The Whisper Random House

Before Nana goes away for the winter, seven-year-old Patience makes her a unique promise. But no matter how hard Patience tries, perfection always seems beyond her grasp. Can Patience learn to look within and find the creativity, love and resilience she needs to keep her promise? Certain to capture the eyes and ears of children, and the hearts of parents, *It Takes Patience* teaches us all that anything is possible once we learn to listen to the magical voice we have inside.

Think Like a Baby Simon and Schuster

Having successfully helped parents to calm and connect with their baby in *Secrets of the Baby Whisperer*, Tracy Hogg now provides the bible for parents who've made it through the first year with baby and are now faced with a delightful, yet demanding toddler. In *Secrets of the Baby Whisperer for Toddlers* Tracy reveals the know-your-toddler quiz to help determine how best to

help and 'handle' your toddler. She explains the critical techniques for fostering your toddler's growth and independence and advises on discipline, one of the most troublesome toddler issues, as well as socialising and potty training and much, much more. This is a must-have manual for all parents of toddlers.

The Modern Chakra Guide Candlewick Press

It's an insidious disease that is crippling companies, destroying our economy, and crushing potential. It's infecting the very roots of business performance, and it's spreading fast. It isn't the recession, market volatility, scandal, or greed. It's entitlement. And it may be killing your business. In myriad ways, entitlement has been cultivated for decades. As a result, too many employees today believe that they are entitled to a paycheck simply because they show up. Brad Hams has proven that we are not doomed to a path of entitlement and dependence. After more than 15 years working with hundreds of companies, he knows that the vast majority of employees addicted to entitlement actually want to engage, want to contribute, and feel much better about themselves when they are in an environment that requires them to do so. Now, with *Ownership Thinking*,

Hams shares his strategy that will increase your company's productivity, employee retention, and profitability: *The Right Education*: Teach employees the fundamentals of business and finance, how their company makes money, and how they add—or take away—value. *The Right Measures*: Identify the organization's Key Performance Indicators and teach employees to forecast results in an environment of high visibility and accountability. *The Right Incentives*: Create incentive plans that are self-funding and clearly align employees' behavior to the organization's business and financial objectives. Your employees will learn to think and act like owners and will become active participants in the financial performance of the business. They will gain the self-esteem that is only possible through achievement and will reap rewards that are in alignment with the success of their organization. Meanwhile, you will enjoy your role more, sleep better at night, and leave a legacy that is far more inspiring and significant than you dreamed possible. Praise for *Ownership Thinking* "You would have to read a dozen other books to even come close to *Ownership Thinking*—a systematic and practical process for getting your employees to give that extra effort and brain power we know they possess." —Verne Harnish, CEO, Gazelles; author, *Mastering the Rockefeller*

Habits “Brad Hams tells it like it truly is: transparency creates trust; trust creates engagement; engagement creates a healthy enterprise. This thoughtful and practical book shows you how to achieve all of these things and more.” —Chip Conley, founder and executive chair, Joie de Vivre; author, Peak “Comprehensive and marvelously clear, Ownership Thinking’s techniques for creating change are focused, direct, and motivating. This is a wise book, unusually useful, and I recommend it most highly.” —Judith M. Bardwick, Ph.D., author, Danger in the Comfort Zone and The Psychological Recession “Brad Hams is one of the most persuasive and creative thinkers I know. His book is a specific guide you can (and should) implement now.” —Corey Rosen, founder, National Center for Employee Ownership “Hams is masterful at outlining the engagement practices that inspire people to care and to be deeply vested in business results.” —Jim Haudan, CEO, Root Learning; author, The Art of Engagement “Hams’ book is like a candid conversation with a wise friend. . . . A ‘must read’ for any business leader wanting to create a culture of ownership.” —Dean Schroeder, author, Ideas Are Free

The Lost Apothecary Random House

For graduates, for their parents, for anyone facing change, here is a gorgeously illustrated and stunningly heartfelt ode to the challenges of growing up and letting go. A story of the seasons and stepping stones as poignant for parents as for their kids, from the creator of Otis the tractor and illustrator of Love by Matt de la Pena. "Long’s gentle but powerful story about a young tree who holds tight to his leaves, even as everyone else lets theirs drop, takes on nothing less than the pain and sorrow of growing up. . . . As in Long’s unaccountably profound books about Otis the tractor, a pure white background somehow adds to the depth."—The New York Times Book Review In the middle of a little forest, there lives a Little Tree who loves his life and the splendid leaves that keep him cool in the heat of long summer days. Life is perfect just the way it is. Autumn arrives, and with it the cool winds that ruffle Little Tree’s leaves. One by one the other trees drop their leaves, facing the cold of winter head on. But not Little Tree—he hugs his leaves as tightly as he can. Year after year Little Tree remains unchanged, despite words of encouragement from a squirrel, a fawn, and a fox, his leaves having long since turned brown and withered. As Little Tree sits in the shadow of the other trees, now grown sturdy and tall as though to touch the sun, he remembers when they were all the same size. And he knows he has an important decision to make. From #1 New York Times bestselling Loren Long comes a gorgeously-illustrated story that challenges each of us to have the courage to let go and to reach for the sun. Praise for Little Tree * "The illustrations are beautifully rendered . . . Understated and inviting, young readers will be entranced by Little Tree’s difficult but ultimately rewarding journey."—Booklist, starred review "Long’s gentle but powerful story about a young tree who holds tight to his leaves, even as everyone else lets theirs drop, takes on nothing less than the pain and sorrow of growing up. Season after season, Little Tree clings to his brown-leaved self until he can take a leap and shed his protection. He feels ‘the harsh cold of winter,’ but soon grows tall and green, and it’s not bad at all. As in Long’s unaccountably profound books about Otis the tractor, a pure white background somehow adds to the depth."—The New York Times Book Review * "[Long’s] willingness to take his time and even test the audience’s patience with his arboreal hero’s intransigence results in an ending that’s both a big relief and an authentic triumph. Long’s earnest-eloquent narrative voice and distilled, single-plane drawings, both reminiscent of an allegorical pageant, acknowledge the reality of the struggle while offering the promise of brighter days ahead."—Publishers Weekly, starred review "Long is sparing with the text, keeping it simple and beautifully descriptive. Brilliantly colored illustrations done in acrylic, ink, and pencil stand out on bright white pages, with Little Tree taking the center position in each double-page spread. Tender and gentle and altogether lovely."—Kirkus Reviews "Children will see the tree facing the scariness of change; adult readers may well feel wistful as the story underscores the need to let their babies grow toward independence. Beautiful. Grade: A" —Cleveland Plain Dealer
Oh Crap! Potty Training McGraw Hill Professional
Her magical book of stories is wordless until a whisper in the wind tells a little girl to imagine a story for each page.

Secrets of the Nanny Whisperer Seal Press

The Contented Little Baby Book, based on Gina Ford's personal experience of caring for over 300 babies, was first published in 1999. It quickly established Gina as an influential new authority on baby and childcare issues and has remained one of the bestselling parenting books in the UK. This completely revised edition of The New Contented Little Baby Book contains the most up-to-date advice available to parents. Using the feedback from numerous readers and website members,

Gina has been able to develop and elaborate on the information in her first book, while clearly setting out her philosophy on simple feeding and sleeping routines. By creating routines that match a growing baby's innate natural rhythms, Gina prevents the hunger, overtiredness and colic that can lead to excessive crying. Babies who are settled into Gina's gentle routines are happy and contented because their needs for food and sleep are appropriately met and they should sleep for their longest spell at night from an early age. With detailed, prescriptive information on everything parents need to know, this book includes chapters on: - Preparation for the birth - How the routines evolved and the benefits of following a routine - Milk feeding in the first year - Understanding your baby's sleep - Establishing a routine - Introducing solid food in line with government and World Health Authority guidelines - Common problems in the first year. Whether you are expecting your first child, or are experiencing difficulties with an older baby, this comprehensive guide contains all the expert guidance you need to help your baby feed and sleep well.

It Takes Patience Natalie Willes

You want to help them. They don't want to be helped. How on earth are you going to reach those troubled teens? This is the essential guide to reaching troubled teens based on Sam Ross' years of listening to, researching and working with the most challenging, disengaged young people. Written in the voice of those teens and also in hers, it will change the way you work with young people. This is what our troubled teens need you to read. This is what they need you to hear. This is what they need from you. Read this and change lives. "I've never met any worker who actually cares, you know, who really wants to know and understand me. Sam does, and she she's helped me turn my life around, get it right. She's like magic. I wish all workers were like her." K, age 17 "I particularly like how she writes from the teen's perspective. I regularly recommend her site to schools, youth workers, social workers, school health and loads of parents." Matt Chipchase, Lancashire County Council Multi-Agency Safeguarding Hub "She has guided me towards a more empathic way of working. It has encouraged me to make use of the most important resource available to those working with teenagers- the young people themselves." D. Chambers, Homelessness Support Worker (16-25s) Sam Ross, BSc, MSc, MSc, Cert EP (YJ) is a Teen Behavioural Consultant and founder of the popular Teenage Whisperer blog (www.teenagewhisperer.co.uk). She is passionate about connecting with and helping the most challenging, disengaged and troubled teens to turn their lives around. She works in both educational and criminal justice settings, both with young people and their parents or carers. Really understanding teens is the beginning, middle and end of her work and she helps professionals and parents achieve this through her website, books and public speaking engagements.

How to Behave So Your Children Will, Too Penguin

Basketball’s most unlikely—and most sought-after—training guru offers an inside look at his career, his methods, and the all-star players whose games he’s helped transform. Where do the best basketball players in the world turn when they want to improve their game? Whom does a future NBA Hall of Famer thank at his press conference when he’s named Rookie of the Year? Who is it that Sports Illustrated, The Wall Street Journal, and Men’s Journal all call the "Hoops Whisperer" because of his ability to engage, inspire, and challenge the players he trains? The answer to all of these questions is Idan Ravin. Ravin never played or coached in college or the pros, yet a virtual NBA All-Star team relies on him to better their game and reach their full potential. A soft-spoken former lawyer, Ravin has become professional basketball’s hottest trainer. In The Hoops Whisperer, Ravin shares the fascinating story of how he transformed a passion for the game into working with iconic basketball stars such as Chris Paul, LeBron James, Kevin Durant, Carmelo Anthony, Stephen Curry, Blake Griffin, James Harden, Dwight Howard, and many more. He offers a rare unguarded glimpse inside the lives of these great athletes, drawn from his intimate connection with them that is the basis of his success. Showcasing his unorthodox drills and improvisational techniques in action, Ravin reveals how faith, effort, dedication, and passion can make a player into a superstar—and anyone into a success. Combined with his own inspiring journey, Ravin’s insights make The Hoops Whisperer a must-read for anyone who loves the game.

I Am Pilgrim Random House Australia

Book jacket.

Getting Your Baby to Sleep the Baby Sleep Trainer Way TAN Books

Raising a baby is joyful, amazing . . . and ridiculously difficult. But with some insight into what's actually going on inside your little one's head, your job as a parent can become a little bit easier—and a lot more fun. In Think Like a Baby, coauthors Amber and Andy Ankowski—The Doctor and the Dad—show parents how to re-create classic child development experiments using common household items. These simple step-by-step experiments apply from the third trimester through age seven and beyond and help parents understand their children's physical, cognitive, language, and social development. Amazed parents won't just read about how their kids are behaving, changing, and thinking at various stages, they'll actually see it for themselves while interacting and having fun with them at the same time. Each experiment is followed by a discussion of its practical implications for parents, such as why to always bring more than one toy to a restaurant, which baby gadgets to buy (and which ones to avoid), how to get kids to be perfectly happy eating just half of their dessert, and much more.

Nanny in a Book Chicago Review Press

A practical companion to childcare that helps you with: setting up your nursery; sleeping, weaning and potty training; teaching your child good manners and behaviour; nursing common ailments from sore tummies to measles; and, organising a fabulous birthday party.

CHAOS to Clean Random House

In a seedy hotel near Ground Zero, a woman lies face down in a pool of acid, features melted of her face, teeth missing, fingerprints gone. The room has been sprayed down with DNA-eradicating antiseptic spray. Pilgrim, the code name for a legendary, world-class segret agent, quickly realizes that all of the murderer's techniques were pulled directly from his own book, a cult classic of forensic science written under a pen name.

Ownership Thinking Simon and Schuster

A unique program for understanding and communicating effectively with your baby from infant expert Tracy Hogg. The combination of interactive self-questioning and expert, friendly advice will change how you approach parenting, leading to transformative results. 'Miracles are her business' -- Jodie Foster 'The honest truth is that Tracy Hogg has provided me with more insight into the things that matter than anyone else' -- Observer Review 'She achieves what, to hard-pressed parents, seem like miracles' -- Mail on Sunday '...in a different league than all other 'how to manage as a parent' books' -- Daily Mail 'A book that changed our lives' -- ***** Reader review 'This book is amazing' -- ***** Reader review 'Great book, full of easy tips and tricks for new parents. I would highly recommend it!!!!' -- ***** Reader review 'The BEST baby advice book, EVER!!' -- ***** Reader review 'A God Send!' -- ***** Reader review

***** Tracy Hogg knows babies. She can calm even the most distressed or difficult infant, because she understands their language. Hence, her clients call her 'The Baby Whisperer'. In this remarkable parenting book, Tracy demystifies the magic she has performed with some five thousand babies. She teaches parents how to work out what kind of baby they have, what kind of mother or father they are, and what kind of parenting plan will work best for them. Believing that babies need to become part of the family - rather than dominate it - she has developed a practical programme that works with infants as young as a day old. Full of questionnaires, clearly explained theories and easy-to-follow, practical, expert advice - this book is guaranteed to set you on the path to calm and confident parenting.

The New Contented Little Baby Book Dress Your Truth

A unique collection of practical strategies to help parents discipline their children. 'I found this to be a very valuable book. It has helped me immensely with my children.' Jack Canfield, New York Times bestselling author of Chicken Soup for the Soul. * Are you tired of repeating everything four times to get your children to listen? * Do your children spend hours in front of the TV and only minutes doing homework? * Do you feel guilty because your children don't behave? * Do you give in to your children to stop the whining? If you have said YES to any of these questions, this book will save your sanity! HOW TO BEHAVE SO YOUR CHILDREN WILL, TOO! teaches you how to teach your children to behave, how to listen and how to be more co-operative. It shows you how to be consistent and manage your anger. It explains how to prevent arguments and power struggles. It will make discipline simple and your life easier. You will even learn how to enjoy being a parent.

If Aristotle's Kid Had an iPod Live Your Truth Press

UPDATED EDITION 2018 The first six months with a new baby is a special and exciting time full of milestones and new experiences. This updated edition of *Your Baby Week by Week* explains the changes that your baby will go through in their first six months. Each chapter covers a week of their development so you'll know when your baby will start to recognize you, when they'll smile and laugh for the first time and even when they'll be old enough to prefer some people to others! Paediatrician Dr Caroline Fertleman and health writer Simone Cave's practical guide provides reassuring advice so you can be confident about your baby's needs. Including: - How to tell if your baby is getting enough milk - Spotting when you need to take your baby to the doctor - Identifying why your baby is crying - How long your baby is likely to sleep and cry for - Tips on breastfeeding and when to wean your baby Full of all the information and tips for every parent *Your Baby Week by Week* is the only guide you'll need to starting life with your new arrival.

It's Just My Nature Elton-Wolf Publishing

Troubled children need special parenting to build attachments and heal from trauma. This book provides a parenting model that parents and carers can follow to incorporate love, play, acceptance, curiosity and empathy into their parenting. These elements are vital to a child's development and will help children to feel confident, secure and happy.

French Children Don't Throw Food Penguin

RESET is the most successful parenting playbook based on five rules that delivers a powerful and permanent antidote to strengthen or repair all parenting relationships. It doesn't matter what difficulties or stage of life your child or teenager is going through. The playbook is indigenous to intact families, step-families, blended-families, single-parents, adoptive-families, or any other loving combination. As a result, children will acquire five vital life-skills: Empathy, Self-Worth, Self-Awareness, Self-Control and Self-Confidence.

Your Baby Week By Week Penguin

Turn any student into a bookworm with a few easy and practical strategies Donalyn Miller says she has yet to meet a child she can't turn into a reader. No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time

to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. In the book, you'll find: Hands-on strategies for managing and improving your own school library Tactics for helping students walk on their own two feet and continue the reading habit after they've finished with your class Data from student surveys and end-of-year feedback that proves how well the Miller Method works The Book Whisperer includes a dynamite list of recommended "kid lit" that helps parents and teachers find the books that students really like to read.

7pm to 7am Sleeping Baby Routine Jessica Kingsley Publishers

The New Childcare Bible—A Must-Have Whether You Have Occasional Sitters or a Full-Time Nanny Finding the right caregiver can be one of the most life-changing decisions a parent makes.

Whether it's a kindly neighbor for the weekday latchkey hours, a teenage babysitter one night a week, or a full-time professional nanny, the right caregiver can enrich a child's world and literally grow her brain. Hire the wrong one, and this person could cause developmental delays and stress for the entire family. In her groundbreaking new book, *Secrets of the Nanny Whisperer: A Practical Guide for Finding and Achieving the Gold Standard of Care for Your Child*, nationally recognized parenting expert Tammy Gold draws from her extensive background in child developmental psychology, social work, and family therapy to offer the first childcare bible for parents. Knowing the impact caregivers have on children coupled with the unregulated often unknown world of in-home childcare workers, Gold has devoted her professional career, and now this book, to helping parents navigate through this important—and woefully overlooked—process. She arms parents with invaluable tools, tips, and insider secrets to finding the perfect caregiver-family match. Gold's Family Needs Assessment helps parents identify the traits and conditions that are "must-haves," added "pluses," or nonnegotiable "deal breakers." Parents can then use this list of qualities to quickly weed out unqualified candidates. She also details what to ask over the phone and in a face-to-face interview, how to structure a trial run (which she deems essential), and what to spell out in a Nanny-Family Work Agreement—another essential tool included in the book. Readers learn her "Nanny Speak 1-2-3" technique to help clarify and resolve issues with the caregiver in a productive, positive way. In addition to saving hours and energy, Parents will also discover as much about parenting as they will about finding a nanny. *Secrets of the Nanny Whisperer* is chock-full of parenting gems about children's developmental stages, ways to nurture and stimulate the child, and essential strategies for maintaining harmonious and high-functioning parent-child-

caregiver relationships. This book is a must read for parents who want to create a happier, healthier and safer childcare experience for their child.

The Blissful Baby Expert Random House

ENGAGING STUDENTS In Phillip Schlechty's best-selling book *Working on the Work*, he outlined a motivational framework for improving student performance by improving the quality of schools designed for students. *Engaging Students* offers a next-step resource in which Schlechty incorporates what he's learned from the field and from the hundreds of workshops he and the Schlechty Center staff have conducted since *Working on the Work* was first published. This innovative and practical book is focused on helping teachers become increasingly successful in designing engaging work for their students. Schlechty contends that rather than viewing schools as teaching platforms, schools must be viewed as learning platforms. Rather than seeing schools as knowledge distribution systems, schools must be seen as knowledge work systems. Rather than defining teachers as instructors, teachers must be defined as designers, leaders, and guides to instruction. *Engaging Students* also includes useful questionnaires that will facilitate discussion, analysis, and action planning at both school and classroom levels. Praise for *Engaging Students* "In *Engaging Students*, Schlechty boldly delineates why the focus on engaging students overrides the focus on test scores. Every teacher and administrator in my district will use this guide to transform our entire organization into one that is truly focused on student engagement." —KIM REDMOND, superintendent, Canton Local Schools, Canton, Ohio "This insightful book reminds us that every decision made in schools should ultimately benefit students. You will find yourself referring to this book again and again as a guide to support you in your role as an educator." —ALLENE MAGILL, executive director, Professional Association of Georgia Educators, Atlanta, Georgia "Here is a much-enriched framework for everything Dr. Schlechty advocates: well articulated curriculum standards, schools as a platform for learning, teachers as leaders and designers of engaging and meaningful work, and students becoming responsible for their learning." —NYANA SIMS, K-12 literacy and induction facilitator, Goshen School District, Torrington, Wyoming "By understanding and implementing the principles so thoughtfully articulated in this book, schools can become centers of highly engaged learners—and in that endeavor find again the joy of teaching and learning." —JOHNNY VESELKA, executive director, Texas Association of School Administrators, Austin, Texas
