Tecniche Nuove

Aristotle's zoological writings with their

wealth of detailed investigations on diverse species of animals have fascinated medieval and Renaissance culture. This volume explores how these texts have been read in various traditions (Arabic, Hebrew, Latin), and how they have been incorporated in different genres (in philosophical and scientific treatises, in

florilegia and encyclopedias, in theological symbolism, in moral allegories, and in manuscript illustrations). This multidisciplinary and multilinguistic approach highlights substantial aspects of Aristotle's animals.

Il Policlinico Tecniche Nuove

A charming portrait of one man's dreams

and schemes, by “the greatest Italian writer of the twentieth century” (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming masterpiece “conveys the sensuous, tangible qualities of life” (The New York Times).

Discussione del progetto di legge per

la liquidazione dell'asse ecclesiastico. Tornate dal 5 al 28 luglio 1867 Leuven University Press

Riesci a immaginarti a una cena con il tuo fidanzato tedesco e tua madre indiana? Lei che cerca di rimpinzarlo, lui che cerca di rifiutare cortesemente e tu che cerchi di non scoppiare a ridere. E magari ti viene in mente quella volta in cui, da piccola, lei aveva preparato il suo piatto forte, il tuo piatto preferito – un kadhi di curry, coriandolo e peperoncino –, e tu ci sei rimasta male perché non potevi mangiarlo tutto tu e ti toccava dividerlo con gli ospiti. Oppure quella volta in cui hai tenuto banco al pranzo nel centro di accoglienza per migranti, riuscendo con l'aiuto di un manicaretto curdo a far dialogare culture lontanissime tra loro. Priya Basil ci racconta con ironia e schiettezza che cosa significa essere ospitali e come usare la condivisione del cibo per imparare a stare insieme, al di là di ogni differenza e diffidenza. Perché il cibo abita le nostre vite. Ci sfama, ci sostiene, ci appaga. E, se inatteso e bizzarro, può anche stupirci e spaesarci, proprio come chi non conosciamo: l'altro da noi, il forestiero che bussa alla nostra

porta e ci chiede di entrare. Riusciamo a sorprenderci e insieme nutrirci dell'imprevisto? Può la comunione di un piatto diventare comunione di esistenze? Siamo capaci di offrire un posto accanto a noi allo straniero di cui non sappiamo nulla? In *Elogio dell'ospitalità* Priya Basil ci spinge a esprimere la nostra generosità, invitandoci a offrire e ricevere, condividere e accogliere senza riserve, per capire che solo nell'ospitalità incondizionata possiamo trovare il nostro senso di comunità. E vivere così in un mondo in cui ogni persona può sentirsi a casa, chiunque essa sia.

Let the Meatballs Rest: And Other Stories About Food and Culture (Arts & Traditions of the Table: Perspectives on Culinary History)

Discourse on the State of the Jews Walter de Gruyter GmbH & Co KG

In 1638, a small book of no more than 92 pages in octavo was published “appresso Gioanne Calleoni” under the title “Discourse on the State of the Jews and in particular those dwelling in the illustrious

city of Venice.” It was dedicated to the Doge of Venice and his counsellors, who are labelled “lovers of Truth.” The author of the book was a certain Simone (Simḥa) Luzzatto, a native of Venice, where he lived and died, serving as rabbi for over fifty years during the course of the seventeenth century. Luzzatto’s political thesis is simple and, at the same time, temerarious, if not revolutionary: Venice can put an end to its political decline, he argues, by offering the Jews a monopoly on overseas commercial activity. This plan is highly recommendable because the Jews are “wellsuited for trade,” much more so than others (such as “foreigners,” for example). The rabbi opens his argument by recalling that trade and usury are the only occupations permitted to Jews. Within the confines of their historical situation, the Venetian Jews became particularly skilled at trade with partners from the Eastern Mediterranean countries. Luzzatto’s argument is that this talent could be put at the service of the Venetian government in order to maintain – or, more accurately, recover – its political importance as an intermediary between East and West. He was the first to define

the role of the Jews on the basis of their economic and social functions, disregarding the classic categorisation of Judaism’s alleged privileged religious status in world history. Nonetheless, going beyond the socio-economic arguments of the book, it is essential to point out Luzzatto’s resort to sceptical strategies in order to plead in defence of the Venetian Jews. It is precisely his philosophical and political scepticism that makes Luzzatto’s texts so unique. This edition aims to grant access to his works and thought to English-speaking readers and scholars. By approaching his texts from this point of view, the editors hope to open a new path in research into Jewish culture and philosophy that will enable other scholars to develop new directions and new perspectives, stressing the interpenetration between Jews and the surrounding Christian and secular cultures.

Il consumatore di alimenti nell'Unione Europea e il suo diritto ad essere informato HMH

Reprint of the original, first published in 1874.

Let the Meatballs Rest, and Other Stories about Food and Culture Giuffrè Editore

First published in 1891, Pellegrino Artusi's *La scienza in cucina e l'arte di mangiar bene* has come to be recognized as the most significant Italian cookbook of modern times. It was reprinted thirteen times and had sold more than 52,000 copies in the years before Artusi's death in 1910, with the number of recipes growing from 475 to 790. And while this figure has not changed, the book has consistently remained in print. Although Artusi was himself of the upper classes and it was doubtful he had ever touched a kitchen utensil or lit a fire under a pot, he wrote the book not for professional chefs, as was the nineteenth-century custom, but for middle-class family cooks: housewives and their domestic helpers. His tone is that of a friendly advisor – humorous and nonchalant. He indulges in witty anecdotes about many of the recipes, describing his experiences and the historical relevance of particular dishes. Artusi's masterpiece is not merely a popular cookbook; it is a landmark work in Italian culture. This English edition (first published by Marsilio Publishers in 1997) features a delightful introduction by Luigi Ballerini that traces the fascinating history of the book and

explains its importance in the context of Italian history and politics. The illustrations are by the noted Italian artist Giuliano Della Casa.
