*Learning how to Read New Testament Greek* CreateSpace

This logical, developmental presentation of the major aspects of modern Greek grammar includes all the necessary tools for speech and comprehension. Designed for adults with limited learning time who wish to acquire the basics of everyday modern Greek, this grammar features numerous shortcuts and timesavers. Ideal as an introduction, supplement, or refresher.

**Coping With the Gods** Teach Yourself

This little book was designed to introduce you to some basic principles of modern Greek. Specifically, it is intended to get you talking with your new Greek colleagues, neighbors, and friends as quickly as possible. Most importantly, this book is meant to be fun! We all learned our first language when we were kids. That's a fact worth keeping in mind. In one sense, learning the basics of another language asks that you become a little kid again, that you do things little kids do all the time: that you enjoy yourself without fear, that you make mistakes without worry, and that you play. If you can do that, if you play with the material that we've put together for you in this little book, then you'll learn some basic Greek, and you'll have fun doing it.

[How to Learn and Memorize Greek Vocabulary](#) Hachette UK

How to Learn and Memorize Greek Vocabulary ... Using a Memory Palace Specifically Designed for Greek (and adaptable to many other languages too) If you'd like to improve your ability to learn Greek vocabulary by as much as 100%, 200%, even 300% (or more) ... using simple memory techniques that you can learn in 15-20 minutes (or less), then this may be the most important book that you will ever read. Believe it or not, it really doesn't matter if you think you have a good memory or not. The information in this book will teach you: \* Why memory is like a bicycle everyone can ride (with some minor personal adjustments). \* The real reason why no one should ever be squeamish about memorization or learning a language. \* Why and how some of the most famous memory skills are applicable to learning any language, especially Greek. \* How you can easily create a "letter location" memory system based on the Greek alphabet. \* How to quickly and easily learn

and memorize the sounds of the Greek alphabet. \* Unique techniques that will have you literally "tuning in" on the Greek language. \* How to separate Greek words in the most effective manner for memorization. \* Two secret ways you can use relaxation to aid the memorization process. These two methods alone are worth the price of this book because they will literally eliminate your stress and apprehension as you learn Greek. \* And much, much more ... These techniques have been used by real language learners, most of whom previously considered themselves owners of a "bad memory," to make real strides in learning Greek vocabulary. Don't worry! None of these techniques involve brain surgery! Frankly, if you can memorize a short email address or the name of a movie, then you can use this system to memorize a language as rich and diverse as Greek. But there's really no time to lose. Every day that you are not using this simple vocabulary memorization system, you are literally stealing from yourself the joy of being able to read, speak and recall an abundance of Greek vocabulary as you easily expand the natural abilities of your mind.

*Fabulous Lost & Found and the Little Greek Mouse* Barnes & Noble Publishing

With enthusiasm and wry wit, author Jones takes you step by step through the rudiments of the Western World's first great language--the medium of Plato and the New Testament. Introduces the Greek alphabet, explains each grammar point in layman's terms, gives plenty of study hints, provides answers for the exercises, and even presents a "to-do" list at the end of most chapters. Not too far into the book you'll already be reading masterful Greek literature, in extracts chosen from such authors as Plato, Sophocles, and Thucydides. Offers a discussion of Greek history and culture in each chapter, and another feature that looks closely at Greek words, with special emphasis on related words in English.--From publisher description

**Talk Greek** Baker Academic

Greek Teach Yourself

Learning Greek is one thing. Retaining it and using it in preaching, teaching, and ministry is another. In this volume, two master teachers with nearly forty years of combined teaching experience inspire readers to learn, retain, and use Greek for ministry, setting them on a lifelong journey of reading and loving the Greek New Testament. Designed to accompany a beginning or intermediate Greek grammar, this book offers practical guidance, inspiration, and motivation; presents methods not

usually covered in other textbooks; and surveys helpful resources for recovering Greek after a long period of disuse. It also includes devotional thoughts from the Greek New Testament. The book will benefit anyone who is taking (or has taken) a year of New Testament Greek.

*It's All Greek* Hodder Education

Greek is currently ranked 13th in our list of best-selling Colloquials: it is an important language for the series, not least because of the numbers of tourists who travel to Greece each year. It has been brought up-to-date and incorporates language covering new technology- the Euro is now used throughout. Contains new dialogues and additional illustrations. An effective blend of language points and related exercises with full key supplied. Contains references to useful websites that contain Greek reading materials. Athens Olympics in 2004!
