There is a group of

incomplete stories of

many love in the world

and every human has

its own say. From

those stories, I have

brought four wonderful

stories of love to you.

This book is for those

who had ever loved but their story remained incomplete. This book is even more special for those who are in someone's love, they win that love every day. Many people have written love in their own style, I have also tried in my own style. The nature of my love is a bit different. This love is not for 20-22 years, but this love is for young people. This love is of school days. I hope you like my guess and you can remember the love of your days.
