MOODY JORDAN

The Cambridge Guide to Teaching English to Speakers of Other Languages Cambridge Scholars Publishing

Mastering the language of schooling is essential for learners to develop the skills necessary for school success and for critical thinking. It is fundamental for participation in democratic societies, and for social inclusion and cohesion. This handbook is a policy and working document which promotes convergence and coherence between the linguistic dimensions of various school subjects. It proposes measures to make explicit - in curricula, pedagogic material and teacher training - the specific linguistic norms and competences which learners must master in each school subject. It also presents the learning modalities that should allow all learners, and in particular the most vulnerable among them, to benefit from diversified language-learning situations in order to develop their cognitive and linguistic capacities.

Cambridge International Certificate in Financial English (Icfe) Cambridge University Press

This collection provides a state-of-the-art survey of current issues, debates and approaches in contemporary Second Language Teacher Education.

Examining FCE and CAE Cambridge University Press

Cambridge English for Schools Practice Tests have been designed to familiarise students with the level and format of the Cambridge English Key, Preliminary and First (previously known as KET, PET and FCE) for Schools examinations. Students can be assured that they will receive the relevant, up-to-date, appropriate training to successfully undertake these tests. The guidance and tips sections advise students on how to approach each part of the examination and allow them to improve the skills required.

Evolve Level 1A Student's Book Publicacions de la Universitat Jaume I

Cambridge English for Scientists is a short course (40-60 hours) for student and professional scientists.

The language dimension in all subjects Collins

This important work collects studies and reflections on such relevant themes about LSP as medical English, the language of advertising and journalism, telecommunications, data processing terminology, trade and juridical English. Although most of the works are related to English, there are also works related to German or French among others. .

Using Technology in Foreign Language Teaching BPP Publishing

A clear and practical introduction to second language acquisition, written for students encountering the topic for the first time.

Cambridge IGCSE English as a second language Cambridge University Press

BPP Learning Media's ICFE Workbook is the ideal companion to assist students with technical English learning and to gain certification of their abilities which are recognised by thousands of educational organisations and employers worldwide.

Cambridge Certificate in Advanced English 5 Audio CD Set (2 CDs) Cambridge University Press

Contains four complete past papers from Cambridge ESOL for the Cambridge Certificate in Advanced English examination These papers provide candidates with an excellent opportunity to

familiarise themselves with the content and format of the CAE examination and to practise examination techniques using genuine papers from Cambridge ESOL. Attractive colour visual material for Paper 5 is included with each test, enabling students to prepare thoroughly for the paired interview (Paper 5). The Cassette Set contains the recorded material for the aural component of the exam (Paper 4).

Introducing Second Language Acquisition Multilingual Matters

EVOLVE is a six-level English course that gets students speaking with confidence. Drawing on insights from language teaching experts and real students, this Level 1 (CEFR A1) Student's Book A (Units 1-6) covers all skills and focuses on the most effective and efficient ways to make progress in English. Each unit in the book features Time to speak, a lesson where decision-making and problem-solving tasks enable speaking to thrive. Optional mobile phone activities help create personalized learning experiences.

Practice Tests for Cambridge PET for Schools Student Book Cambridge University Press

Revised edition for the 2015 syllabus offering the easiest and most cost effective way to teach both the speaking and listening components with one set of books covering two years and free digital material. This title has been written for the revised Cambridge IGCSE English as a Second Language (0510 and 0511) syllabuses, for first teaching from 2013. ? Prepares students for their exams with a focus on assessed language features, such as inference, opinion and attitude. ? Develops language abilities at an appropriate pace with extra interactive tests on a free CD-ROM. We are working with Cambridge International Examinations to gain endorsement for this title.

Cambridge Certificate in Advanced English 5 Cambridge University Press

A collaborative series with the University of Cambridge Faculty of Education highlighting leading-edge research across Teacher Education, International Education Reform and Language Education. Produced with University of Cambridge International Examinations, this is a practical guide to support school principals in the implementation of bilingual education, and to help schools with an existing bilingual programme to evaluate and improve their practice. This is the first guide to focus on the development and organisation of a bilingual education programme from the perspective of the school principal. The book suggests how the major stakeholders - principal, teachers, students and parents - can work together effectively as a cohesive team. Drawing on best practice and research, it includes perspectives from school managers and teachers around the world.

CLIL Cambridge University Press

Modern primary teachers must adapt literacy programmes and ensure efficient learning for all. They must also support children with language and literacy difficulties, children learning English as an additional language and possibly teach a modern foreign language. To do this effectively, they need to understand the applied linguistics research that underpins so many different areas of the language and literacy curriculum. This book illustrates the impact of applied linguistics on

curriculum frameworks and pedagogy. It captures the range of applied linguistics knowledge that teachers need, and illustrates how this is framed and is used by policy makers, researchers, teacher educators and the other professions who work with teachers in schools. It considers how to effect professional development that works. It is essential reading for primary teachers but also for speech and language therapists, educational psychologists, learning support teachers and all those doing language or literacy research in the primary classroom.

Children

Publisher description

Examining Listening Cambridge University Press

Written with a range of international contexts in mind, this highly flexible, 6-level course provides coverage of the Cambridge Primary English as a Second Language syllabus. Consisting of an appealing, magazine style Student Book, extensive Workbook and supportive Teacher's Guide, the course offers progression within and across levels. The Teacher's Guides offer a clear, but differentiated path through the Student's Books by providing comprehensive, easy-to-use teacher and classroom resources, including step-by-step lesson plans, and a varied and extensive Activity Bank. The materials can be tailored to specific local contexts, and can be used alongside other resources to which teachers already have access. Provides support as part of a set of resources for the Cambridge Primary curriculum framework from 2011. This title is endorsed by Cambridge Assessment International Education.

A Parents' and Teachers' Guide to Bilingualism Cambridge University Press

This volume examines the nature of second language listening proficiency and how it can be assessed. The book highlights the need for test developers to provide a clear explication of the ability constructs which underpin the tests they offer in the public domain. This is increasingly necessary if claims about the validity of test score interpretation and use are to be supported both logically and with empirical evidence. It operationalises a comprehensive test validation framework which adopts a socio-cognitive perspective. The framework embraces six core components, examining and then analysing Cambridge ESOL listening tasks from the following perspectives: Test Taker; Cognitive Validity; Context Validity; Scoring Validity; Criterion-related Validity; and Consequential Validity.

Keep Talking Cambridge University Press

Equip your students for success with complete support for the latest Cambridge AS & A Level English Language syllabus (9093), for examination from 2021. Written by Cambridge examiners, the accessible, exam-focused approach embeds complex language skills and fully equips students for their exams. This online Student Book will be available on Oxford Education Bookshelf until 2029. Access is facilitated via a unique code, which is sent in the mail. The code must be linked to an email address, creating a user account. Access may be transferred once to an additional user

Multilingual Frameworks Council of Europe

The most comprehensive overview available, this Handbook is an essential guide to sociolinguistics today. Reflecting the breadth of research in the field, it surveys a range of topics and approaches in the study of language variation and use in society. As well as linguistic perspectives, the handbook includes insights from anthropology, social psychology, the study of discourse and power, conversation analysis, theories of style and styling, language contact and applied sociolinguistics. Language practices seem to have reached new levels since the communications revolution of the late twentieth century. At the same time face-to-face communication is still the main force of language identity, even if social and peer networks of the traditional face-to-face nature are facing stiff competition of the Facebook-to-Facebook sort. The most authoritative guide to the state of the field, this handbook shows that sociolinguistics provides us with the best tools for understanding our unfolding evolution as social beings.

Cambridge IGCSE(TM) First Language English Exam Preparation and Practice Cengage Learning Emea

CLIL (Content and Language Integrated Learning) has emerged since the millennium as a major trend in education. Written by Do Coyle, Philip Hood and David Marsh and drawing on their experience of CLIL in secondary schools, primary schools and English language schools across Europe, this book gives a comprehensive overview of CLIL. It summarises the theory which underpins the teaching of a content subject through another language and discusses its practical application, outlining the key directions for the development of research and practice. This book acknowledges the uncertainty many teachers feel about CLIL, because of the requirement for both language and subject knowledge, while providing theoretical and practical routes towards successful practice for all.

Cambridge Certificate of Proficiency in English 2 Student's Book Cambridge University Press

Here is a practical tool for teaching communication in the language classroom, suitable for use with students from elementary to advanced level. The book contains instructions for over 100 different participatory exercises. For each activity, notes are provided for organization, time, and preparation. A comprehensive table of activities and an index also are included. Copyright © Libri GmbH. All rights reserved.

IGCSE Chemistry Cambridge University Press

This important course provides a comprehensive basic introduction to teaching languages, for use in pre-service or early experience settings. It can be used by groups of teachers working with a trainer, or as a self-study resource. The Trainee's Book provides all the tasks given in the main book but without background information, bibliographies, notes or solutions. It is suitable for those studying on a trainer-led course, where feedback is readily available.
