 This work explores the life of Tom Cutter, who has been passionate about airplanes since childhood. He has to either remain in England as an employee in someone else's aviation business or set out on his own. But with little more than personal determination and an antique aircraft, Cutter establishes an independent flying service on the Persian Gulf.

 Emily Henson explores the elements that come together to create this eclectic, colourful and contemporary look and draws inspiration from an array of real-life Bohemian Modern homes.

 Maximalism, or the "more is more" world of decorating, is here! The style that embraces the all-out--beautiful color palettes, luxurious textiles, patterns, and embellishment--has made a comeback. Maximalism is the epitome of passion, one in which

Scandi-style, stripped bare, and pared-back interiors have no place. Abigail Ahern guides us through the change in the world of interiors as the pendulum swings away from minimalism and over to our increasing desire for self-expression and optimism. Readers will learn how to break the "rules" of interior design, play fast and loose with different periods in a single room, and have fun. Maximalism allows us to dip into color palettes and any decade or style, with the effect of stirring up emotions and creating a bedazzling space we never want to leave.
Simply Imperfect New Society Publishers
 Filled with hundreds of ideas drawn from tradition, this work is both a confident style statement for the enthusiast of English design, and a reference work for the home decorator.

 Buy a pair of Levi's, lose the Russian accent, become an American... how hard could it be? Moscow, 1988. After years of antisemitic harassment, countless hours waiting in line for toilet paper, and having zero access to cool jeans, Margarita decides it's time to get the hell out of the Soviet Union. While dreaming of buying the boat-sized Buick she'd seen in a pirated VHS of Miami Vice and getting a taste of whatever it is Bruce Springsteen is singing about, she comes up with a plan to escape Mother Russia

for good. When Margarita arrives in the US with her family, she has one objective – become fully American as soon as possible, and leave her Soviet past behind. But she soon learns that finding her new voice is harder than avoiding the KGB. Because, how do you become someone else completely? Is it as simple as changing your name, upgrading your wardrobe and working on your pronunciation of the word ‘sheet’? Can you let go of old habits (never, ever throw anything away), or learn to date without hang-ups (‘there is no sex in the Soviet Union’ after all)? Will you ever stop disappointing your parents, who expect you to become a doctor, a lawyer, an investment banker and a classical pianist – all at the same time? And can you still become the person you dreamed you’d be, while learning to embrace parts of yourself you’ve wanted to discard for good when you immigrated? Absolutely hilarious, painfully honest and sometimes heart-breaking, the award-winning *I Named My Dog Pushkin* will have fans of David Sedaris and Samantha Irby howling with laughter at Margarita’s failures, her victories and the life lessons she learns as she grows as both a woman and an immigrant, in a world that often doesn’t appreciate either. What readers are saying about *I Named My Dog Pushkin*: ‘Hilariously funny, whip-smart and absolutely fascinating... Silver shows that the only person she needs to ever become is herself. Just amazing.’ Caroline Leavitt, *New York Times* bestselling author of *Pictures of You and With or Without You* ‘Laugh-out-loud funny... a particular pleasure to see our splintered country through the eyes of this determined and appreciative emigree.’ NPR Books ‘An eye-opener... a whole other brand of Jewish humor... The book’s wit, drama and erudition appear to me wholly miraculous. Margarita deserves a literary prize.’ Alicia Bay Laurel, *New York Times* bestselling author of *Living on the Earth* ‘Hysterically funny and thought-provoking... perfect for anyone fascinated with the USSR’ *FangirlNation* ‘I thoroughly enjoyed Margarita’s witty and acerbic voice. This book was a delight!’ Jen Mann, *New York Times* bestselling author of *People I Want to Punch in the Throat* ‘Hilarious... From one USSR immigrant to another... I related a lot.’ Margarita Levieva, HBO’s *The Deuce* ‘Hilarious and thought-provoking.’ *California Bookwatch* ‘A memoir like this is so very rare, one in which you learn a great deal, while laughing throughout. Highly, highly recommended.’ *Wandering Educators* ‘Plunges the reader into a world in which Coca-Cola is synonymous with freedom... riveting... moving... Gokun Silver is a gifted, witty writer.’ *Los Angeles Review of Books* ‘Sure to delight while tugging at your heartstrings.’ *Jewish Book Council* ‘Had me laughing and smiling all the way through... a perfect balance of wit and seriousness... Superb.’ *Goodreads* reviewer ‘Laughed my socks off!’ *Goodreads* reviewer ‘I loved this book so much... I just could not stop reading.’ *NetGalley* reviewer ‘A sharp, witty memoir... Margarita captured Jewish joy and grief together perfectly.’ *Goodreads* reviewer ‘Darkly funny... reminiscent of other acerbic comedian authors like Sara Barron... fascinating.’ *NetGalley* reviewer

In “Watching The English” anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

We are bombarded by perfect interiors, images that aren’t attainable because they have been styled to the point where they bear no resemblance to reality. These interiors may be stunning, but they aren’t an honest reflection of how we really live. *Life Unstyled* is about taking inspiration from real homes that are beautiful, creative and inspiring but at the same time a little rough around the edges, with signs of everyday life evident throughout. The first section, ‘Homes Unstyled’, sets out Emily’s manifesto for creating a stylish home that is beautiful but lived in. *A Home is Never Done* advocates allowing your space to evolve gradually so it is an ever-changing expression of your tastes and interests. *Work with What You’ve Got* suggests ways to make the most of the home you have rather than yearning for unattainable perfection. *Signs of Life* offers ideas for wrangling papers, clutter and other stuff. *Creative Clutter* tackles collections and displays, while *Break the Rules* rejects style diktats and shows how individuality can bring a home to life. The second section, ‘People Live Here’, visits real-life homes that are definitely not perfect yet display incredible style and creativity and reflect their owners’ needs, tastes and style. And throughout the book, quick fixes, DIY makes and ‘Every Home Should Have...’ boxes offer creative solutions with unique results.

Originally published in German in 1935, this monograph anticipated solutions to problems of scientific progress, the truth of scientific fact and the role of error in science now associated with the work of Thomas Kuhn and others. Arguing that every scientific concept and theory—including his own—is culturally conditioned, Fleck was appreciably ahead of his time. And as Kuhn observes in his foreword, “Though much has occurred since its publication, it remains a brilliant and largely unexploited resource.” “To many scientists just as to many historians and philosophers of science facts are things that simply are the case:

they are discovered through properly passive observation of natural reality. To such views Fleck replies that facts are invented, not discovered. Moreover, the appearance of scientific facts as discovered things is itself a social construction, a made thing. A work of transparent brilliance, one of the most significant contributions toward a thoroughly sociological account of scientific knowledge."—Steven Shapin, *Science*

This revised and updated edition of *The Wabi-Sabi House* recounts the history of this aesthetic philosophy and reveals ways to introduce it into your home. The ancient Japanese philosophy of wabi-sabi is about appreciating simplicity and letting go of the superficial—the perfect antidote to modern consumerism and perfectionism. In 2004, author Robyn Griggs Lawrence helped popularize wabi-sabi in North America with her book *The Wabi-Sabi House*. In *Simply Imperfect*, Lawrence shows that wabi-sabi is far more than a style of home décor. It's a state of mind—a way of living modestly in the moment, stripping away the unnecessary, and finding satisfaction in everyday things. Tracing the rich history of wabi-sabi from its Zen Buddhist roots to the present day, this beautifully-illustrated book also offers tips on: Clearing clutter and blocking noise Integrating salvaged and recycled materials Making and growing things yourself (or supporting local artisans who do) Taking time and space for self-reflection

Rustic isn't what it used to be. Gone are the days when rustic style meant fusty dried flower arrangements, antlers over a stone fireplace and acres of tartan. At its heart, the modern rustic look celebrates the fabric of a home, from the roof beams to the brickwork. This style revels in earthy colours and rich textures; in natural materials such as wood and stone; and the ruggedly

handsome bones of a building. In this book, stylist Emily Henson and writer Joanna Simmons first lead you through the Elements of the Modern Rustic look. Pure Rustic elegantly blends clean lines with muted shades of grey. Bohemian Rustic mixes texture and pattern with lush colour, while Pop Rustic teams raw wood with pops of neon and tongue-in-cheek artworks. Retro Rustic, meanwhile, brings a relaxed feel, showcasing beaten-up leather armchairs and brick floors. In Details, textiles, furniture, fabric and display are explored, while Living Spaces shows how Modern Rustic style translates beautifully to every room in the house. *The Maverick Soul* Mango Media Inc.

If flat-pack furniture or expensive designer pieces aren't your thing, and you'd rather make your own cushion cover than buy it, then *Homespun Style* is for you. If flat-pack furniture or expensive designer pieces aren't your thing, and you'd rather make your own cushion cover than buy it, then *Homespun Style* is for you. The *Homespun* look is about supporting artists and craftspeople, hunting down one-of-a-kind gems made by people with talent and passion. Fans of *Homespun Style* are no stranger to a flea market, online auction, or second-hand store either, always on the lookout for unusual furniture and quirky accessories. Interiors stylist Selina Lake and writer Joanna Simmons show how this homely, crafty look has been given a modern twist with cheerful colors, tactile fabrics, and bold combinations. The book begins with the Ingredients of the look, from the basics of modern craft today to how to make color and pattern work. It focuses on ingenious ways to recycle and reuse, from transforming furniture with a lick of paint to finding new uses for everyday items. The Details section looks at textiles, furniture and display, and the second half of the book, Spaces, reveals how the style works beautifully in Living Spaces, Cooking & Eating Spaces, Bedrooms & Bathrooms, Children's Rooms, Craft & Work Rooms, and Outside. *Homespun Style* reflects our growing passion for all things crafted, stitched, knitted, and painted. Selina Lake visits homes packed with personality and interest, full of homemade pieces, restored junk-store finds, and one-off treasures.
