WARREN RORY

Tragedy in the Shenandoah Valley Oxford University Press
Challenging notions of race and sexuality presumed to have originated and flourished in the slave South, Diane Miller Sommerville traces the evolution of white southerners' fears of black rape by examining actual cases of black-on-white rape throughout the nineteenth century. Sommerville demonstrates that despite draconian statutes, accused black rapists frequently avoided execution or castration, largely due to intervention by members of the white community. This leniency belies claims that antebellum white southerners were overcome with anxiety about black rape. In fact, Sommerville argues, there was great fluidity across racial and sexual lines as well as a greater tolerance among whites for intimacy between black males and white females. According to Sommerville, pervasive misogyny fused with class prejudices to shape white responses to accusations of black rape even during the Civil War and Reconstruction periods, a testament to the staying power of ideas

about poor women's innate depravity. Based predominantly on court records and supporting legal documentation, Sommerville's examination forces a reassessment of long-held assumptions about the South and race relations as she remaps the social and racial terrain on which southerners--black and white, rich and poor--related to one another over the long nineteenth century. With Forebear[s], Descendants, and Allied Families Stackpole Books

"By examining how ordinary Virginia citizens grappled with the vexing problem of slavery in a society dedicated to universal liberty, Eva Sheppard Wolf broadens our understanding of such important concepts as freedom, slavery, emancipation, and race in the early years of the American republic. She frames her study around the moment between slavery and liberty - emancipation - shedding new light on the complicated relations between whites and blacks in a slave society." "Wolf argues that during the post-Revolutionary period, white Virginians understood both liberty and slavery to be racial concepts more than political ideas. Through an in-depth analysis of archival records, particularly those dealing with manumission between 1782 and 1806, she reveals how these entrenched beliefs shaped both thought and

behavior. In spite of qualms about slavery, white Virginians repeatedly demonstrated their unwillingness to abolish the institution." "The manumission law of 1782 eased restrictions on individual emancipation and made possible the liberation of thousands, but Wolf discovers that far fewer slaves were freed in Virginia than previously thought. Those who were emancipated posed a disturbing social, political, and even moral problem in the minds of whites. Where would ex-slaves fit in a society that could not conceive of black liberty? As Wolf points out, even those few white Virginians who proffered emancipation plans always suggested sending freed slaves to some other place. Nat Turner's rebellion in 1831 led to a public debate over ending slavery, after which discussions of emancipation in the Old Dominion largely disappeared as the eastern slaveholding elite tightened its grip on political power in the state." "This well-informed and carefully crafted book outlines important and heretofore unexamined changes in whites' views of blacks and liberty in the new nation. By linking the Revolutionary and antebellum eras, it shows how white attitudes hardened during the half-century that followed the declaration that "all men are created equal."--BOOK JACKET. *Minutes, of the Proceedings, at the Third Annual Meeting, of the Ebenezer Association, Held at Luray Meeting House, Shenandoah County, Virginia, on Friday & Saturday the 22d & 23d Days of October, 1830* Arcadia Publishing

This highly detailed travel guide covers the entire state, from Virginia Beach to the Blue Ridge Mountains to the Great Dismal Swamp. All the best hikes, canoe trails, whitewater routes, from an author who has hiked the Appalachian Trail from start to finish three times! This is a book for all seasons, taking you from the sun-drenched shores in the summer to the ever-beautiful hills bathed in fall color to the snow-covered peaks that offer winter fun. Scenic drives are recommended, so you can catch the best of Virginia on film, if you wish. Places to stay and eat to suit all tastes and budgets. Sightseeing sections tell you of the best attractions. ...". contains a great deal of useful information on outdoor activities." Prodigy Travel Board. "Leonard Adkins has done it again! Clear, easy-to-read maps and crisp photos make the book visually interesting.... It's a must for anyone who loves to hike, bike or auto-tour in the Old Dominion." Charleston Daily Mail. "Virginia's 'something for everybody' is well revealed in Adkins' descriptions." Bon Voyage. "This is the ultimate guide to romantic weekend getaways." San Antonio Express. "The authors introduce travelers to lesser known treasures of Maryland and Virginia." Library Journal. "Wraps up lodgings (including many inns), restaurants and attractions in appealing weekend getaway packages.... A nice attention to detail." Washington Post.

Minutes of the Shiloh Baptist Association, Held at Smith's Creek Meeting-House, Shenandoah County, September ... 1818 Bethany House

In the recent past, enormous creative energy has gone into the study of American slavery, with major explorations of the extent to which African culture affected the culture of black Americans and with an almost totally new assessment of slave culture as Afro-American. Accompanying this new awareness of the African values brought into America, however, is an automatic assumption that white traditions influenced black ones. In this view, although the institution of slavery is seen as important, blacks are not generally treated as actors nor is their "divergent culture" seen as having had a wide-ranging effect on whites. Historians working in this area generally assume two social systems in America, one black and one white, and cultural divergence between slaves and masters. It is the thesis of this book that blacks, Africans, and Afro-Americans, deeply influenced white's perceptions, values, and identity, and that although two world views existed, there was a deep symbiotic relatedness that

must be explored if we are to understand either or both of them. This exploration raises many questions and suggests many possibilities and probabilities, but it also establishes how thoroughly whites and blacks intermixed within the system of slavery and how extensive was the resulting cultural interaction.

Records of Hopewell Monthly Meetings and Meetings Reporting to Hopewell, Two Hundred Years of History and Genealogy Oxford University Press

Has the significance of the Shenandoah Valley during the Civil War been overestimated? An extensive array of primary sources--including Philip Sheridan's official report--point to this revisionist conclusion.

Shenandoah Sisters Book 4, the sequel to *The Color of Your Skin Ain't the Color of Your Heart*. For over a year, Mayme--a former slave--and Katie have lived together on Katie's plantation, hiding the fact that they are orphans of war to avoid being separated. Together they have sheltered others and battled threats of foreclosure, theft, and deadly danger. But now the girls face what seems like the certain end of their scheme. A hard-nosed relative of Katie's father discovers--and exposes--their secret. He claims Rosewood as his own and forces Mayme and the other blacks to leave. Katie decides she must leave as well. Is this the end of their way of life? Will the girls ever be together again?

Outsiders and the Mainstream, 1716-1865 LSU Press

This is an exhaustive regional history of the parent county of nine present-day Virginia or West Virginia counties. It features several hundred detailed genealogical and biographical sketches of early families of old Frederick County. With an improved index Annual Report - West Virginia Geological and Economic Survey Forgotten Books

This second annual volume from the Organization of American Historians, containing the best American history articles published between the summers of 2005 and 2006, provides a quick and comprehensive overview of the topwork and the current intellectual trends in the field of American history. With contributions from a diverse group of historians, this collection appeals both to scholars and to lovers of history alike.

The Story of the Summers-Koontz Execution Univ of North Carolina Press

From the end of the Revolution until 1851, the Virginia legislature granted most divorces in the state. It granted divorces rarely, however, turning down two-thirds of those who petitioned for them. Men and women who sought release from unhappy marriages faced a harsh legal system buttressed by the political, religious, and communal cultures of southern life. Through the

lens of this hostile environment, Thomas Buckley explores with sympathy the lives and legal struggles of those who challenged it. Based on research in almost 500 divorce files, *The Great Catastrophe of My Life* involves a wide cross-section of Virginians. Their stories expose southern attitudes and practices involving a spectrum of issues from marriage and family life to gender relations, interracial sex, adultery, desertion, and domestic violence. Although the oppressive legal regime these husbands and wives battled has passed away, the emotions behind their efforts to dissolve the bonds of marriage still resonate strongly.

The Impact of War Upon the Civilian Population and Upon Civil Institutions Univ of North Carolina Press

When Europeans settled in the early South, they quarreled over many things--but few imbroglios were so fierce as battles over land. Landowners wrangled bitterly over boundaries with neighbors and contested areas became known as "the devil's lane." Violence and bloodshed were but some of the consequences to befall those who ventured into these disputed territories. *The Devil's Lane* highlights important new work on sexuality, race, and gender in the South from the seventeenth- to the nineteenth-centuries. Contributors explore legal history by examining race, crime and punishment, sex across the color line, and slander. Emerging stars and established scholars such as Peter Wood and Carol Berkin weave together the fascinating story of competing agendas and clashing cultures on the southern frontier. One chapter focuses on a community's resistance to a hermaphrodite, where the town court conducted a series of "examinations" to determine the individual's gender. Other pieces address topics ranging from resistance to sexual exploitation on the part of slave women to spousal murders, from

interpreting women's expressions of religious ecstasy to a pastor's sermons about depraved sinners and graphic depictions of carnage, all in the name of "exposing" evil, and from a case of infanticide to the practice of state-mandated castration. Several of the authors pay close attention to the social and personal dynamics of interracial women's networks and relationships across place and time. *The Devil's Lane* illuminates early forms of sexual oppression, inviting comparative questions about authority and violence, social attitudes and sexual tensions, the impact of slavery as well as the twisted course of race relations among blacks, whites, and Indians. Several scholars look particularly at the Gulf South, myopically neglected in traditional literature, and an outstanding feature of this collection. These eighteen original essays reveal why the intersection of sex and race marks an essential point of departure for understanding southern social relations, and a turning point for the field of colonial history. The rich, varied and distinctive experiences showcased in *The Devil's Lane* provides an extraordinary opportunity for readers interested in women's history, African American history, southern history, and especially colonial history to explore a wide range of exciting issues.

The Edinburgh Encyclopedia Genealogical Publishing Com
Try to meet me in Heaven where I hope to go. These poignant words were written in the summer of 1865 by twenty-year-old Confederate Sergeant Isaac Newton Koontz, in a letter he penned for his fiancée just hours before his death at the hands of Union firing squad in the heart of Virginia's Shenandoah Valley. The execution of Koontz and Captain George Summers came after the surrender at Appomattox Court House, and remains one of the most tragic yet little-known events of the Civil War. One month prior to kneeling on the hard ground to face their deaths, Koontz and Summers, along with four other Confederate soldiers, stole horses from a Union troop stationed near their home. Soon after the theft, the young men—remorseful and goaded by their fathers to uphold their honor—returned the horses and were offered a pardon by Union Colonel Francis Butterfield. The rebels returned home, free of mind and clean of conscience. All had been forgiven. Or so they thought. As the sun crept over the horizon on June 27, 1865, Union soldiers—under new command—swarmed the family homes of Summers and Koontz in a swift raid and arrested the two bewildered men. They were told that their pardons were no longer valid, and later that same day they were tied to a stake and shot with Union muskets—no trial, no judge, no jury. Before their deaths, Summers and Koontz were allowed to write farewell letters to their loved ones, and these heartrending documents serve as the basis for Robert Moore's insightful recounting of the Summers-Koontz execution. An experienced Civil War writer and a direct descendent of Koontz's fiancée, Moore brings this shocking story to life with a clarity that will appeal to Civil War experts and enthusiasts alike. Exhaustively researched and well written, *Tragedy in the Shenandoah Valley* tells one of the great and largely untold stories of the Civil War.

Proceedings of the Geological Society of America for .. Univ of North Carolina Press

Generally regarded as the most important of the Civil War campaigns conducted in the Shenandoah Valley of Virginia, that of 1864 lasted more than four months and claimed more than 25,000 casualties. The armies of Philip H. Sheridan and Jubal A. Early contended for immense stakes. Beyond the agricultural bounty and the boost in morale a victory would bring, events in the Valley also would affect Abraham Lincoln's chances for reelection in the November 1864 presidential canvass. The eleven original essays in this volume reexamine common assumptions about the campaign, its major figures, and its

significance. Taking advantage of the most recent scholarship and a wide range of primary sources, contributors examine strategy and tactics, the performances of key commanders on each side, the campaign's political repercussions, and the experiences of civilians caught in the path of the armies. The authors do not always agree with one another, yet, taken together, their essays highlight important connections between the home front and the battlefield, as well as ways in which military affairs, civilian experiences, and politics played off one another during the campaign. Gallagher, University of Virginia Joseph T. Glatthaar, University of North Carolina at Chapel Hill Robert E. L. Krick, Richmond, Virginia Robert K. Krick, Fredericksburg, Virginia William J. Miller, Churchville, Virginia Aaron Sheehan-Dean, University of North Florida William G. Thomas, University of Nebraska-Lincoln Joan Waugh, University of California, Los Angeles
Conflict and Chaos in the Occupied South, 1861-1865 Princeton University Press

Although many refer to the American South as the 'Bible Belt', the region was not always characterized by a powerful religious culture. In the 17th & early 18th centuries, religion was virtually absent from southern culture. The late 18th & early 19th centuries, however, witnessed an astonishing change.

When the Yankees Came Univ of North Carolina Press

By surveying the religiously pluralistic setting of the eighteenth- and early nineteenth-century Shenandoah Valley, Longenecker reveals how the fabric of American pluralism was woven. Calling worldliness the "mainstream" and otherworldliness, "outsiderness". This book describes the transition certain denominations made in becoming mainstream and the resistance of others in maintaining distinctive dress, manners, social relations, economies, and apolitical viewpoints.

Storm Data Baylor University Press

Southerners whose communities were invaded by the Union army during the Civil War endured a profoundly painful ordeal. For most, the coming of the Yankees was a nightmare become real; for some, it was the answer to a prayer. But as Stephen Ash argues, for all, invasion and occupation were essential parts of the experience of defeat that helped shape the southern postwar mentality. *When the Yankees Came* is the first comprehensive study of the occupied South, bringing to light a wealth of new information about the southern home front. Among the intriguing topics Ash explores are guerrilla warfare and other forms of civilian resistance; the evolution of Union occupation policy from leniency to repression; the impact of occupation on families, churches, and local government; and conflicts between southern aristocrats and poor whites. In analyzing these topics, Ash examines events from the perspective not only of southerners but also of the northern invaders, and he shows how the experiences of southerners differed according to their distance from a garrisoned town.

The Edinburgh Encyclopædia

Nehemiah Wood (ca. 1731-1816) moved from Prince William County, Virginia to Shenandoah County, Virginia, and married twice. Descendants lived in Virginia, Kentucky, Missouri, Nebraska, California and elsewhere.
