The Hague Centre for Strategic Studies August Rosado deals with the biblical concept of the Kingdom to come. Many

today are teaching that we are in the Kingdom in the present tense, and that Jesus is currently reigning over the nations of the world. August shows from a biblical standpoint that the Millennial Kingdom reign of Jesus is still future.

The dramatic shift related to God's Holy Spirit that occurred on the Day of Pentecost, immediately following Christ's death and ascension to heaven. God's actions on that day were a monumental event in human history and in His great master plan of salvation. God's Holy Spirit was poured out and made available, not just to the disciples and Israel, but to nations far off and to all that God may call.

Through His Spirit, God works for us and through us to bring us into His Kingdom. 1 Corinthians 12:7 NIV: Now to each one the manifestation of the Spirit is given for the common good. Jesus said in John 14:12 NIV, : Very truly I tell you, whoever believes in me will do the works, I have been doing, and they will do even greater things than these, because I am going to the Father.

The global security environment in the last five years has been characterised by a state of 'no war, no peace' among major powers, resulting in a state of uncertainty about their national security objectives. For instance, the US has been concerned about the attitudes of Iran, Russia, North Korea, China, and others, and yet did not expect a direct military conflict with them. On the other hand, China has expanded its naval strategy from a mere 'off-shore defence' to 'open seas protection' and has called for both 'defence and offence' instead of merely 'territorial air defence', thereby indicating preparedness for the possibility of a military confrontation. The major powers have been thus groping for suitable responses to their threat perceptions. It is in this kind of a complex and confusing international environment

that India, as a rising power, has been called upon to wade through its strategic partnerships with major powers and nurture friendships with various Asian and African countries. This sixteenth volume of India's National Security Annual Review offers indispensable information and evaluation on matters pertaining to national security. It undertakes a thorough analysis of the trends to provide a backdrop to India's engagement with various countries. The volume also discusses persisting threats from China and Pakistan. With contributions from experts from the fields of diplomacy, academia, and civil and military services, the book will be one of the most dependable sources of analyses for scholars of international relations, foreign policy, defence and strategic studies, and political science, and practitioners alike.
