[The British National Bibliography](#) Arthur Ransome

A world list of books in the English language. *Books in Print* London : G. Allen & Unwin, Limited

"Written to mark Oak Knoll Press's thirtieth anniversary, *Books about Books* is a comprehensive history and bibliography of the press, from its beginning in 1978 through the fall of 2008. Bob Fleck, founder, owner, and president of the Press, tells the story of his adventures in publishing. Bob decided to leave the field of chemical engineering in 1976 to start Oak Knoll Books,

an antiquarian bookseller specializing in books about books. Two years later, he started publishing in the same field, beginning with a reprint of Bigmore and Wyman's *A Bibliography of Printing*. Oak Knoll Press has operated out of several buildings and under several publishing directors, but in the thirty years of its existence, it has developed a reputation for excellence in the field of books about books. The Press has published 320 books to date and is still going strong." "The book begins with a fifty-page history of the press, which is well illustrated with more than fifty images. The history is followed by the bibliography, which lists 320 books in order

of publication. Each entry includes the author, title, edition, and a brief physical description, as well as a paragraph describing the contents of the book. Any subsequent reprints are also listed. The bibliography includes about twenty full-page images of Oak Knoll Press publications. Books about Books is sure to be a useful tool for all of those wishing to expand their Oak Knoll Press collection or understand individual titles in the context of the whole."--BOOK JACKET.

The J.R.R. Tolkien Companion & Guide

Oak Knoll Press
Children's literature continues to be one of the most rapidly expanding and exciting of interdisciplinary academic studies, of

interest to anyone concerned with literature, education, internationalism, childhood or culture in general. This edition has been expanded and includes over 50 new articles. New topics include Postcolonialism, Comparative Studies, Ancient Texts, Contemporary Children's Rhymes and Folklore, Contemporary Comics, War, Horror, Series Fiction, Film, Creative Writing, and 'Crossover' literature. The international section has been expanded to reflect world events. [Collected Books](#)
eBookIt.com
Scotland's national bibliography, listing books, periodicals, and major articles of Scottish interest published all over the

world. Covers material issued since 1988. Bibliography and Index of Colorado Geology Oxford University Press Designed to be the essential reference works for all readers and students, these volumes present the most thorough analysis possible of Tolkien's work within the important context of his life. The Reader's Guide includes brief but comprehensive alphabetical entries on a wide range of topics, including a who's who of important persons, a guide to places and institutions, details concerning Tolkien's source material, information about the political and social upheavals through which the author lived, the importance of his social circle, his service as an infantryman in

World War I -- even information on the critical reaction to his work and the "Tolkien cult." The Chronology details the parallel evolutions of Tolkien's works and his academic and personal life in minute detail. Spanning the entirety of his long life including nearly sixty years of active labor on his Middle-earth creations, and drawing on such contemporary sources as school records, war service files, biographies, correspondence, the letters of his close friend C. S. Lewis, and the diaries of W. H. Lewis, this book will be an invaluable resource for those who wish to gain a complete understanding of Tolkien's status as a giant of twentieth-century literature.

"Swallows, Amazons
and Coots" Routledge
"In 1929, Arthur
Ransome (1884-1967),
a journalist and war
correspondent who
was on the books of
MI6, turned his hand to
writing adventure
stories for children.
The result was
Swallows and Amazons
and eleven more
wonderful books
followed, spanning
in publication the
turbulent years from
1930 to 1947. They
changed the course of
children's literature
and have never been
out of print since. In
them, Ransome
creates a world of
escape so close to
reality that it is utterly
believable, a world in
which things always
turn out right in the

end. Yet Swallows,
Amazons and Coots
shows that, to be
properly appreciated
today, the novels must
be read as products of
their era, inextricably
bound up with
Ransome's life and
times as he bore
witness to the end of
Empire and the dark
days of the Second
World War. In the first
critical book devoted
wholly to the series,
Julian Lovelock
explores each novel in
turn, offering an
erudite assessment of
Ransome's creative
process and narrative
technique, and
highlighting his
contradictory politics,
his defence of rural
England, and his
reflections on
colonialism and the
place of women in
society. Thus Lovelock
demonstrates

convincingly that, despite first appearances, the novels challenge as much as reinforce the pervading attitudes of their time. Written with a lightness of touch and enlivened by Ransome's own illustrations, *Swallows, Amazons and Coots* is both fresh and nostalgic. It will appeal to anyone who has enjoyed the world of *Swallows and Amazons*, and there is plenty here to challenge both the student and the Ransome enthusiast." *English Historical Documents: 1485-1558* Taylor & Francis Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called

Junior libraries, 1954-May 1961). Also issued separately. List of U.S. Geological Survey Geologic and Water-supply Reports and Maps for Utah Yale University Press A prolific 20th-century author, editor, critic, reviewer and foreign correspondent, Arthur Ransome is historically considered one of the most important English children's writers between the wars. This first comprehensive bibliography describes in detail the various editions of the books he wrote and to which he contributed. Included in this work are more than 1,500 contributions by Ransome to newspapers and magazines, with extensive notes on their publication history. Among these

contributions are controversial reports from Russia during World War I and the rise of the Bolsheviks.

Taylor & Francis
Children's literature continues to be one of the most rapidly expanding and exciting of interdisciplinary academic studies, of interest to anyone concerned with literature, education, internationalism, childhood or culture in general. The second edition of Peter Hunt's bestselling International Companion Encyclopedia of Children's Literature offers comprehensive coverage of the subject across the world, with substantial, accessible,

articles by specialists and world-ranking experts. Almost everything is here, from advanced theory to the latest practice – from bibliographical research to working with books and children with special needs. This edition has been expanded and includes over fifty new articles. All of the other articles have been updated, substantially revised or rewritten, or have revised bibliographies. New topics include Postcolonialism, Comparative Studies, Ancient Texts, Contemporary Children's Rhymes and Folklore, Contemporary Comics, War, Horror, Series Fiction, Film, Creative Writing, and 'Crossover' literature. The international section has been

expanded to reflect world events, and now includes separate articles on countries such as the Baltic states, the Czech and Slovak Republics, Iran, Korea, Mexico and Central America, Slovenia, and Taiwan.

The Times Literary Supplement Index

A detailed work of reference and scholarship, this one volume Encyclopedia includes discussions of all the fundamental issues in Tolkien scholarship written by the leading scholars in the field. Coverage not only presents the most recent scholarship on J.R.R. Tolkien, but also introduces and explores the author

and scholar's life and work within their historical and cultural contexts. Tolkien's fiction and his sources of influence are examined along with his artistic and academic achievements - including his translations of medieval texts - teaching posts, linguistic works, and the languages he created. The 550 alphabetically arranged entries fall within the following categories of topics: adaptations art and illustrations characters in Tolkien's work critical history and scholarship influence of Tolkien languages biography literary sources literature creatures and peoples of Middle-earth objects in Tolkien's work places

in Tolkien's work
reception of Tolkien
medieval scholars
scholarship by Tolkien

advice on book
collecting with a
glossary of terms and
tips on how to identify
first editions and
estimated values for
over 20,000 collectible
books published in
English (including
translations) over the
last three centuries-
about half are literary
titles in the broadest
sense (novels, poetry,
plays, mysteries,
science fiction, and

children's books); and
the other half are non-
fiction (Americana,
travel and exploration,
finance, cookbooks,
color plate, medicine,
science, photography,
Mormonism, sports, et
al).

*Bibliography of North
American Geology*
London's Soho district
underwent a
spectacular
transformation
between the late
Victorian era and the
end of the Second
World War: its old
buildings and dark
streets infamous for
sex, crime, political
disloyalty, and ethnic
diversity became a
center of culinary and
cultural tourism
servicing patrons of
nearby shops and
theaters. Indulgences
for the privileged and
the upwardly mobile
edged a dangerous,

transgressive space imagined to be "outside" the nation. Treating Soho as exceptional, but also representative of London's urban transformation, Judith Walkowitz shows how the area's foreignness and porousness were key to the explosion of culture and development of modernity in the first half of the twentieth century. She draws on a vast and unusual range of sources to stitch together a rich patchwork quilt of vivid stories and unforgettable characters, revealing how Soho became a showcase for a new cosmopolitan identity. TLS, the Times Literary Supplement First published in 1933, this study, which underwent revision in

the 1960s, is a comprehensive survey of the verse of English nineteenth-century poets whose work appeared after 1860. A special feature is the full and critical treatment of minor writers. In no other book is their work so carefully evaluated. There is a full account of the minor Pre-Raphaelites, of James Thomson, the poet of *The City of Dreadful Night*, of Henley, Stevenson and George MacDonald. John Davidson is the subject of a long and revealing study. Evans suggests that poetry from the late nineteenth century is neglected in scholarly study, and that Victorian Romanticism deserves more attention than it has recently received. *Subject Guide to Books*
