By Alexa Baracaia, winner of the 2022 Free From Hero Award The discovery that your child has a serious food allergy can be life-changing, accompanied as it often is by an emergency dash to the hospital, the acquisition of several EpiPens, and a large dose of anxiety. My Family and Food Allergies is for anyone caring for, or close to, a child with food allergies. It covers every aspect of the journey from diagnosis to helping your child on the path to independence. First and foremost, it is aimed at parents but it is also a must-read for grandparents, friends, teachers and others keen to learn more about living with food allergies. It is bursting with practical tips and expert advice on how to navigate each fresh milestone and challenge, including school care plans, understanding where the real risks are (and what is manageable) and how to handle things like school bake sales, celebratory occasions and birthday parties. It features failsafe recipes for every occasion, including the best 'free from' birthday cake recipe ever, as well as advice on travel and flying, on what to look for in accommodation and a mini-allergy-friendly guide for resorts such as Disneyland, restaurant chains, and so on. With an outline of what we can hope for the future, where the science is now, and what the experts predict will happen in the battle against severe food allergies, this really is the ultimate guide for anyone who wants to safely support and inform their child on the path to independence.

Beach Party Guest Book Penguin

Shhhh! Don't tell anyone about this mouth-watering book from the New York Times bestselling creators of *Dragons Love Tacos!* How does Raccoon love pizza? Oh, let him count the ways. He loves the gooey cheesy-ness, salty pepperoni-ness, sweet sweet tomato-ness, and of course the crispity crunchity crust. But someone is always chasing poor Raccoon away from his favorite food with a broom! What's a hungry raccoon to do? Plan an elaborate secret pizza party, of course! But shhh! It's a secret! In fact, you should probably just forget I told you. Nope, no secret pizza party happening here. You didn't already tell all your friends, did you? Uh oh . . . Fans of Jon Klassen and Mo Willems's humor will gobble up this quirky ode to the lengths we will go to for our heart's desire. Praise for *Dragons Love Tacos*: New York Times bestseller A New York Times Notable Children's Book of 2012 "Rubin and Salmieri are two of the weirdest, funniest guys working in kids' lit today. The team lets its geek flag fly in an obsessive how-to guide for would-be dragon taco party hosts. Why a taco party? As Rubin explains, 'The only things dragons love more than parties or tacos, is taco parties.' If further proof is required, Salmieri—whose poker-faced watercolor, gouache, and color pencil drawings set a benchmark for oddball observational humor—shows one odd, scaly creature with a carryout bag from 'Taco Cave' and another beaming with anticipation as it eagerly circles the date for a taco party on its taco-themed calendar. But

beware: even if all the tips and rules are followed to the letter (on quantity: 'The best way to judge is to get a boat and fill the boat with tacos'), all will be for naught if spicy salsa makes its way into the taco filling. In fact, the dragons will bring a whole new meaning to 'housewarming.' Off-kilter fun for those who like their picture books (and salsa) zesty and fresh."—Publishers Weekly, starred review "Dragons Love Tacos is a heaping helping of silly. Little kids will relate to the anti-spicy bias and chuckle over Salmieri's watercolor and gouache cartoon illustrations showing literally boatloads of tacos and all sizes of dragons enjoying their favorite food at pool parties, costume parties and, well, taco parties."—San Francisco Chronicle "The perfect book for kids who love dragons and mild tacos."—Kirkus Reviews "The watercolor, gouache, and colored pencil cartoon illustrations are the real stars here. Regardless of, or perhaps because of, the absurdity of the story, this tale should be a big hit with anyone with an affinity for dragons."—School Library Journal
