Ex-con Cassie Black planned to see out her parole quietly - but things rarely go to plan. She was lured back to the criminal profession she gave up - as professional thief in Vegas casinos, robbing gamblers of their winnings - by a proposition that is just too good to miss. The job goes as planned, except that the target has too much money. It can only mean someone very powerful is going to be very angry indeed. Filipino politicians have a reputation of being corrupt and the Muslim insurgent and the New Army problem, but most that make a journey to the 7000-odd islands are surprised by the beauty and friendliness of the people. There are no defined seasons in the Philippines and at times is difficult to determine which is spring, summer, autumn and which is

winter. And when it rains, it pours. Most of the Philippines are resilient, stable and relatively safe. The local are exceptionally helpful, have a sense of humor and friendly. There are fantastic reefs and beaches, the food is good and accommodation is plentiful. English is the second language and widely spoken. Aside for its reputation for rampant lawlessness and reoccurring political instability Philippines is the entertainment capital of Asia with top-notch entertainment throughout the provinces including fiestas which at times have a Mardi Gras flavor. Jane is a Mensa genius, stunning and wealthy. A tall, quirky, queer girl. She's a weapons and martial arts expert, and though vicious and troubled, she's got a heart of gold. Jettisoning a life of East Coast privilege to become a PI/Bounty hunter in dangerous N. Las Vegas, she's dedicated her life to fighting for the LGBTQ world. She takes down violent men and woman – in this case two violent butch females, sadists along the eco system of the private sex and fetish scene in Vegas. When an ex drug-addicted show girl's young daughter goes missing, Jane must move into the depraved bowels of the Vegas underground, into BDSM and Goth sex clubs as she hunts her prey. There sex, lots of it, and violence too, among the private, dangerous and honest club scene. There's death and, hopefully, laughter and a few tears along the way. If you're looking for the usual watered down erotica, the Prince saves the princess kind of pabulum, well this novel is

not for you – unless you might be interested in something NEW and unusual. I have been told my work is like a bath of acid, stripping reality to the bone. The first novel in a series of novels. *Moon California Road Trip* Hachette UK

The remarkable economic growth of Las Vegas between 1980 and 2007 created a population boom and a major increase in the ethnic and religious diversity of the city. Today, over 21 percent of the city's population is foreign born, and over 30 percent speak a language other than English at home. The local court system offers interpreters in 82 languages, and in 2005/2006, for example, more than 11,000 people, originating from 138 countries, were naturalized there as American citizens. More Peoples of Las Vegas extends the survey of this city's cosmopolitan population begun in The Peoples of Las Vegas (University of Nevada Press, 2005). As in the previous book, this volume includes well-established groups like the Irish and Germans,

and recently arrived groups like the Ethiopians and Guatemalans. Essays describe the history of each group in Las Vegas and the roles they play in the life and economy of the city. The essays also explore the influence of modern telecommunications and accessible air travel, showing how these factors allow newcomers to create transnational identities and maintain ties with families and culture back home. They also examine the role of local institutions—including clubs, religious organizations, shops, restaurants, and newspapers and other media—in helping immigrants maintain their ethnic and religious identities and in disseminating national and even regional cultures of origin. More Peoples of Las Vegas adds to our awareness of the rich and varied ethnic and religious character of Las Vegas. In a broader context, it offers thoughtful perspectives on the impact of globalization on a major American city and on the realities of immigrant life in the twenty-first century.

Directory of Graduates of

the FBI National Academy and Officers of the FBI National Academy Associates Hachette UK Dave 'Bad News' Barnes is a deputy sheriff who has transferred from the busy atmosphere of Las Vegas to a tranquil town in northeast Washington. On an autumn morning he responds to a call of an animal mutilation near Hoodoo Mountain. Later he is informed by another deputy, who is Native American, that the killer may be a supernatural creature thought to be a little-known mythical creature. This may explain the area's history of missing people, or it may be just a bedtime story. Thus begins the tale of a deputy, the town's occupants, and how they become involved over time as the nights become dark earlier and the months grow cold, and people and their pets begin going missing... again. As October moves into November and then December, the snow begins to cover up clues. As the mystery deepens, so does the body count. Deputy Barnes keeps track of the citizenry and searches for clues, real and otherwise, that offer possible solutions as to what is happening to the

people and pets in the city and the outlying areas. A tough and energetic female deputy adds to the intrigue and suspense as she just might be the one person who can unravel and close this case – for good.
