SIERRA COWAN

James Bond DK Publishing (Dorling Kindersley)

Starting with a foreword penned by M herself, this work aims to uncover the world of Bond. It features photographs revealing the secrets of many of Bond's amazing gadgets, racy vehicles and eye-candy, and explores the lairs of the super villains he has defeated, including some of his most death-defying chases and battles.

The Man with the Golden Gun Kings Road Publishing

"Nobody does 007 encyclopedias better than Bond historian Steven Jay Rubin. Buy this one. M's orders." —George Lazenby, James Bond in *On Her Majesty's Secret Service* Packed with behind-the-scenes information, fascinating facts, trivia, bloopers, classic quotes, character bios, cast and filmmaker bios, and hundreds of rare and unusual photographs of those in front of and behind the camera Ian Fleming's James Bond character has entertained motion picture audiences for nearly sixty years, and the filmmakers have come a long way since they spent \$1 million producing the very first James Bond movie, *Dr. No*, in 1962. The

2015 Bond title, *Spectre*, cost \$250 million and grossed \$881 million worldwide—and 2021's *No Time to Die* is certain to become another global blockbuster. The James Bond Movie Encyclopedia is the completely up-to-date edition of author Steven Jay Rubin's seminal work on the James Bond film series. It covers the entire series through *No Time to Die* and showcases the type of exhaustive research that has been a hallmark of Rubin's work in film history. From the bios of Bond girls in front of the camera to rare and unusual photographs of those behind it, no detail of the Bond legacy is left uncovered.

Bond Girls are Forever DigiCat

The Bond Mission files have been thrown open to reveal a wealth of dazzling info., including: Details of all the major characters and events from 007's thrill-packed assignments revised and updated to include *¿Casino Royale¿* and *¿Quantum of Solace¿*; Spectacular illustrations of the lairs, plans, and super-weapons belonging to all the major Bond villains; Never-before-seen illustrations and photos of Q Branch's ingenious gadgets and vehicles; and Blow-by-blow accounts of Bond's most death-defying chases and battles. The book also explores Bond's busy love life, and his relationships with other key members of MI6, such as M, Q, and Miss Money Penny. Finally, a reference section gives details of the

world-famous movies. Endorsed by the Bond film producers.

James Bond Penguin UK

Text, artwork, and photographs examine the James Bond character from the 007 films, describing his spy missions, gadgets, vehicles, enemies, allies, and lovers.

The Incredible World of 007 Pan

For over half a century, the Bond novels have entertained millions around the world. 007 has been a cultural phenomenon since the first publication of *Casino Royale* in 1953. But no book has celebrated Fleming's literary Bond in his own right. This is an authoritative and entertaining journey through the world of the original James Bond, from Moscow to Mayfair, the bedroom to the war-room, the casino to the villain's lair. Ian Fleming's archive has released never-before seen documents and material to create this book. Sources include research notes and diaries to annotated manuscripts and ephemera from Fleming's files. Illustrated with classy, contemporary images, the book is a visual feast, but it is also engaging, with a rigorous and satisfying text. It recaptures the glamour of an age, and offers a new insight into the twentieth century's most thrilling literary hero.

James Bond James Bond

Award-winning author Simon Winder takes us through the legacy of one of Britain's most influential and enduring cultural figures, James Bond. 'An entertaining romp through the literary and cinematic heartland of James Bond country' *Sunday Times* 'A hilarious blend of cultural history, biography and memoir' *Guardian* After victory in World War II, Britain was a relieved but also a profoundly traumatized country. Simon Winder, born into this nation of uncertain identity, fell in love (as many before and since) with the man created as the antidote, a quintessentially British figure of great cultural significance: James Bond. Written with passion, wit and a great deal of personal insight and affection, this book is his wildly amusing attempt to get to grips with Bond's legacy and the difficult decades in which it really mattered. 'Read-aloud funny' *Independent on Sunday* 'Superb' *Wall Street Journal*

Bond on Set Lume Books

The oil industry provides the lifeblood of modern civilization, and bestselling books have been written about the industry and even individual companies in it, like ExxonMobil. But the modern oil industry is an amazingly shady meeting ground of fixers, gangsters, dictators, competing governments, and multinational corporations, and until now, no book has set out to tell the story of this largely hidden world. The global fleet of some 11,000 tankers—that's tripled during the past decade—moves approximately 2 billion metric tons of oil annually. And every stage of the route, from discovery to consumption, is tainted by corruption and violence, even if little of that is visible to the public. Based on trips to New York, Washington, Houston, London, Paris, Geneva, Phnom Penh, Dakar, Lagos, Baku, and Moscow, among other far-flung locals, *The Secret World of Oil* includes up-close portraits of a shadowy Baku-based trader; a high-flying London fixer; and an oil dictator's playboy son who has to choose one of his eleven luxury vehicles when he heads out to party in Los Angeles. Supported by funding from the prestigious Open Society, this is both an entertaining global travelogue and a major work of investigative reporting.

The Wit and Wisdom of James Bond National Geographic Books

James Bond entered the world in 1953 with the novel *Casino Royale* by Ian Fleming. Since then, the British secret agent codenamed 007 has become the biggest media phenomenon of the modern age, surpassing and outlasting previous cultural icons such as Sherlock Holmes, Tarzan and The Saint. Bond has conquered all forms of media - from books, films and radio to

comic strips and video games - while inspiring a tidal wave of merchandise and a legion of imitators. Although the world has changed almost beyond recognition since his debut, his continuing relevance is affirmed by the multiple generations who have thrilled to his exploits. This book for the first time provides the full enthralling story of how the espionage fantasies of a rather melancholy journalist came to captivate the world. It exposes the setbacks behind the triumphs, from Fleming's increasing boredom with his own creation to regular crises over re-casting of the cinematic Bond and legal battles in the 1990s that almost destroyed the film franchise. With the help of Bond scholars, Fleming intimates, Bond film crew and others, *James Bond: The Secret History* shows how the man with the Licence to Kill overcame every hurdle to become the greatest fantasy hero of all time. With a foreword by Jeremy Duns

Spies for Hire HarperCollins

Text, artwork, and photographs examine the James Bond character from the 007 films, describing his spy missions, gadgets, vehicles, enemies, allies, and lovers.

The World of James Bond Good Press

Taking a wide-ranging look at factual (and fictional) technology, Millard views the James Bond universe as evidence for popular perceptions of technological development as both inevitably progressive and apocalyptically threatening.

James Bond Random House

Teaming with anecdotes, first-person testimony and visual commentary, this lavishly illustrated book reveals the history and mystique behind the Bond women in all their roles and the effect they have had on 007, the lives of the actresses, and on pop culture.

Casino Royale DK Publishing (Dorling Kindersley)

The most current and insightful look at the politics and culture of the Bond world as the last Daniel Craig movie hits theaters. This book presents an insightful and thoroughly entertaining exploration of the political context of the Bond books and films. Jeremy Black offers a historian's interpretation from the perspective of 2020 and the latest Bond film, assessing James Bond in terms of the greatly changing world order of the Bond years—a lifetime that stretches from 1953, when the first novel appeared, to the present. Black argues that the Bond novels—the Fleming books as well as the often-neglected novels authored by others after Fleming died in 1964—and films drew on current fears in order to reduce the implausibility of the villains and their villainy. The novels and films also presented potent images of national character, explored the rapidly changing relationship between a declining Britain and an ascendant United States, charted the course of the Cold War and the subsequent post-1990 world, and offered an evolving but always potent demonology. Bond was, and still is, an important aspect of post-World War II popular culture throughout the Western world. This was particularly so after Hollywood launched the filmic Bond, thus making him not only a character designed for the American film market but also a world product and a figure of globalization. Class, place, gender, violence, sex, race—all are themes that Black scrutinizes through the ongoing shifts in characterization and plot. His well-informed and well-argued analysis provides a fascinating history of the enduring and evolving appeal of James Bond. This updated edition explores new developments in the Daniel Craig years, looks to the post-Craig years, and considers the cultural significance of Bond in the modern world.

James Bond - The Secret History DigiCat

The history of espionage is far older than any of today's intelligence agencies, yet the long history of intelligence operations has been largely forgotten. The first mention of espionage in world literature is in the Book of Exodus. 'God sent

out spies into the land of Canaan'. From there, Christopher Andrew traces the shift in the ancient world from divination to what we would recognize as attempts to gather real intelligence in the conduct of military operations, and considers how far ahead of the West - at that time - China and India were. He charts the development of intelligence and security operations and capacity through, amongst others, Renaissance Venice, Elizabethan England, Revolutionary America, Napoleonic France, right up to sophisticated modern activities of which he is the world's best-informed interpreter. What difference have security and intelligence operations made to course of history? Why have they so often forgotten by later practitioners? This fascinating book provides the answers.

You Only Live Twice DK Publishing (Dorling Kindersley)

The 007 official cocktail book - created in association with the Ian Fleming Estate Explore Bond creator Ian Fleming's writings on the pleasures of drinking and sample 50 delicious cocktail recipes inspired by his work - developed by award-winning bar Swift. Cocktails are at the glamorous heart of every Bond story. Whether it's the favoured Martini, which features in almost every book, or a refreshing Negroni or Daiquiri, strong, carefully crafted drinks are a consistent feature of the Bond novels. Recipes are divided into five categories: Straight Up; On The Rocks; Tall; Fizzy; and Exotic. Sip on inventions such as Smersh, Moneypenny, That Old Devil M and Diamonds are Forever, as well as classic Bond cocktails such as the Vesper and, of course, the Dry Martini. Each recipe is accompanied by extracts from Fleming's writings - be it the passage where the classic drink was featured or a place, character or plot that inspired one of the drinks. Also features Ian Fleming's writings on whisky, gin and other spirits. Foreword by Fergus Fleming.
