The Image of

Edessa, also
later known as
the Mandylion,
was a relic of
Christ, a cloth

the image, along with detailed analysis of the history of the image. Guscini deftly separates fact from legend, for while the story of King Agbar is certainly mythical, an image of some sort did definitely exist by the mid tenth century when it was translated to Constantinople.

Verdict on the Shroud

Lulu.com
“Vivid historical writing . . . a fascinating and factual defense for

the authenticity of the famous Shroud” (Christian Newswire). The Shroud of Turin, the traditional burial cloth of Jesus Christ, is either authentic or not. The Keramion, Lost and Found provides new answers to settle that centuries-old debate. In 2000, Philip Dayvault, a former FBI Special Agent, began a quest for ancient oil lamps in a faraway land, but it soon became an

epic journey that gave rise to the questions... Could a small mosaic found in a faraway museum possibly have anything to do with numerous ancient, classical depictions of Jesus Christ? Could it bear an actual image of the God-Man, an image of God incarnate; and, perhaps, be the earliest known portrait image of Jesus Christ? Could it confirm vital, key elements of a 1700-year-old legend

Christianity?

Publishers The question of the historicity of Jesus' resurrection has been repeatedly probed, investigated and debated. And the results have varied widely. Perhaps some now regard this issue as the burned-over district of New Testament scholarship. Could there be any new and promising approach to this problem? Yes, answers Michael Licona. And he convincingly points us to a

significant deficiency in approaching this question: our historiographical orientation and practice. So he opens this study with an extensive consideration of historiography and the particular problem of investigating claims of miracles. This alone is a valuable contribution. But then Licona carefully applies his principles and methods to the question of Jesus' resurrection.

In addition to determining and working from the most reliable sources and bedrock historical evidence, Licona critically weighs other prominent hypotheses. His own argument is a challenging and closely argued case for the historicity of the resurrection of Jesus, the Christ. Any future approaches to dealing with this 'prize puzzle' of New Testament study will

need to be routed through The Resurrection of Jesus.

lexicons and grammars." Bullinger sets out 217 distinct figures of speech present in Scripture. He gives for each the pronunciation and etymology of its name, and then a number of passages of Scripture in which it appears, accompanied by a full explanation. In all, nearly eight thousand passages are thus cited. *Isis Unveiled* Wipf and Stock Publishers The first

Arabic Nazah NazahMorgan James Publishing **Speeches of Pope Pius IX.** University of Michigan Faculty Reprints As an original team member of STURP (The Shroud of Turin Research Project, Inc.) who were given the rare opportunity to intricately examine and test the shroud, Dr. Kenneth Stevenson brings forth his fourth treatise on the subject with intriguing new perspective.

NAZAH offers an outlook on the Shroud of Turin that looks at both the vast amount of clear, scientific research and evidence, and the heart of the Holy Scriptures. Joined with historical fact, prophetic confirmation, Judaic burial customs and personal reflection, the mystery of the shroud of a crucified Jewish man, whose image was left to be seen, is now brought forth to inspire and challenge a

new generation of truth seekers. With additional discussions of the relic's historical and spiritual significance, NAZAH will touch the hearts of not only those of Jewish faith, but the hearts of people of all faiths who seek deeper meaning as to what the Shroud of Turin means to today's generation. **The Essene Origins of Christianity** Dr. Kenneth Stevenson Gary R. Habermas

begins his apologetic for Christianity by demonstrating the historicity of the resurrection of Christ. He then connects the resurrection to several key tenets of Christian theology, through paths not only historical, but also philosophical, counseling, and experiential. **The Keramion, Lost and Found** BRILL In his history of the Jewish nation, Josephus wrote only of

the death of Jesus, not mentioning one detail of his life. In contrast, the life of Judas the Galilean was chronicled from his temple cleansing to his grandson's suicide at Masada. Yet, Josephus did not tell us how Judas died. Is it possible that Judas and Jesus are the same person? Just a few of the similarities are listed below. Both Judas and Jesus cleansed the Temple in Jerusalem. Like Jesus,

Judas was anointed King or Messiah by his followers in Galilee. The organizations of the teachers were identical. The second-in-command to Jesus was nicknamed Cephas. Josephus called Judas' second, Sadduc. Barabbas was released in the trial of Jesus during the reign of Pilate. Judas was arrested by Herod the Great and later released to the Jewish crowd. Jesus was interrogated

by Annas and later crucified because of his stand against Roman taxation. Judas led the tax revolt against Roman taxation in 6 AD. Annas became High Priest in 7 AD. iUniverse Rev. ed. of: Ancient evidence for the life of Jesus. Thomas Nelson Incorporated One of contemporary India's most prolific Urdu poets, Firaq Gorakhpuri was well known for his

ghazals, nazms, rubaais and qat'aa. His magnum opus, Gul-e-Naghma, won him the Jnanpith Award (1969), India's first highest literary honour for literature. The other awards bestowed upon him include the Sahitya Akademi Award (1960), and the Ghalib Academy Award (1981). In this personalized biography, Firaq's nephew, Ajai Mansingh, tells the

compelling tale of the poet's life, inspiration, and struggles - shedding light on the trials and tribulations of one of India's greatest literary figures. 'Firaq is a poet of the labyrinths of emotions, the sensuousness and transcendence of beauty, and the merging shades of pain and ecstasy. The softness and suppleness of his voice does not have a parallel in Urdu poetry.' — Gopi Chand

The Resurrection

of Jesus Roli Books Private Limited From scientific, medical, historical, archaeological and biblical vantage points, the authors give new evidence that further supports the claim that the image on the famous Shroud of Turin is the crucified Christ. Photos. [Image of the Risen Christ](#) Legare Street Press In 1988, radiocarbon dating showed that the Shroud of Turin--long

regarded as the burial cloth of Jesus of Nazareth--could not be from the time of Jesus but was of a more recent origin. What scientists did not know at that time, but what author Dr. Leoncio Garza-Valdes came to discover, is that bacteria produce an organic coating (what he calls a "bioplastic coating") over time on ancient textiles, including the Shroud itself. This coating,

which the author first discovered on Mayan artifacts, so distorts the carbon dating process that objects on which it is found (such as the Shroud) are actually significantly older than the data show. The scientific community has hailed Dr. Garza-Valdes's findings since this new knowledge is of significance for archaeologists around the world. For those interested in the mysterious

history of the Shroud, it is again possible to regard this artifact as originating in the first century--and consequently as being the burial cloth of Jesus. But Dr. Garza-Valdes's amazing discoveries did not end with this breakthrough. His examination of pieces of the Shroud under a microscope has revealed incredible clues consistent with the Scriptural accounts of the death of

Jesus. Bacteria that produce acetic acid (vinegar) were isolated from the Shroud. Do they belong to the vinegar offered to Jesus before his death on the cross? Could human blood remnants that contain a man's DNA be traces of the blood of Jesus? Does it contain the DNA of God? The DNA of God? is the fascinating story of this microbiologist's journey of discovery and of the earthshaking

secrets he has revealed about the Shroud of Turin.
