- A visually stunning book that approaches erotic photography from a female point of view, curated by Iman Whitfield - Features young and exciting photographers from around the globe - Celebrates the diversity of female beauty and body confidence in the 21st century If you spend a reasonable amount of time online, chances are you may have stumbled across the phrase: #SENDNUDES. A staple of millennial lingo, the term is used to request sexually explicit photographs, typically over text messaging and dating apps. Over time, #SENDNUDES has also evolved into a meme, deployed as a common punchline in image and video internet jokes. Today, #SENDNUDES is making another transition -- as the title of a carefully curated book of nude photography. In collaboration with Iman Whitfield, MENDO reached out to photographers all over the world and asked them to send their favorite shots of female sensuality and intimacy. The result is a visually stunning photo collection approaching erotic photography from a female point of view, celebrating the diversity of female beauty and body confidence, and teasing the delicate line between that which is revealed and that which remains private. The featured images were sent from all over the world, from such highly skilled erotic photographers as Dennis Swiatkowski, Fauve Bouwman, and Paul Bellaart -- each bringing a distinctive style and approach to female sensuality, intimacy, and elegance.

Männer wie wir sehen Dinge. Wir tun Dinge, die uns gefühllos machen. Das ist der Preis für Macht und Geld, dafür, dass wir la belle vie leben und die französische Mafia leiten. Dann tauchte sie auf wie eine hübsche Wildblume, die durch die Ritzen eines schmutzigen Pflasters wächst - zerbrechlich und doch unverwundlich, ein Hauch von Schönheit inmitten des Schmutzes. Sie sollte nur ein weiterer Job sein, eine namenlose Person, die ich aus ihrem Leben reißen und meinem Bruder übergeben sollte, nichts weiter als ein Pfand in unserem Diamantengeschäft. Für Männer wie uns gibt es einen psychologischen Stempel. Uns fehlt es an Empathie und Schuldgefühlen. Wir tun Dinge, um zu bekommen, was wir wollen, Dinge, die Blumen verwelken lassen.

This new collection of essays by West Germany's most distinguished Roman Catholic theologian covers the two broad areas indicated in the title. The first half discusses the Christian understanding

of God; the place of Christianity in the modern world; the modern sense of freedom and history and the theological definition of human rights; christology and anthropology; and the possibilities of a new spiritual christology in a trinitarian setting. The second half discusses various aspects of the church: as universal sacrament of salvation; as the place of truth and as communion. Two final studies examine the continuing challenge of the Second Vatican Council and the fundamental form and meaning of the eucharist. An extended introduction considers systematic theology today and the tasks which confront it.

"A donkey?' blurted my family as one. For a moment it didn't seem they'd ever be able to list all the reasons that made this so entertainingly ludicrous. . . . Yes, I'd never ridden a donkey on a beach or petted one at a city farm, never even pinned a cardboard tail to one's throat after the cake and ice cream.... A donkey would be my hairy-coated hair shirt, making my pilgrimage to Santiago de Compostela a truer test of the will, a trial." With these words, having no knowledge of Spanish and even less about the care and feeding of donkeys, Tim Moore, Britain's indefatigable traveling Everyman, sets out on a pilgrimage to the cathedral at Santiago de Compostela with a donkey named Shinto as his companion. Armed only with the Codex Calixtinus, a twelfth-century handbook to the route, and expert advice on donkey management from Robert Louis Stevenson, Moore and his four-legged companion travel the ancient five-hundred-mile route from St. Jean Pied-de-Port, on the French side of the Pyrenees, to the cathedral at Santiago de Compostela, which houses the remains of Spain's patron saint, St. James. Over sun-scorched highways, precipitous bridges, dirt paths shaded by leafy trees, and vineyards occasionally lashed by downpours, Moore and Shinto pass through some of the oldest towns and cities in northern Spain in colorful company, both past and present. Pilgrims real and imagined have traveled this route throughout the ages, a diverse cast of wayfarers spanning Charlemagne, St. Francis of Assisi, Chaucer's Wife of Bath, and New Age diva, Shirley MacLaine. Moore's present-day companions are no less florid or poignant. Clearly more interested in Shinto than in Moore, their fellow walkers are an assortment of devout Christian pilgrims, New Age spirituality seekers, travelers grieving over a lost love affair, Baby Boomers contemplating the advent of middle age, and John Q. Public just out for a cheap, boozy sun-drenched outdoor holiday. As Moore pushes, pulls, wheedles, cajoles, and threatens Shinto across Spain toward the crypt of St. James in a quest to find the spiritual pilgrim within, the duo overnights in the bedrooms, dormitories, and---for Shinto---adjacent grassy fields of northern Spain's hostels, inns, convents, seminaries, and farmhouses. Shinto, a donkey with a finely honed talent for relieving himself at the most inopportune moments, has better luck in the search for his next meal than Moore does in finding his inner St. Francis. Undaunted, however, Man and Beast finally arrive at the cathedral and a successful end to their journey. For readers who delighted in his earlier books, *Travels with My Donkey* is the next hilarious chapter in the travels of Tim Moore, a book that keeps the bones of St. James rattling till this day.

Am Ende des 19. und am Anfang des 20. Jahrhunderts war Albanien ein Land, das es zu entdecken galt. Das ewig unruhige Balkanland gehörte noch zu dem in Zerfall begriffenen, großen Osmanischen Reich und war für europäische Reisende nicht einfach zugänglich. Dennoch strömten viele europäische Forscher und Reisende nach Albanien, um den letzten weißen Fleck auf der Karte Europas zu erkunden. Unter ihnen spielte der österreichische Ingenieur Karl Steinmetz eine besondere Rolle. Im Gegensatz zu den meisten Entdeckern und Reisenden war er auf seine Expeditionen gut vorbereitet. Er lernte albanisch, scheinbar gut, und war dadurch in die Lage versetzt, selbstständig kreuz und quer durch die bis dahin schwer zugänglichen Berge zu reisen und mit den angeblich so schießwütigen Einheimischen umzugehen. Diese Ausgabe umfasst die drei Reiseschilderungen des abenteuerlustigen Karl Steinmetz aus den Jahre 1903, 1904 und 1905.

Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. *Twelve Years a Slave* is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

Olympic Education is not only a text book for students and teachers in physical and sport education but also for course instructors and coaches in children's youth sport programmes, as well as for executives in sports federations. It answers the question, what the term "Olympic" really means in the broader context of the Olympic Games movement and as a global purpose and new challenge for a balanced physical, social and moral education. Olympic Education has a traditional vision and an important future mission that is relevant for all children and youths, in schools as well as in sport clubs. In five parts and fifteen chapters, the book shows why the Olympic ideals are a modern challenge not only for a new physical and sport education but also for the development of essential life skills for today. It introduces pedagogical and didactical fundamentals for an Olympic education, in order to bring motor abilities, social behaviour and moral actions in sports and everyday life back together again - in the mind, learning and actions of children and youths, but also of grown-ups in the social settings where young people live.

This new, fully updated 8th edition of Bradt's Ethiopia remains the most comprehensive, detailed and thorough guide available, particularly known for its strength of background information, coverage of off-the-beaten track areas, and in-depth details of hotels and other tourist facilities. It

also contains far more maps than other guides. Bradt's Ethiopia is also the longest-serving English-language guidebook dedicated to the country, with a history of 25 years of research and expertise. This new edition has been updated by the original author, Philip Briggs, the world's foremost writer of Africa travel guides. Recent years have seen a notable rise in domestic and foreign private investment in the development of new hotels and national parks; this new edition includes all the most up-to-date details reflecting the recent changes, from development of tourist facilities to improved road infrastructure. Bradt's Ethiopia is ideal for visitors of all ages no matter the interest, whether travelling independently or as part of an organised group, from adventurous and active travellers interested in cultural, historical, and wildlife sightseeing to international conference visitors, spa tourists and community-based visitors looking for activities such as trekking and horseriding in the Rift Valley and Simien Mountains. Wildlife and birding visitors who come for Ethiopia's wealth of endemics are also catered for and this new edition includes a dedicated colour

section on wildlife and birds. Of all the African nations, Ethiopia is most prone to misconceptions. The 1985 famine and the cracked barren earth of the Danakil Depression are not images quickly forgotten. But this fully updated guide refocuses the lens to reveal an ancient country that continues to surpass all expectations: from the ancient Judaic cultures of the fertile highlands to the Animist people of the South Omo Valley, from the Afroalpine moorland of the Bale Mountains National Park to the thundering Blue Nile Falls. This book also leads you further off the beaten track, so travellers can see more of this expansive and beautiful land, believed to be the cradle of humankind.
