When health officials in San Francisco discovered bubonic plague in their city's Chinatown in 1900, they responded with intrusive, controlling, and arbitrary measures that touched off a sociocultural conflict still relevant today. Guenter B. Risse's history of an epidemic is the first to incorporate the voices of those living in Chinatown at the time, including the desperately ill Wong Chut King, believed to be the first person infected. Lasting until 1904, the plague in San Francisco's Chinatown reignited racial prejudices, renewed efforts to remove the Chinese from their district, and created new tensions among local, state, and federal public health officials quarreling over the presence of the deadly disease. Risse's rich, nuanced narrative of the event draws from a variety of sources, including Chinese-language reports and accounts. He addresses the ecology of Chinatown, the approaches taken by Chinese and Western medical practitioners, and the effects of

quarantine plans on Chinatown and its residents. Risse explains how plague threatened California's agricultural economy and San Francisco's leading commercial role with Asia, discusses why it brought on a wave of fear mongering that drove perceptions and intervention efforts, and describes how Chinese residents organized and successfully opposed government quarantines and evacuation plans in federal court. By probing public health interventions in the setting of one of the most visible ethnic communities in United States history, *Plague, Fear, and Politics in San Francisco's Chinatown* offers insight into the clash of Eastern and Western cultures in a time of medical emergency.

The never silent, hilariously thought-provoking, Tony and OBIE award-winning San Francisco Mime Troupe, in celebration of our 60 years of revolutionary theatre has put together an anthology of our scripts from 2000 - 2016. From the War on Terror to the War on Drugs, from genetically modified foods to financially modified democracy, from corporate personhood to Occupy to Trump - the Troupe has dealt with the issues of the day with our particular brand of outrageous, hard-hitting political musical comedies, tragedies, farces, and melodramas. Speaking truth to power, giving voice to the voiceless, comforting the afflicted, afflicting the comfortable, this collection of scripts is being provided - including introductions to the plays, photos, fan quotes, and artists biographies - at price every fan, supporter, student, historian, and comrade of the Troupe can afford... Tim Book Two is the follow-up to *Telling Stories*, the hugely successful memoir of Tim Burgess, singer of the Charlatans. In 2012, Tim published his hugely successful and critically acclaimed memoir, *Telling Stories*. Tim really enjoyed his new role as an author, and so here it is: *Tim Book Two* - a tale of Tim's lifelong passion for records, the shops that sell them, and the people who make them. In some ways, the biggest events in Tim's life happened in the couple of years after he had finished writing his first book rather than in the forty years before. So he had more to say, but instead of another autobiography he chose a different way of telling the story. Tim set himself a quest. He would get in touch with people he admired, and ask them to suggest an album for him to track down on his travels, giving an insight into what makes them tick. It would also offer a chance to see how record shops were faring in the digital age - one in which vinyl was still a much-treasured format. Tim assembled his cast of characters, from Iggy Pop to Johnny Marr, David Lynch to Cosey Fanni Tutti. Texts, phone calls, emails and handwritten notes went out. Here is the tender, funny and surprising story of what came back.

Delve into a world of cold cases, serial killers, and false confessions pulled straight from the archives of the San Diego Police Department. From a rash of attacks in Balboa Park to the slayings of two police officers that remain unsolved to this day, detectives have investigated several vexing and violent cases over the years. In 1931, the murder of ten-year-old Virginia Brooks was initially linked to serial slayer Gordon Stewart Northcott, later hung for his crimes, while the mysterious death of young Dalbert Aposhian languished for seventy-two years before modern forensics closed

it. Join author Steve Willard as he pulls back the curtain on San Diego's dark side.
