## NIXON HARVEY

*How to Teach Grammar* Routledge

Teaching of English: A Practical Course for B. Ed. Students is a course book designed for teachers in training. It aims to enhance the professional skills of trainees and to help them understand applied grammar better. The following six parts attempt to familiarise them with the methodology for teaching specific skills and knowledge areas. Part I Position of English in India Part II Methods of Teaching English Part III Developing listening and speaking skills Part IV Developing reading and writing skills Part V Teaching prose and poetry Part VI Teaching grammar The book also discusses teaching handwriting, remedial teaching and testing language. Special care has been taken to use jargon-free language so that even a non-specialist reader finds it easy to understand the contents of the book. This book can be used for self-study too. This second edition, besides updating information on various topics, has a new section on the teaching of listening and speaking skills, an essential component in most modern school curricula.

*Grammar for Teachers* Prentice Hall

This practical, brief paperback with hands-on activities is designed to "fill in the blanks" in teachers' own knowledge of English grammar and to demonstrate a reliable method for teaching English grammar to elementary school pupils. It provides a solid foundation in the sociolinguistic and psycholinguistic aspects of grammar and grammar instruction; followed by step-by-step coverage of the basics of word and phrase development, and of the construction of the three or four types of sentences that English words can be used to create. In addition, coverage examines solutions to common usage problems faced by native speakers, non-standard speakers, and ELL students.

*Grammar for English Language Teachers* Cambridge India  
*English Grammar and Teaching Strategies* aims to demystify grammar and equip any teacher to teach it in the classroom. Carefully set out for ease of reference, this book covers every aspect of grammar, from nouns, adjectives and verbs to punctuation and prepositions. Each grammatical term is clearly defined and accompanied by varieties of usage and teaching strategies, which can be easily extended according to the age and key stage of the pupil. These strategies are for both spoken and written language and can be used for a whole class, small groups, with those with special educational needs and with EAL learners. Featuring a brand new preface by Jo Shackleton, this Routledge Classic Edition is an indispensable resource for all teachers in both primary and secondary schools.

*Teaching English Grammar* Routledge

Are you an ESL teacher (or would-be ESL teacher) who doesn't know (or know enough) English grammar? Do you tell your students that grammar isn't important or that grammar can be learned from games and conversation in order to hide the fact that you don't know much about grammar? Of course grammar is important, and if you want to get ahead in the ESL profession, you need to know grammar-what it is and how to teach it. Revised and updated, *Secrets of Teaching ESL Grammar* is a fun, easy-to-understand, intensive, manual on ESL grammar-from basic to advanced-for teachers like you who don't have a lot of time and need to quickly and easily get up to speed with the English grammar that every ESL teacher should know. *Secrets of Teaching ESL Grammar* explains each grammar point in depth-in plain, simple language-so that you will really understand it and be able to teach it to your students so they really understand it has advice about what grammar topics to teach and how to teach them, examples to put on the board, problems your students will have and how to address them, questions they will ask and how to answer them, sample exercises to do and use as a template for creating more has a wealth of tips, techniques, advice, exercises, tales from the trenches and top secret info has tons of classroom management advice for making your classroom a lively and productive learning environment that will make your students (and your boss) happy teaches you enough jargon and buzzwords to totally impress your colleagues and even better-you'll actually know what it all means and know how to put the concepts behind it to work in your classroom, and that will make you a better teacher! Learn the grammar you need to be an effective, popular and respected pro!

*Grammar Survival for Primary Teachers* Cambridge University Press

An outline of grammar for teachers and teachers in training, covering all the terminology required for the National Literacy Strategy and National Curriculum up to Key Stage 3.

*The Teaching of English Grammar History and Method (Classic Reprint)* Scholastic Inc.

*Getting to Grips with English Grammar, Year 5* is a flexible resource for teaching grammar in Key Stage 2. It introduces pupils to grammar and punctuation through fun, engaging themes, such as The Sky Walkway and Pirates.

*Teaching English Grammar* Oxpecker

This is an essential guide for anyone interested in the teaching of English grammar. Written by William Frank Webster, a renowned linguist and educator, the book provides a detailed overview of modern methods and techniques for teaching grammar, with a focus on practical advice and real-world examples. Whether you are a seasoned teacher or a novice, 'The Teaching of English Grammar' is an essential resource for developing effective grammar instruction. This work has been selected by scholars as

being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

OUP Oxford

Many years passed since the idea to write a book teaching English to kids and parents came to my mind and now I want to share it with you. I started my career as a teacher at school, teaching English to children in a secondary school and found out, that it was too late to start teaching a foreign language to the kids of age 11-12 years old. The linguistic ability to grasp languages at this age was declining and we, as teachers, were simply wasting our efforts: it was hard for the children to master a new language and it was hard for the teacher to make them learn it. The learning process became painful and in most cases unsuccessful. The natural way out of this precarious situation was to start teaching English as early as possible, when kids can start learning with no effort, when new words are remembered in no time and speech in a foreign language comes as easy as the mother language. So I started experimenting with the kid's age at which learning a foreign language can be done most easy and in a favorable way. My approach was different from just developing the bilingual kids. When developing a bilingual child one should speak with a child in both languages. Usually two parents can do this effortlessly by speaking with a child in two languages simultaneously and then a child can speak both languages. But who in my country at this time, the former USSR, could speak English at home to a child?

*Teaching English Grammar* Routledge

This essential guide offers a fresh approach to integrating grammar effectively into the classroom as a vital strand of English that both enlivens and enriches students' understanding of literature. It aims to demystify grammar and empower teachers with the knowledge, inspiration and practical ideas to confidently teach grammar to students at any stage of their secondary education. The authors demonstrate that routinely weaving grammar into lessons and the study of literature, rather than teaching it as an abstract set of rules, enables students to see grammar in a more flexible, enjoyable and exciting way. Each chapter clearly defines complex terminology and provides an essential overview of relevant subject knowledge. With multiple examples of textual analysis and a variety of adaptable lesson plans for popular Key Stage 3 and Key Stage 4 texts, the book shows how grammatical requirements can be taught in a lively,

literature-based manner, developing students' understanding and improving the quality of their creative and academic writing. Taught like this, grammar becomes a decoding tool: a key to unlocking deeper meaning within texts that enriches the reading experience. Considering a wide range of texts, *Teaching Grammar through Literature* thoroughly works through core grammatical concepts such as: sentences and sentence clauses nouns verbs determiners punctuation extension vocabulary. This book is a source of fresh and exciting ideas for all practising secondary school English teachers. It will revolutionise teaching and enrich students' understanding of literature and the grammatical theory within.

*Teaching and Learning Grammar* Forgotten Books

*New Perspectives on Grammar Teaching in Second Language Classrooms* brings together various approaches to the contextualized teaching of grammar and communicative skills as integrated components of second language instruction. Its purpose is to show from both theoretical and practical perspectives that grammar teaching can be made productive and useful in ESL and EFL classrooms. In this text: \*First-rate scholars approach the teaching of grammar from multiple complementary perspectives, providing an original, comprehensive treatment of the topic. \*Discourse analysis and research data are used to address such pedagogical areas as grammatical and lexical development in speaking, listening, reading, and writing. \*The communicative perspective on ESL and EFL instruction that is presented provides ways for learners to enhance their production skills, whereas the meaning-based grammar instruction can supplement and strengthen current methodology with a communicative focus. This volume is intended as a foundational text for second language grammar pedagogy courses at the advanced undergraduate and master's levels.

*Teaching and Learning English Grammar* Teaching English Grammar

The Teacher's Guide to Grammar is unique in focusing directly on the aspects of grammar that teachers need to know. Assuming little or no formal linguistic education, this concise and accessible book provides the necessary background knowledge required in the classroom context. There are detailed chapters on the nuts and bolts of language: words, morphology, sentences, phrases, verbs, and clauses. Other important educational issues concerned in the teaching of English are discussed: the grammatical variation that differentiates standard and non-standard English; how grammar varies in relation to the purpose and audience of a text; and the different grammatical characteristics of different languages. Throughout, illustrations are given using examples from the real spoken and written language produced by learners. Here are the essentials every English and literacy teacher needs to know about grammar in one practical and relevant guide.

*Teaching Grammar through Literature* Hairysun

The growing importance of the English language all over the world and in all spheres of human activity is self-evident, especially in the context of the rapid expansion and development in information technology and in globalization. China, for example, has imported a large number of teachers from England to teach their students English. In India, many States too have realized the importance of English and have begun teaching it from the first class itself. The book explains how to teach grammar in a manner so that students not only learn it properly but are also able to use the language correctly in speech as well as writing. Teaching how to speak and write English is fairly easy, but teaching to use the language correctly and with perfectness requires special skill on the part of teachers. The chapters in this book have been specially designed to help teachers develop that skill: "English: Changes over Time" "Studying the Parts of Speech" "Simple Sentences Analysed" "Differences in Nouns" "Differences in Adjectives" "Pronouns: Personal and Possessive" "Adjectives and Related Nouns and Pronouns" "Grouping of Adverbs" "The Importance of Conjunctions" "The Preposition: Both Qualifier and Modifier" "Various Types of Verbs" "Case and Syntax" "The Subject in a Sentence" "Compound and Complex Sentences" This book will be useful for teachers, educationists and students who wish to teach and learn correct English

**Essentials of Teaching English Grammar** Cambridge University Press

This comprehensive guide to teaching English grammar is a must-read for teachers, linguists, and anyone interested in the science of language. Based on Barbour's years of experience in the field, this book offers practical advice and examples for teaching grammar effectively, as well as a detailed historical overview of the evolution of the English language. This book is an essential resource for anyone seeking to improve their understanding and teaching of English grammar. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. *New Perspectives on Grammar Teaching in Second Language Classrooms* Xlibris Corporation

Grammar is integral to teaching English as a second language, and yet there is often a disconnect between theory and practice. This book bridges that gap by introducing key theories of English grammar and showing how they can be applied in teaching. By drawing on an eclectic range of sources, and using a

multidisciplinary approach, Berry links advances in our knowledge of grammar, from theoretical and descriptive viewpoints, with developments in pedagogical practices, to provide a comprehensive overview of the whole process of grammar. The second part of the book contains four case studies of key areas of English grammar in which the insights of the earlier chapters are applied, illustrating how grammar theory is used in practice. Offering new insights into the way English grammar works, this book is invaluable for all professionals who 'do' English grammar: teachers, grammarians, textbook writers and syllabus designers, testers and researchers.

*Keys to Teaching Grammar to English Language Learners* MACMILLAN

A hands-on discovery mode of teaching English grammar using a variety of techniques.

*Keys to Teaching Grammar to English Language Learners* Routledge

This book is prepared in accordance with the syllabi of English Language Teaching Mythology Courses in B.Ed. Degree, TCH, and training courses in DIETs all over India. It has been designed to provide a detailed account of the past and current trends in the teaching of English as a second language.

*English Grammar and Teaching Strategies* Vikas Publishing House

"The Teacher's grammar of English enables English language teachers and teachers-in-training to fully understand and effectively teach English grammar. With comprehensive presentation of form, meaning, and usage, along with practical exercises and advice on teaching difficult structures, it is both a complete grammar course and an essential reference text."--Back cover.
