This 16th International
Conference on
Information Technology -
New Generations (ITNG),
continues an annual event

focusing on state of the
art technologies
pertaining to digital
information and
communications. The
applications of advanced
information technology to
such domains as
astronomy, biology,
education, geosciences,
security and health care
are among topics of

relevance to ITNG.
Visionary ideas,
theoretical and
experimental results, as
well as prototypes,
designs, and tools that
help the information
readily flow to the user
are of special interest.
Machine Learning,
Robotics, High
Performance Computing,

and Innovative Methods of Computing are examples of related topics. The conference features keynote speakers, the best student award, poster award, service award, a technical open panel, and workshops/exhibits from industry, government and academia.

16th International Conference on Information Technology- New Generations (ITNG 2019) Taylor & Francis
 South Africa: The Rise and Fall of Apartheid examines the history of

South Africa from 1948 to the present day, covering the introduction of the oppressive policy of apartheid when the Nationalists came to power, its mounting opposition in the 1970s and 1980s, its eventual collapse in the 1990s, and its legacy up to the present day. Fully revised, the third edition includes: new material on the impact of apartheid, including the social and cultural effects of the urbanization that occurred when Africans were forced out of rural areas analysis

of recent political and economic issues that are rooted in the apartheid regime, particularly continuing unemployment and the emergence of opposition political parties such as the Economic Freedom Fighters an updated Further Reading section, reflecting the greatly increased availability of online materials an expanded set of primary source documents, providing insight into the minds of those who enforced apartheid and those who fought it. Illustrated with

photographs, maps and figures and including a chronology of events, glossary and Who's Who of key figures, this essential text provides students with a current, clear, and succinct introduction to the ideology and practice of apartheid in South Africa. Business and Professional Communication Penguin Random House India Private Limited
This book is about the UN's role in housing, land, and property rights in countries after violent conflict.

The Banker Who Crushed His Diamonds Taylor & Francis
This book constitutes the refereed proceedings of the Second International Conference on Innovative Technologies and Learning, ICITL 2020, held in Porto, Portugal, in November 2020. The 65 full papers presented together with 2 short papers were carefully reviewed and selected from 127 submissions. The papers are organized in the following topical sections: Augmented and Virtual Reality in

Education; Educational Data Mining and Learning Analytics; Emerging Issues and Trends in Education; Innovative Learning in Education; Online Course and Web-Based Environment; Technology-Enhanced Learning; Application and Design of Innovative Learning Software; and Science, Technology, Engineering, Arts and Design, and Mathematics. Due to the Corona pandemic this event was held virtually.
ITU Plenipotentiary Conference Brookings

Institution Press

This book constitutes the proceedings of the 8th International Conference on Big Data Analytics, BDA 2020, which took place during December 15-18, 2020, in Sonapat, India. The 11 full and 3 short papers included in this volume were carefully reviewed and selected from 48 submissions; the book also contains 4 invited and 3 tutorial papers. The contributions were organized in topical sections named as follows: data science systems; data science

architectures; big data analytics in healthcare; information interchange of Web data resources; and business analytics.

Lawtoons (English) NHB Modern Plays

The concept of Lawtoons is simple: to create interesting cartoons on laws for kinds. We believe that through storytelling and cartoons, we can go on a journey to discover

how laws affect us. Lawtoons has a great potential to reach out to a large audience and create awareness of laws and rights !

Globalization, Deglobalization, and New Paradigms in Business

Apress

First Published in 1999.

This is the first knowledge book in the Resources for the Knowledge-Based Economy Readers' series to link the two hot topics of knowledge and strategy. The book centers around the concept of treating

organizational knowledge as a valuable strategy asset. Knowledge strategy is a natural extension of the historical development of business strategy in general. The book includes seminal articles on the subject.

The Future Springer

This book constitutes the refereed proceedings of the 4th International Conference on Innovative Technologies and Learning, ICITL 2021, held in November/December 2021. Due to COVID-19 pandemic the conference was held virtually. The 59

full papers presented together with 2 short papers were carefully reviewed and selected from 110 submissions. The papers are organized in the following topical sections: Artificial Intelligence in Education; Augmented, Virtual and Mixed Reality in Education; Computational Thinking in Education; Design Framework and Model for Innovative learning; Education Practice Issues and Trends; Educational Gamification and Game-based Learning;

Innovative Technologies and Pedagogies Enhanced Learning; Multimedia Technology Enhanced Learning; Online Course and Web-Based Environment; and Science, Technology, Engineering, Arts and Design, and Mathematics. *Making Schools Work* UNESCO Publishing
 Amit Lodha is a decorated IPS officer holding the rank of inspector general. But before he rose the ranks in the service, he was an IIT graduate who was struggling to find his true purpose. In this book,

Lodha tells us how he turned his life around and studied for the UPSC exams. He also tells us how he trained to be an officer and had the most memorable beginning to his career, in Bihar. Punctuated with his signature humour and adventure-packed stories on everything from solving a kidnapping to handling a mob, *Life in the Uniform* gives us a chance to experience an IPS officer's life through his own eyes.  Korean: A Comprehensive Grammar is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The book moves from the alphabet and pronunciation through morphology and word classes to a detailed analysis of sentence structures and semantic features such as aspect, tense, speech styles and negation. Updated and revised, this new edition

includes lively descriptions of Korean grammar, taking into account the latest research in Korean linguistics. More lower-frequency grammar patterns have been added, and extra examples have been included throughout the text. The unrivalled depth and range of this updated edition of Korean: A Comprehensive Grammar makes it an essential reference source on the Korean language.

Innovative Technologies and

Learning Harper Collins "UNESCO has recently published the third volume of its Education on the Move series, a series dedicated to the analysis of key trends in education with the hope of inspiring dialogue among policy makers, educators and other key stakeholders on the challenges of education for tomorrow. The latest publication, entitled Unleashing the Potential: Transforming Technical and Vocational Education and Training is focused entirely on issues related to technical and

vocational education and training (TVET). It takes stock of the steadily increasing demands and expectations on TVET systems around the globe and presents recent policy trends in the field of TVET. In their analysis, the authors provide insights into what it takes to unleash the potential of TVET systems around the world. They propose an integrated analytical approach that takes into consideration such factors as economic growth, social equity and issues related to sustainability so

that TVET can contribute more effectively to contemporary policy issues such as youth unemployment, gender disparities and climate change. Overall, the book calls for a transformation of TVET systems to enable them to respond to the demands of their contexts. This transformation should enable TVET systems to acquire agility to stay current and responsive to the rapidly changing demands of the twenty-first century."--Publisher's website.

This book analyzes the
changing dynamics of
competition and the
emergence of
deglobalization trends and
processes. The authors

begin by explaining the
role of technology on
globalization and its
impact on competitive
strategy. Then, they
present a theoretical
framework that outlines
the connection between
globalization and modern
society. The book also
delves into the shift
toward deglobalization
and addresses how the
onset of the COVID-10
pandemic has accelerated
the process. Concluding
with a discussion of how
the 4th Industrial
Revolution has resulted in
new paradigms for

business, this book will fill a gap through its investigation of an emerging concept for scholars in international business.

Media Culture and Development SAGE

On 28 September 2018, after announcing that he was going to step down as the managing director of YES Bank, Rana Kapoor had claimed: 'Diamonds are forever. My promoter shares of YES Bank are invaluable to me.'

However, in a span of just fourteen months, Kapoor did a complete U-turn. He

sold his entire stake in the bank, even as the shares continued to get hammered by investors. Rana Kapoor and Ashok Kapur had founded YES Bank in 2004. On 5 March 2020, the Reserve Bank of India (RBI) took control of it in an attempt to avoid the collapse of the bank, which had an excessive amount of bad loans. . What led to one of the biggest banking failures in Indian history? Who is Rana Kapoor and, more importantly, what role did he play in the rise and fall of YES Bank?. Furquan

Moharkan takes you right to the start of Rana Kapoor's career as a banker, charting his meteoric rise, his mercurial personality, the lavish lifestyle and the unravelling of it all. Kapoor's story runs parallel with that of the fourth largest private bank in India. In what feels like a story straight from a financial thriller, *The Banker Who Crushed His Diamonds* uncovers the rot deep within YES Bank's glittering success story. It serves as much as a cautionary tale as it

exposes the chink in India's armour against financial chaos.

Affect in Language

Learning Vani Prakashan

This book is an investigation of movement, particularly dance. What kind of movement is dance? What is dance in India? And, what is it to dance in India? It recognizes the diversity and complexity of practice in India, but also of the contingent (institutional) circumstances through which performances emerge and become

visible. This volume assembles writing that combines description with analytics of movement practices in India in our time. Essayists include performers, theorists, historians and cultural critics. The essays are discursive interventions on a wide variety of topics that concern the many fields of dance practice. The themes range from questions of periodization to the temporal, the archive, the proximate body and its potentialities, spaces and audiences, and policy interventions

on behalf of performance.

Earth in the Balance

Ebury Press

The New York Times bestseller that helps you explore whether romance is in the stars. Linda Goodman's *Love Signs* addresses the question asked by everyone familiar with astrology: How do I relate to someone of another sign? Each sign is "related" to the twelve signs of the zodiac in a different and unique way. Each section addresses the differences for a male and a female with the same sign

matches. This is an updated edition of Linda Goodman's lively bestseller, which has introduced millions to the concept of astrological compatibility. "What seems to set Goodman's books apart from other stargazing guides is their knowledgeable approach and comprehensive reach." —Newsweek *Housing, Land, and Property Rights in Post-Conflict United Nations and Other Peace Operations* Routledge This is one of the most significant military books

of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured

vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Innovative Technologies and Learning Routledge
From the former vice president and #1 "New

York Times"-bestselling author comes a frank and clear-eyed assessment of six critical drivers of global change in the
