This historical romance embodies family memoirs and chronicles the journeys of the Konrad family through the life of Angele. Her love for singing classical numbers makes the novel a delightful find for any reader who recognizes the arias named or is curious about what a professional singing career entails. In addition, the detailed portrayals of various cultural markers or religious denominations—such as the Mennonites with their languages, customary habits and tastes, and common personality traits—are intriguing. Lastly, the novel also endeavours to capture the reality of grief over the death of a loved one, causing the reader to meditate on how one mourns over time and how one rises from life altering challenges.

INSTANT NEW YORK TIMES BESTSELLER Named Most Anticipated of 2021 by Newsweek, Good Housekeeping, Hello! magazine, Oprah.com, Bustle, Popsugar, Betches, Sweet July, and GoodReads! March 2021 Indie Next Pick and #1 LibraryReads Pick "A bold, edgy, accomplished debut!" —Kate Quinn, New York Times bestselling author of *The Alice Network* A forgotten history. A secret network of women. A legacy of poison and revenge. Welcome to *The Lost Apothecary*... Hidden in the depths of eighteenth-century London, a secret apothecary shop caters to an unusual kind of clientele.

Women across the city whisper of a mysterious figure named Nella who sells well-disguised poisons to use against the oppressive men in their lives. But the apothecary's fate is jeopardized when her newest patron, a precocious twelve-year-old, makes a fatal mistake, sparking a string of consequences that echo through the centuries. Meanwhile in present-day London, aspiring historian Caroline Parcellwell spends her tenth wedding anniversary alone, running from her own demons. When she stumbles upon a clue to the unsolved apothecary murders that haunted London two hundred years ago, her life collides with the apothecary's in a stunning twist of fate—and not everyone will survive. With crackling suspense, unforgettable characters and searing insight, *The Lost Apothecary* is a subversive and intoxicating debut novel of secrets, vengeance and the remarkable ways women can save each other despite the barrier of time. Don't miss *THE LONDON SÉANCE SOCIETY!* Sarah's next spellbinding book about truth, illusion and the grave risks women will take to avenge the ones they love.

Ego and Spirit both speak profoundly within our lives. Can you hear what they are saying to you?

These two voices are the main energies that rise up and give shape to our thoughts, feelings, behaviors, and physical health. As we go about meeting life's challenges—such as change, adversity, stressors, conflicts, relationships, self-esteem, achievement, and our ability to experience genuine happiness—the voice of an unconscious, imbalanced ego is unfortunately the one we more often hear and heed, leading us into a lesser version of ourselves. *The Two Voices Within: Balancing the Energies of Ego and Spirit to Enhance Your Life* invites you to more clearly hear what both of these voices are saying so that you can speak with more of your true voice and recognize the One Voice of the Universe. This awakening will enable you to be the best version of yourself and optimally meet life's challenges.

An extraordinary biography. A gallery of astonishing work. The legacy of a madman. Philadelphia, the late 1870s. A city of gas lamps, cobblestone streets, and horse-drawn carriages—and home to the controversial surgeon Dr. Spencer Black. The son of a grave robber, young Dr. Black studies at Philadelphia's esteemed Academy of Medicine, where he develops an unconventional hypothesis: What if the world's most celebrated mythological beasts—mermaids, minotaurs, and satyrs—were in fact the evolutionary ancestors of humankind? The Resurrectionist offers two extraordinary books in one. The first is a fictional biography of Dr. Spencer Black, from a childhood spent exhuming corpses through his medical training, his travels with carnivals, and the mysterious disappearance at the end of his life. The second book is Black's magnum opus: *The Codex Extinct Animalia*, a Gray's Anatomy for mythological beasts—dragons, centaurs, Pegasus, Cerberus—all rendered in meticulously detailed anatomical illustrations. You need only look at these images to realize they are the work of a madman. The Resurrectionist tells his story.

Recover the lost work ethic for yourself, your business, your children, or your friends. This book imparts inspiration to value all work, whether at home, at the office, or for others. Working for what you have is better than getting things for free because your character is transformed and you learn to work for more than a paycheck. You will find valuable lessons about work from the Bible that will motivate you to change diapers or plan the company budget for God's glory. The author shares many personal stories from his own upbringing as well as other interesting illustrations that will capture your attention. It is an excellent resource for parents who want to train their children to be faithful, hard-working members of society beginning at home.

Sociological social work is a lifelong social work practice which is animated by a sociological perspective. Social workers 'shorthand' orientations such as 'strengths perspective', 'task centred' or 'humanistic' (to name but a few), as a way to identify their philosophical and theoretical approaches in professional life. Whilst some texts have examined sociology for social work, this text instead proposes that sociological social work is a legitimate and theoretically rich orientation, and this book demonstrates what sociological social work looks like in our rapidly changing world. This text will equip students and practitioners with a way to think sociologically, not just while they are studying, but as an ever present reference for making sense of social work purpose and how this is realised in a transforming world. This follows an established tradition in social work literature, but this book elevates and names the importance of this approach, which we argue is critically needed if social work is to achieve its agenda in transformative social, political economic and environmental contexts. The current landscape in which we live is one that is characterised by rapid changes which have implications for the life experiences of those with whom social workers work, social justice advocacy agendas, and for fulfilling the purpose of social work more generally. This book is essential reading for those looking to keep up with these changes.

Volume 54 Sermons 3073-3124 Charles Spurgeon (19 June 1834 - 31 January 1892) is one of the church's most famous preachers and Christianity's foremost prolific writers. Called the "Prince of

Preachers," he was one of England's most notable ministers for most of the second half of the nineteenth century, and he still remains highly influential among Christians of different denominations today. His sermons have spread all over the world, and his many printed works have been cherished classics for decades. In his lifetime, Spurgeon preached to more than 10 million people, often up to ten times each week. He was the pastor of the congregation of the New Park Street Chapel (later the Metropolitan Tabernacle) in London for 38 years. He was an inexhaustible author of various kinds of works including sermons, commentaries, an autobiography, as well as books on prayer, devotionals, magazines, poetry, hymns and more. Spurgeon was known to produce powerful sermons of penetrating thought and divine inspiration, and his oratory and writing skills held his audiences spellbound. Many Christians have discovered Spurgeon's messages to be among the best in Christian literature. Edward Walford wrote in *Old and New London: Volume 6 (1878)* quoting an article from the Times regarding one of Spurgeon's meetings at Surrey: "Fancy a congregation consisting of 10,000 souls, streaming into the hall, mounting the galleries, humming, buzzing, and swarming—a mighty hive of bees—eager to secure at first the best places, and, at last, any place at all. After waiting more than half an hour—for if you wish to have a seat you must be there at least that space of time in advance—Mr. Spurgeon ascended his tribune. To the hum, and rush, and trampling of men, succeeded a low, concentrated thrill and murmur of devotion, which seemed to run at once, like an electric current, through the breast of every one present, and by this magnetic chain the preacher held us fast bound for about two hours. It is not my purpose to give a summary of his discourse. It is enough to say of his voice, that its power and volume are sufficient to reach every one in that vast assembly; of his language, that it is neither high-flown nor homely; of his style, that it is at times familiar, at times declamatory, but always happy, and often eloquent; of his doctrine, that neither the 'Calvinist' nor the 'Baptist' appears in the forefront of the battle which is waged by Mr. Spurgeon with relentless animosity, and with Gospel weapons, against irreligion, cant, hypocrisy, pride, and those secret bosom-sins which so easily beset a man in daily life; and to sum up all in a word, it is enough to say of the man himself, that he impresses you with a perfect conviction of his sincerity." More than a hundred years after his death, Charles Spurgeon's legacy continues to effectively inspire the church around the world. For this reason, Delmarva Publications has chosen to publish the complete works of Charles Spurgeon.

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of

the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

Finding Jack Kirby in a Pile of Zinc is part of the "Getsinger Find." The author, Joseph M. Getsinger, came upon a large cache of over 8,000 cartoon printing plates from the teens, twenties, and thirties. This was during a poker game with his art publisher and other friends in that field. During research of these plates, it was discovered that many of the cartoonists listed were pen names of presently famous cartoonists, such as Jack Kirby, Will Eisner, Bob Kane, and Jerry Iger. Initial research found that Willis B. Rensie was actually Will Eisner who created "Harry Karry" and "Uncle Otto" featured in the first book, "The Lost Work of Will Eisner." The research went on to unveil creations by Jack Kirby of Captain America fame under the pen names of Jackson, Ted, Teddy, Harmon, H.T. Omle, and Brady. Each cartoon plate was hand printed by the author and the best one scanned for this publication. This book is about the discovery and connecting the dots to many cartoons created by Kirby that haven't come to light until now. Part of that collection also identified other cartoonists beginnings. In this book you will discover the missing years of Kirby cartooning and how he

progressed from his cartoon beginnings as a teenager to his breakout into the Marvel and DC world with his unique style of cartooning with Captain America, X-Men, Incredible Hulk, Fantastic Four, and many more. An exciting find and discovery for you to enjoy.
