For the first time Calvin has published his Clinical Acupuncture Case Study book in English for clinicians and acupuncture students, 30 YEARS OF CLINICAL STUDIES This book is absolutely beautiful. It's easy for the beginner to read,

understand, and follow.....the PERFECT pictorial atlas of acupuncture points. Not only has a description of each acu-point, but also has 3 different illustrations: graphic, overview of channels, and a photograph showing the acupuncture needle in position. I cannot say enough about this book." Chien Acupuncture As a 3rd generation acupuncturist Calvin Chien has a lifetime of knowledge he utilizes in his acupuncture clinic daily. Chien's Acupuncture Clinic in Colorado Springs, CO continues to treat a variety of health concerns using traditional Chinese Medicine techniques including acupuncture, cupping, and herbal treatments. Calvin

Chien diagnoses and treats his patients who suffer from numerous health concerns including chronic pain and the only practitioner and master in the fine art of "Master Tung's Acupuncture" in Colorado. Provided patients with the highest level of care since opening his own practice in 1997. Master Tung's Points are fondly referred to as 'magic' because in most cases, these points deliver instant and lasting results. Less needling and long lasting results are not only preferable but also more effective. Since 2003 Calvin continues to teach at Master Tung's Acupuncture Association in Taiwan Special Instructor to Team USA

This series of books presents copious acupuncture prescriptions gathered from the English and Chinese language Tung Acupuncture literature in the translator's

personal library. More than 15 different sources were referenced (several currently out of print). He has compiled, collated, and translated all the prescriptions proffered by Wei-Chieh Young, Min-Chuan Wang, Palden Carson, Robert Chu, Esther Su, Richard Tan, Miriam Lee, and Susan Johnson, and applied accompanying diagrams for each clinical entity to facilitate their application. Included are: author-specific point locations, needling instructions, contraindications and, when available, clinical comments, lifestyle modifications, etc., all direct clinical experiences with Master Tung's Acupuncture. Tung Style Acupuncture was

brought to Taiwan from mainland China by Master Tung Ching-Chang in 1949 when he left China with the Kuomintang (KMT) army under General Chiang Kai-Shek. His acupuncture style was thus spared from the synthesis of the 'New Medicine' engendered as a consequence of the 1958 dictum by P.R.C. Chairman Mao Ze-Dong to create a 'New Medicine', i.e. to unify the 'best' parts of Western and Chinese medicine. Ergo, the Tung Style escaped the efforts to compel acupuncture to conform to the model espoused by the TCM herbalists who had been assigned to the task of inventing this 'New Medicine' - forcing the proverbial 'square peg into a round hole'. As a

system, Tung Style Acupuncture does not necessitate the use of the diagnostic methods or terminology adopted by contemporary, herbalist-driven, TCM acupuncture; this renders the Tung Style Acupuncture well suited for use by non-TCM trained clinicians. Furthermore, the clinical results obtained using the Tung Style Acupuncture often far surpass those achieved through the use of TCM acupuncture, especially in the West. This is, in part, because Western patients seldom conform to an exact mold of a single TCM pattern. W Draycott Publishing, LLC

This book explains how to use Tung acupuncture points to treat pain and internal

diseases.

Lectures on Tung's Acupuncture NYOHC

In this book, I use a lot of standard acupuncture points along with Master Tung's acupuncture and emphasize the use of channels and imaging for optimal clinical use. If a practitioner can use this work, they can have a turnkey approach in the clinic, simply by implementing these acupuncture and herbal protocols. The idea is for each disease, I have installed "cheat sheets" for the practitioner to immediately refer to and try to insert needles and prescribe herbs for. The fifth in the series of Master Tung's Acupuncture books, the idea is for

someone to start with the Master Tung's Primer, The Best of Master Tung's Acupuncture, Master Tung's Acupuncture for Pain, and Master Tung's Acupuncture for Internal Medicine Disorders. With this manual, we will discuss the use of Master Tung's Acupuncture with herbals for even greater clinical success. The book is composed of monographs on each disease, best points to treat the problem, and high percentage success herbal prescriptions to give the patient as homework. Unique is that we only use a handful of both TCM and Master Tung points, and a small amount of herbal formulas for a turnkey approach to a clinic.

This can be used as a roadmap for the new clinician, improve clinical success for the intermediate practitioner, or provide an alternative approach for the seasoned veteran.

Bodymapping Acupuncture Technique

Although Master Tung's Acupuncture has been in the public domain since his untimely passing in 1975, very little information is available publicly on how to use the system in a practical and systematic way in English. In this book, I hope to guide my fellow colleagues into the intricacies of applying Master Tung Acupuncture in the clinic. Since I am also a

practicing acupuncturist and deal with Internal Medicine problems quite frequently, I wrote these based on the protocols that I use daily. Each of these protocols has been personally used by me one time or another in the clinic. Many of these are also the same protocols I used when I work daily in my private clinic. Since I am a visual person, and I like things in a simple manner, I have placed the pictures of the points indicated for the various ailments together, to make it as simple as possible for the practicing acupuncturist to use in his or her clinic. I dislike overly drawn out discussions on theory, but prefer that application be one's guide. I also dislike

secrecy, so I hold back no "alleged" secrets from anyone who wants to learn the real art. My goal is to help end suffering in the world and help English speaking acupuncturists improve their proficiency through the vehicle of Master Tung's Acupuncture.

Acupuncture Vol. 6

Although Master Tung's Acupuncture has been in the public domain since his untimely passing in 1975, very little information is available publicly on how to use the system in a practical and systematic way in English. In this book, I hope to guide my fellow colleagues into the intricacies of applying Master Tung Acupuncture in the clinic. Since I am also a practicing acupuncturist and deal with pain, women's health, and internal medicine problems quite frequently, I am sharing my clinical experience in this book and the "secret" of creating the protocols that I use daily, with modification. I also attempt to explain why I choose a particular

protocol and the modification to it. In this book, I introduce what I consider the "Best" of Master Tung's Acupuncture. There are many books on Master Tung's Acupuncture which introduce all of the 740 Tung family points. but often these books may be too much for the beginner and do not let the beginner grasp useful concepts or how to use Master Tung's Acupuncture immediately and effectively. Most acupuncturists simply add the Tung points to their already memorized TCM Acupuncture point prescriptions, and as a result, make a mess out of their acupuncture. They do not have a simple and elegant rationale for using the system. In

my teaching of Master Tung's Acupuncture, I always choose points that are painless, easily accessible, and have powerful immediate results.
