**Diccionario de la lengua** Simon and Schuster  
 The Trueba family embodies strong feelings. This family saga  
 starts at the beginning of the 20th century and continues through  
 the assassination of Allende in 1973.  
**The Count of Monte Cristo** Edicions Universitat Barcelona  
 The Book of the Knight Zifar (or Cifar), Spain's first novel of  
 chivalry, is the tale of a virtuous but unfortunate knight who has  
 fallen from grace and must seek redemption through suffering  
 and good deeds. Because of a curse that repeatedly deprives him  
 of that most important of knightly accoutrements -- his horse --  
 Zifar and his family must flee their native India and wander

through distant lands seeking to regain their rank and fortune. A  
 series of mishaps divides the family, and the novel follows their  
 separate adventures -- alternatively heroic, comic, and  
 miraculous -- until at length they are reunited and their honor  
 restored. The anonymous author of Zifar based his early  
 fourteenth-century novel on the medieval story of the life of St.  
 Eustacius, but onto this trunk he grafted a surprising variety of  
 narrative types: Oriental tales of romance and magic, biblical  
 stories, moralizing fables popular since the Middle Ages, including  
 several from Aesop, and instructions in the rules of proper  
 knightly conduct. Humor in the form of puns, jokes, and old  
 proverbs also runs through the novel. In particular, the  
 foolish/wise Knave offers a comic contrast to the heroic Knight,  
 whom he must continually rescue through the application of  
 common sense. Zifar was to have an important influence on later  
 Spanish literature, and perhaps on Cervantes' great tale of a  
 knight and his squire, Don Quixote. All those with an interest in  
 Spanish literature and medieval life will be grateful for Mr.  
 Nelson's excellent translation, which brings to life this  
 extraordinary early novel.

Conjunto de ensayos con un denominador común: la reflexión acerca del tiempo como expresión de la cultura. Desde la Antropología, el autor analiza una pluralidad de casos y ejemplos para mostrar cómo se configuran en ellos diversas modalidades de tiempo, como la memoria, la tradición, la leyenda, el mito, la conmemoración y el patrimonio. Antropología e Historia confluyen en este texto para sugerir la importancia del diálogo entre ambas disciplinas. 18

José María Pérez Gay relata la historia de la caída del Imperio austrohúngaro, de sus muchos pueblos, de sus grandes escritores y de sus mejores obras literarias e intelectuales. Mediante las vidas y las letras de cinco grandes escritores vieneses —Hermann Broch, Robert Musil, Karl Kraus, Joseph Roth y Elias Canetti—, la obra transporta al lector a la Viena de las primeras décadas del siglo XX, una época de cambios radicales y guerras desoladoras que inspiraron a estos literatos a retratar agudamente la realidad y al mismo tiempo ofrecer un refugio de ella a través de sus plumas; como toda literatura debe ser: un resguardo de la existencia abrumadora.

When one defines "order" as a sorting of priorities, it becomes beautifully clear as to what Foucault is doing here. With virtuoso showmanship, he weaves an intensely complex history of thought. He dips into literature, art, economics and even biology in *The Order of Things*, possibly one of the most significant, yet most overlooked, works of the twentieth century. Eclipsed by his later work on power and discourse, nonetheless it was *The Order of Things* that established Foucault's reputation as an intellectual giant. Pirouetting around the outer edge of language, Foucault unsettles the surface of literary writing. In describing the limitations of our usual taxonomies, he opens the door onto a whole new system of thought, one ripe with what he calls "exotic charm". Intellectual pyrotechnics from the master of critical thinking, this book is crucial reading for those who wish to gain insight into that odd beast called Postmodernism, and a must for any fan of Foucault.

**Quimera** DEBOLSILLO

Betrayed by his closest companions who are jealous of his success and his beautiful fiancée, Edmond Dantès is wrongfully imprisoned in Château d'If in France. The prison is home to the most dangerous political prisoners, but Edmond befriends a wealthy Italian priest, who tells Edmond of his buried treasure on the island of Monte Cristo. After a daring escape, Edmond digs up the treasure, transforms into the rich Count of Monte Cristo, and seeks revenge on his deceitful friends. A tale full of adventure and intrigue, Alexandre Dumas's novel calls into question the merits of vengeance and forgiveness. Published serially in France from 1844 to 1846, this is an unabridged version of the English translation.

La preocupación cada vez más extendida entre lingüistas y comunidades de distintas regiones por la rápida y creciente desaparición de lenguas en el mundo y por la inminente amenaza que se yergue sobre la diversidad lingüística y cultural, le otorga gran importancia al campo de la Lingüística de la Documentación. El objetivo principal de esta disciplina es preservar el patrimonio de cada lengua como sistema simbólico y expresivo único, para su uso por generaciones actuales y venideras, así como resguardar y difundir el conocimiento de cada cultura, y de contribuir a su valoración. La primera parte de esta publicación reúne los aportes fundamentales de esta disciplina tras dos décadas de expansión, mientras que la segunda parte recopila experiencias desarrolladas por la Lingüística de la Documentación en América del Sur.

*The Play of the Eyes* is the third volume in Nobel Prize winning author Elias Canetti's trilogy of memoirs. Here, Canetti describes his young adult life as he tries to make it as a writer in Vienna during the 1930s, and provides vivid accounts of the remarkable figures he meets along the way, usually in cafes, from Robert Musil, Thomas Mann, and Herman Broch, among others. "Canetti uses a dramatist's gifts here to achieve emotional depth; his mother's death, sketched simply against the backdrop of a crumbling Europe, takes on a tragic dignity." - Publishers Weekly

**Diccionario universal de la lengua castellana** Farrar, Straus and Giroux

Winner of the 1981 Nobel Prize, this first volume of the author's autobiography provides a searching portrait of his personal background and creative development. Elias Canetti was one of the major intellectual figures and polymaths of the twentieth century. A master of many genres, he is known especially for his novel, *Auto-da-Fe*, and his great work of social theory, *Crowds and Power*. But Canetti's genius is perhaps nowhere more evident than in the three volumes of his autobiography. This first volume, *Tongue Set Free*, provides a searching portrait of the author's personal background and creative development as it presents the events, personalities (especially Canetti's mother), and intellectual forces that shaped the growth of the artist as a young man.
