. "The best book I've ever read on this important subject."—Andrew Griffin, *The Town Talk* *The Bermuda Triangle* MR. BIG WEALTH "Take you to understand the Bermuda Triangle" is a comprehensive and captivating book that takes readers on a journey to unravel the mysteries surrounding the

infamous Bermuda Triangle. Delving into the historical accounts, scientific research, eyewitness testimonies, and a multitude of theories, this book offers a thorough examination of one of the world's greatest unsolved enigmas. The book begins with an intriguing overview of the Bermuda Triangle, setting the stage for the in-depth exploration that follows. It explores the discovery and origin of the name, tracing back to the early accounts of

disappearances and the subsequent fascination that captured the world's attention. Readers are introduced to notable early disappearances and events that have contributed to the lore and intrigue of the region. In addition to the core content, the book provides a range of supplementary materials to enhance the exploration. It explores documentary films, podcasts, online forums, websites, books, and museums dedicated to the Bermuda Triangle,

offering readers diverse resources to delve deeper into the subject matter. As the book draws to a close, it presents a summary of its conclusions, highlighting the key findings and insights gathered throughout the exploration. It reflects on the enduring fascination of the Bermuda Triangle and the continued intrigue it holds for both enthusiasts and skeptics alike. Taking a critical perspective, the book examines the differences and inconsistencies in

stories and theories, encouraging readers to question and analyze the information presented. It emphasizes the importance of approaching the subject with a discerning eye and a healthy dose of skepticism, urging readers to seek out reliable sources and evidence-based explanations. Furthermore, the book explores the comparison between the Bermuda Triangle and other high-accident seas, providing insights into similarities, differences, and potential

underlying factors contributing to these occurrences. It sheds light on the unique characteristics of the Bermuda Triangle that set it apart from other regions of maritime mystery.

Secrets of Mount Kailash, Bermuda Triangle and the Lost City of Atlantis The Rosen Publishing Group, Inc

An international evangelist brings his unique blend of Bible knowledge, prophecy and spiritual insight to the topic of the afterlife, in a comprehensive

examination of hell, paradise, heaven and what happens after we leave this world. Original.

The Bermuda Triangle Islamic Perspective

Secrets of the Bermuda Triangle

Four new titles in this best-selling series examine the evidence—or lack thereof—for these supernatural legends.

Reviews of the first six books called the series "solid stuff for teaching high-interest critical thinking," (Booklist) and said, "These books will spark classroom debate,"

(School Library Journal).

Curious minds want to know: are these things real? Read and decide for yourself! Presents stories of planes and ships that have disappeared in the Bermuda Triangle, examining the evidence of various explanations, ultimately stating that the disappearances remain a mystery.

The Bermuda Triangle Chaosium

A mystery, in a strict feel of the word, is a certainty that is not revealed or even if acknowledged cannot be comprehended

properly. Our planet Earth is a mysterious field. A lot of things are going around us that go uncharted. Nevertheless with our advanced scientific technologies, these metaphysical events happen more or less on regular basis without a valid reasoning. Here in this book we have included eighteen supernatural bizarre mysteries that baffled us for a long time. Most of these phenomena are predicted by Einstein's General Theory of Relativity but scientists

had a tough time with in giving a benevolent interpretation. Many of us had a dream of going back to our childhood days. But why it is still a dream? Why is time going only forth, not to back? Why can't we reverse events? This book will give you an answer for that. Can you believe just a flapping of wings by a butterfly in Mexico cause a tornado in China? You may think it an impossible, but it is! In this book we are giving you a detailed description of how and why this

'Chaos' happens. To explain the infrastructure of the world, string theory was introduced which considered every fundamental particles as different manifestations of a single particle 'string'. Here we have made a brilliant attempt to bring you an ample view of these particles. The concepts of Bose-Einstein condensation aka the fifth stage of matter, four dimensions to explain the unusual events, gravitational waves which are the most common but arduous to detect, the

gravitational effect of space time bending and the time vortex are suchlike affairs which Einstein had foreseen and smoked out later. Another puzzling one is whether magnetic monopoles exist or not. One of the best gems from Einstein's theory of relativity is the time vortex is too uncovered here in this book. An epic tube connecting different points of universe gives us some hope for Time Machines. Yes, if this mystery is resolved we can beat time; can go to

moon in an hour!!! This book will lead you through these mysterious super naturals. The Bermuda Triangle Mystery Solved Cavendish Square Publishing, LLC Mount Kailash and the Bermuda triangle are inaccessible to science and difficult to explore with even the latest gadgets and modern technologies which include satellites, helicopters, planes, cameras, radars and other sophisticated equipment. That is why it is so interesting for everyone

till someone is able to see inside it and report it to the world. Till then it is an unexplored mystery. Several expeditions to the Bermuda triangle and Mount Kailas have failed and not one has been able to unravel the mystery surrounding them. Either people get lost, disappear or something unnatural happens at Bermuda triangle and at Mount Kailash people are not able to reach the peak, abandon halfway, become old, nails and hair start to grow rapidly or even die

at an early age. This is all that is told in hundreds of videos the same thing is repeated in all of them and all articles and stories on the internet or in books. They tell you nothing extra except these things and stories about failed explorers and their experiences. There is also a mystery surrounding the Lost City of Atlantis and it has the same sequence and occurrences as Mount Kailas and the Bermuda Triangle. I have also included information on the James Web Telescope

in this book.

MR. BIG WEALTH is your gateway to unraveling the mysteries of human history. With our book, "Exploring Ancient

Enigmas from Atlantis to the Bermuda Triangle," you'll embark on a thrilling journey through the unknown. Dive into the depths of lost civilizations, untangle the web of unexplained disappearances, and discover the secrets that have intrigued generations. Our mission is to captivate your imagination and provide you with thought-provoking insights into the enigmatic wonders of our world. Are you ready to unlock the secrets that lie within? Join MR. BIG

WEALTH and embark on an extraordinary adventure. Secrets of the Devil's Triangle Heinemann-Raintree Library For those of us who have always been fascinated by the unexplained—or inadequately explained—secrets and mysteries of this world, Sylvia Browne now brings her great insight. Using a combination of information from her spirit guide Francine as well as her own incredible psychic powers, Sylvia augments current scientific research

to provide us with detailed explanations about seeming inexplicable concepts. From the Great Pyramid to Stonehenge, Sylvia reveals amazing facts about some of the world's most mysterious sites. The truth behind sacred and controversial objects such as the Shroud of Turin and the Holy Grail are brought to light; and fascinating and mystifying topics such as crop circles, the Lost Continent of Atlantis, UFOs, Easter Island, and much more are examined and

clarified. Sylvia tears away the obscure and timeworn explanations that hide the underlying truths about these fascinating subjects.

The Incredible Exploits of American Kids

Createspace Independent Publishing Platform

The Bermuda Triangle is known as a strange area in the Atlantic that seems to swallow up ships and planes without warning.

This book describes dozens of such disappearances with details from sources as diverse as the military,

insurance agencies, and newspaper reports. The incidents covered range from 1840 to 1973. The ships and planes discussed include the Rosalie, Bella, Mary Celeste, Atalanta, Ellen Austin, Lotta, Viego, Miramon, Freya, Spray, Cyclops, Carroll A. Deering, Raifuku Maru, Cotopaxi, Suduffco, Stavenger, John and Mary, La Dahama, Gloria Colita, Proteus, Nereus, Rubicon, Flight 19, City Belle, Star Tiger, Star Ariel, Sandra, Connemara IV, Marine Sulphur Queen,

Witchcraft, Scorpion, Elizabeth, El Caribe, V.A. Fogg, Norse Variant, Anita, and Linda, as well as others.

The Encyclopaedia

Britannica McGraw Hill Professional

Dozens of ships and planes have vanished without a trace in the Bermuda Triangle. Are giant rogue waves the culprit? Or could it be something more otherworldly? This title explores the theories, tools, and technology used to investigate the mystery of the Bermuda

Triangle. Diagrams and other features look at the science behind some of the techniques and profile a famous investigation. Young readers can examine the evidence and draw their own conclusions about the secrets of the Bermuda Triangle.

Unexplained Mysteries Of The Deep Createspace Independent Publishing Platform

This sourcebook centres around the famous mystery of the the Devil's Triangle and acts as a guidebook to the entire

Caribbean region.

The Fog Charisma Media
This book is based on a real archaeological discovery. In the summer of 2000, oceanographer Paulina Zelitsky discovered a sunken city on the Cuban shelf, which is off the coast of Cuba. She discovered that there were three pyramids, many buildings, and roads in her sunken city. This book is a fictional account of the exploration of that city.

Unraveling Mysteries: Exploring Ancient Enigmas from Atlantis

to the Bermuda Triangle Warner Books (NY)

New city, new chuckleheads in need of a lesson. The battles in New Orleans are all about power struggles elsewhere, and it's time for Cali to discover the source. It's time for her and Fyre to visit New Atlantis and find out what the fuss is all about. Both gangs in the Crescent City are fighting for control, with Cali and her friends in the middle. To do nothing is to risk those she cares about on a daily

basis. One of those, Tanyith, has his own people to protect, as the people who broke him out of Trevilsom prison finally reveal themselves. Her parents left behind secrets she needs to understand, mysteries with no clear solution. The shadowy figures behind the Kraken attack might be involved, or might be just another bunch of people seeking to mess with her life for no apparent reason. Watch out, New Atlantis, Caliste Leblanc is on her way to New Atlantis to bring the

fight to you. Assuming nothing crazy happens when she travels through the Bermuda Triangle on the way there. For magic, mystery, martial arts, and all the mayhem a canine-sized dragon can bring, join the Blues right away! Scroll up and click 'Read for Free' or 'Buy Now' and read it today.

Take you to understand the Bermuda Triangle

A fascinating compilation of stories about lost lands, weird locations, and strange sites.

Into the Bermuda Triangle

Amicus Ink
I didn't believe in time travel or teleportation until it happened to me. I'm Bruce Gernon, and I flew through the heart of the Bermuda Triangle before I'd even heard the term. Skeptics have dismissed the Triangle as a nonmystery, but they weren't in my airplane when the fog surrounded my craft and I leaped ahead 100 miles. I documented what happened and memorized every detail of that flight. Now I'm ready to explain

that there is no Bermuda Triangle! Instead, there is a continuing mystery that has resulted in thousands of disappearances of crafts and loss of life over decades and centuries: a phenomenon I call electronic fog. In *Beyond the Bermuda Triangle*, Rob MacGregor and I present multiple cases of pilots and others who have experienced electronic fog in the air, in the water, and on land. We also examine UFO and USO cases and their possible relationship with space/time warps. Among

the fascinating topics we explore: Time travel and teleportation. Lost crafts, including Flight 19. The Dragon's Triangle. The Underwater Area 51. The man who is building a warp drive. A remote viewer who takes on the Triangle.

Secrets of the Bermuda Triangle Dundurn

The Bermuda Triangle is a loosely defined area of the western part of the North Atlantic Ocean where numerous aircraft and ships have reported strange occurrences, with some completely

vanishing without a trace. While some people dismiss the idea that there is something strange happening in the area, it is after all one of the busiest shipping lanes in the world with aircraft regularly flying over it, others remain convinced that a murky secret lurks in the waters of the Bermuda Triangle. The Bermuda Triangle Gramercy Fifteen curiosities are discussed. Includes the Loch Ness monster, Bigfoot, the mystery of Easter Island, Edgar

Cayce, and dowsing. Strategic Book Publishing Rights Agency
 Researchers have called it the mysterious Demon Triangle, and some have called it the stronghold of alien beings. This book comes after a long search that presents facts that were first uncovered from many sides and with evidence . An in-depth study of the Bermuda Triangle, examining legends, popular reports, and scientific evidence

that supports or refutes the mysterious phenomena reputed to occur there. Does the patch of stormy sea between the tip of Florida, Puerto Rico and Bermuda hide a dark and frightening secret? For decades, there have been cases of ships and aircraft that seem to vanish in this part of the Atlantic Ocean. Others who have survived flying or sailing through, have reported strange occurrences, such as

clocks and navigational instruments failing. Are all of these reports true? Is there a mystery lurking? Using the scientific method and available data, this book attempts to find out!
