Before violence tore apart the tapestry of Sri Lanka and turned its pristine beaches red, there were two families. Yasodhara tells the story of her own Sinhala family, rich in love, with everything they could ask for. As a child in idyllic Colombo, Yasodhara's and her siblings' lives are shaped by social hierarchies, their parents' ambitions, teenage love and, subtly, the differences between Tamil and Sinhala people; but the peace is shattered by the tragedies of war. Yasodhara's family escapes to Los Angeles. But Yasodhara's life has already become intertwined with a young Tamil girl's... Saraswathi is living in the active war zone of Sri Lanka, and hopes to become a teacher. But her dreams for the future are abruptly stamped out when she is arrested by a group of Sinhala soldiers and pulled into the very heart of the conflict that she has tried so hard to avoid - a conflict that, eventually, will connect her and Yasodhara in unexpected ways. Nayomi Munawera's *Island of a Thousand Mirrors* is an emotionally resonant saga of cultural heritage, heartbreaking conflict and deep family bonds. Narrated in two unforgettably authentic voices and spanning the entirety of the decades-long civil war, it offers an unparalleled portrait of a beautiful land during its most difficult moment by a spellbinding new literary talent who promises tremendous things to come.

All Asanka knows is poetry. From his humble village beginnings in the great island kingdom of Lanka, he has risen to the prestigious position of court poet and now delights in his life of ease: composing romantic verses for love-struck courtiers, enjoying the confidence of his king and covertly teaching Sarasi, a beautiful and beguiling palace maid, the secrets of his art. But when Kalinga Magha, a ruthless prince with a formidable army, arrives upon Lanka's shores, Asanka's world is changed beyond imagining. Violent, hubristic and unpredictable, Magha usurps the throne, laying waste to all who stand in his way. Under his terrifying rule, nothing in the city is left untouched and, like many of his fellow citizens, Asanka retreats into the shadows, hoping to pass unnoticed by the tyrant. But it seems his new master is a lover of poetry ... To Asanka's horror, Magha tasks him with the translation of an epic Sanskrit poem, a tale of Gods and nobles, love and revenge, which the

king believes will have a civilising effect on his subjects, soothing their discontent and snuffing out the fires of rebellion he suspects are igniting across the island. Asanka has always believed that poetry makes nothing happen, but as each new chapter he writes is disseminated through the land and lines on the page become cries in the street, his belief and his loyalties are challenged. And, as Magha circles ever closer to the things Asanka treasures most, the poet will discover that true power lies not at the point of a sword, but in the tip of a pen.

He loved French cookbooks, invented a new way of making khichdi, was interested in the engineering behind ship-building and the technology that makes ammunition. More than 100 years after his death, do we really know or understand the bewildering, fascinating, complex man Swami Vivekananda was? Vivekananda is one of the most important figures in the modern imagination of India. He is also an utterly modern man, consistently challenging his own views, and embracing diverse, even conflicting arguments. It is his modernity that appeals to us today. He is unlike any monk we have known. He is confined neither by history nor by ritual, and is constantly questioning everything around him, including himself. It is in Vivekananda's contradictions, his doubts, his fears and his failings that he recognises his profoundly compelling divinity—he teaches us that to try and understand God, first one must truly comprehend one's own self. This book is an argument that it is not just because he is close to God but also because he is so tantalisingly immersed in being human that keeps us returning to Vivekananda and his immortal wisdom.

An intimate portrait of the little-known aspects of Swami Vivekananda's life. Wandering mystic, India's spiritual ambassador to the West and founder of the Ramakrishna Mission, Swami Vivekananda awakened India's masses to the country's spiritual richness while stressing the importance of scientific inquiry. These aspects of Swamiji's life have been well chronicled by Swamiji himself, through his letters, speeches and writings; his own brothers who between them have written more than a hundred books; his co-disciples, disciples and others whose lives were enriched by their interactions with him; and, more than a century after his death, followers who had only read or heard of the magnetic personality of this revered teacher. Gleaned from all these sources, through painstaking research Sankar's biography focuses on the personal life of the saint: What was Vivekananda like as a man? What role did his mother play in his life, both before and after he renounced all family ties? Could he reconcile the duties of a monk with the duties of an eldest son? What prompted him to promote Vedanta and biriyani in the West? Did the long drawn battles over family property affect his health and cut short his life? Did his sister commit suicide? Why did his brother not write a single letter for six years when he was wandering around the world? What was Swamiji's favourite dish and what fruit did he like the least? What was his height? Where did he have his second heart attack? How much did the Calcutta doctor charge him at his chamber? Sankar's composite picture of the monk as man has sold over one lakh copies in Bengali and this translation brings the unfamiliar Vivekananda to a larger readership.
