SHANNON ARTHUR

Histoire de la Peinture en Italie

Manchester University Press

The book concerns the inscription written on wall plaster discovered in 1967 at Deir cAlla in the Jordan Valley, and published in 1976. Using new data and the discussions about the text available to date, it deals with six different aspects of study of the text, namely the archaeological context, the palaeography, the general interpretation as well as the interpretation of several separate passages, the language used, and its relation to Old Testament studies.

The problem of the limits of reason is by no means a privileged subject of an academic discourse. By reducing reality to what can be conceived of within the paradigms of the scientific laboratory,

manipulative despotism, which positivistic notion of objectivism has established, creates in a human being a unilateral conscience of the world and of oneself; a conscience that dominates today our understanding of existence in its manifold senses of Being and the world we live in. This way of thinking, based on a powerful and skillful technique aimed at controlling human life in all its dimensions, intends to impose this limiting positivistic horizon on human beings in the name of Liberte, Egalite, and Fraternite. Hermeneutic rationality resists the claims of modern science and promotes the culture of hospitality toward the world as it shows itself in its complexity. Maria Luisa Portocarrero, Universidade de Coimbra, Portugal, Professor of Philosophy, specializing in the phenomenological

hermeneutics of Hans-Georg Gadamer and Paul Ricoeur. Luis Antonio Umbelino, Universidade de Coimbra, Portugal, Professor of Philosophy and Artistic Studies. Andrzej Wiercinski, Albert-Ludwigs-Universität Freiburg, Germany, Professor of Philosophy of Religion, specializing in Practical Philosophy/Philosophical Hermeneutics. *Montaigne: Montaigne's message and method* WestBow Press

The salon was of particular importance in mid- to late-seventeenth-century France, enabling aristocratic women to develop a philosophical culture that simultaneously reflected and opposed the dominant male philosophy. In *The Suspicion of Virtue*, John J. Conley, S. J., explores the moral philosophies developed by five women authors of that milieu: Madame de Sablé, Madame Deshoulières, Madame de la Sablière, Mlle de la Vallière, and Madame de Maintenon. Through biography, extensive translation, commentary, and critical analysis, *The Suspicion of Virtue* presents the work of women who participated in the philosophical debates of the early modern period but who have been largely erased from the standard history of philosophy. Conley examines the various literary genres (maxim, ode, dialogue) in which these authors presented their moral theory. He also unveils the philosophical complexity of the arguments presented by these women and of the salon culture that nurtured their preoccupations. Their pointed critiques of virtue as a mask of vice, Conley asserts, are relevant to current controversy over the revival of virtue theory by contemporary ethicists.

Œuvres de Fénelon, précédées d'études sur sa vie, par A. Martin

Fabien Rouillard

Tu te souviens ? On avait dit qu'il serait facile d'haïr ceux que nous avons aimés. On avait oublié qu'il fallait aussi aimer ses ennemis. Ne restait plus qu'à s'aimer à tort et à travers...

[French 19th Century Painting and Literature: with Special Reference to the Relevance of Literary Subject-matter to French Painting](#) BoD – Books on Demand

Le livre que vous vous apprêtez à lire a été écrit en 1985 et, pour toutes sortes de bonnes ou mauvaises raisons, est demeuré au fond d'un tiroir jusqu'à aujourd'hui. Son caractère intemporel et universel est basé sur une considération générale de la spiritualité, de la science et

de la réflexion personnelle. Aujourd'hui, comme il y a 30 ans, on peut remarquer que «plus ça change et plus c'est pareil» puisque les gens n'apprennent pas, ou si peu, de leurs expériences. Malgré toutes les révolutions culturelles ou technologiques, si nous regardons au plus profond de notre être, nous remarquerons que ce que nous recherchons vraiment c'est la paix intérieure, comme le disent les mystiques de tous temps. Ce petit livre vise justement à vous amener sur des sentiers qui vous permettront de revenir à l'essentiel c'est-à-dire de rechercher à apprendre à vivre à partir de l'intérieur et non de l'extérieur en gardant à l'esprit que ce que vous êtes en conscience s'extériorise dans votre vie au quotidien. Rappelez-vous que le hasard n'existe pas et que, malgré la croyance populaire, nous ne savons pas ce qui est bon pour nous ou ce dont nous avons réellement besoin.

The "European Yearbook" promotes the scientific study of nineteen European supranational organisations and the Organisation for Economic Co-operation and Development (OECD). Each volume contains a detailed survey of the history, structure and yearly activities of each organisation and an up-to-date chart providing a clear overview of the member states of each organisation. Each volume contains a comprehensive bibliography covering the year's relevant publications. This is an indispensable work of reference for anyone dealing with the European institutions.

Taylor & Francis

La historia del arte se entrecruza con la estética de la recepción en esta recopilación de ensayos en torno al marketing de la expresividad pictórica en la América de los años cincuenta, la falta de receptividad de la pintura abstracta francesa en Estados Unidos, la discrepancia sobre la definición de arte moderno reflejada en los medios artísticos americanos de aquella época, y el difícil reconocimiento americano de la pintura de Tàpies o de Bram van Elde. El arte no es algo reconocible desde el momento mismo de su producción: no escapa a las apuestas de poder que lo valoran, lo imponen o lo ocultan.

Presenting a rare glimpse into the dining rooms of Belgian nobility from the Middle Ages to modern times, specialists in the field discuss gastronomy and festive culture in a historical and sociological context. This stunning work provides insights into both the culinary proclivities and table manners of these epic gourmands, answering such questions as What was the daily menu of the dukes of Burgundy? What was behind the sudden enthusiasm for saltwater fish in the 17th century? and Why were exotic desserts so popular in the 19th century? A valuable addition to the historical study of Belgian Noblemen and the ruling elite, this bilingual collection--presented in both English and French--creates a wonderfully rich portrait of the past, from the dukes of Burgundy to Belgian royalty.
