JILLIAN JOSIE

The Saturday Night Ghost Club Simon and Schuster

In 1954, a pastor named Jim Jones opened a church in Indianapolis called Peoples Temple Full Gospel Church. He was a charismatic preacher with idealistic beliefs, and he quickly filled his pews with an audience eager to hear his sermons on social justice. As Jones's behavior became erratic and his message more ominous, his followers leaned on each other to recapture the sense of equality that had drawn them to his church. But even as the congregation thrived, Jones made it increasingly difficult for members to leave. By the time Jones moved his congregation to a remote jungle in Guyana and the US

government began to investigate allegations of abuse and false imprisonment in Jonestown, it was too late. *A Thousand Lives* is the story of Jonestown as it has never been told. New York Times bestselling author Julia Scheeres drew from tens of thousands of recently declassified FBI documents and audiotapes, as well as rare videos and interviews, to piece together an unprecedented and compelling history of the doomed camp, focusing on the people who lived there. The people who built Jonestown wanted to forge a better life for themselves and their children. In South America, however, they found themselves trapped in Jonestown and cut off from the outside world as their leader goaded them toward committing "revolutionary suicide" and deprived them of food, sleep, and hope. Vividly written and impossible to forget, *A Thousand Lives* is a story of blind

loyalty and daring escapes, of corrupted ideals and senseless, haunting loss.

Killings CreateSpace

An equal parts haunting and hilarious deep-dive review of history's most notorious and cold-blooded serial killers, from the creators of the award-winning *Last Podcast on the Left*. *War on the Border* The Road to Jonestown The basis for the upcoming HBO miniseries and the "definitive account of the Jonestown massacre" (Rolling Stone) -- now available for the first time in paperback. Tim Reiterman's *Raven* provides the seminal history of the Rev. Jim Jones, the Peoples Temple, and the murderous ordeal at Jonestown in 1978. This PEN Award-winning work explores the ideals-gone-wrong, the intrigue, and the grim realities behind the Peoples Temple and its implosion in the jungle of South America. Reiterman's reportage clarifies

enduring misperceptions of the character and motives of Jim Jones, the reasons why people followed him, and the important truth that many of those who perished at Jonestown were victims of mass murder rather than suicide. This widely sought work is restored to print after many years with a new preface by the author, as well as the more than sixty-five rare photographs from the original volume.

Stories from Jonestown del-Grande Publishing Incorporated

An account of one of the most notorious criminals in American history puts Manson in the context of his times, the turbulent end of the 1960s, revealing a rock star wannabe whose killings were directly related to his musical ambitions.

The Road to Jonestown Simon and Schuster
Buffalo Trail Penguin

One night, when I am old, sick, right out of semen, and don't need things to get any worse, I hear the noises growing louder. I am sure they are making love in Zenab's bedroom which is next to mine. Waldo, a fêted filmmaker, is confined by old age and ill health to his London apartment. Frail and frustrated, he is cared for by his lovely younger wife, Zee. But when he suspects that Zee is beginning an affair with Eddie, 'more than an acquaintance and less than a friend for over thirty years,' Waldo is pressed to action: determined to expose the couple, he sets himself first to prove his suspicions correct - and then to enact his revenge. Written with characteristic black humour and with an acute eye for detail, Kureishi's eagerly awaited novella will have his readers dazzled once again by a brilliant mind at work.

Journey to Nowhere Anchor

At age nineteen, author Teri O'Shea joined Peoples Temple in California led by Jim Jones. A member for seven years, she escaped Peoples Temple three weeks before the massacre in Jonestown, Guyana. The raw and powerful poems in *Jonestown Lullaby* explore her experience in Jonestown and the aftermath of her survival. A personal confidant to Jim Jones for seven years, O'Shea writes about the harrowing nightmare of Jonestown with an intensity and passion seldom captured in poetic form. Teri was the last person to escape Peoples' Temple before the massacre in Jonestown; now, she turns to writing to help find her way back to a more peaceful life. *Jonestown Lullaby* records her voyage, with vivid, stark images of the bewildering world that was Jonestown and the pathological madness of Jim Jones. Teri includes photographs of some of the Peoples Temple members who lived and

lost their lives there; revealing an aspect of Jonestown rarely seen. This is her tribute to those who died so tragically. I Write I write from the poor side of silence Of an unholy priesthood that Captured my soul for a time These poems Neither confession nor biography Follow the voyage of a lonely spirit Into a realm where there are no answers

The Last Gunfight Penguin

Apocalypse Observed is about religious violence. By analyzing five of the most notorious cults of recent years, the authors present a fascinating and revealing account of religious sects and conflict. Cults covered include: * the apocalypse at Jonestown * the Branch Davidians at Waco * the violent path of Aum Shinrikyo * the mystical apocalypse of the Solar Temple * the mass suicide of Heaven's Gate. Through comparative case studies and in-depth analysis, the authors show how religious violence can erupt not simply from the beliefs of the cult followers or the personalities of their leaders, but also from the way in which society responds to the cults in its midst.

The Vagabonds iUniverse

Laura Johnston Kohl was a teen activist working to integrate public facilities in the Washington, D.C., area. She actively fought for civil rights and free speech, and against the Vietnam War throughout the 1960s. After trying to effect change single-handedly, she found she needed more hands. She joined Peoples Temple in 1970, living and working in the progressive religious movement in both California and Guyana. A fluke saved her from the mass murders and suicides on November 18, 1978, when 913 of her beloved friends died in Jonestown. Soon after this, Synanon, a residential community, helped her gradually affirm life. In 1991, she got to work, finished her studies, and became a public school teacher. On the 20th anniversary of the deaths in Jonestown, she looked up fellow survivors of the Jonestown tragedy and they have worked to put the jigsaw puzzle together that was Peoples Temple. Her perspective has evolved as new facts have cleared up mysteries and she has had time to reflect. Her mission continues to be to acknowledge, write about, and speak about why the members joined Peoples Temple, why they went to Guyana, and who they were. She lives with her family in San Diego. Laura appreciates feedback about her book, and especially likes clarifying information or answering questions that come up as you read. Contact her through her new website: www.jonestownsurvivor.com
Apocalypse Observed U of Minnesota Press

They draw you in with the promise of empowerment, self-discovery, women helping women. The more secretive those connections are, the more exclusive you feel. Little did you know, you just joined a cult. Sex trafficking. Self-help coaching. Forced labor. Mentorship. Multi-level marketing. Gaslighting. Investigative journalist Sarah Berman explores the shocking practices of NXIVM, a cult run by Keith Raniere and many enablers. Through the accounts of central NXIVM figures, Berman uncovers how dozens of women seeking creative coaching and networking opportunities instead were blackmailed, literally branded, near-starved, and enslaved. Don't Call It a Cult is a riveting account of NXIVM's rise to power, its ability to evade prosecution for decades, and the investigation that finally revealed its dark secrets to the world.

The Strongest Poison Hachette UK

Examines the events, trends, personalities, and politics in Guyana and in California that enabled Jim Jones and his Peoples Temple to flourish and to enact a bizarre mass death.

Slavery of Faith Simon and Schuster

Of the 918 Americans who died in the shocking murder-suicides of November 18, 1978, in the tiny South American country of Guyana, a third were under eighteen. More than half were in their twenties or younger. And Then They Were Gone: Teenagers of Peoples Temple from High School to Jonestown begins in San Francisco at the small school where Reverend Jim Jones enrolled the teens of his Peoples Temple church in 1976. Within a year, most had been sent to join Jones and other congregants in what Jones promised was a tropical paradise based on egalitarian values, but which turned out to be a deadly prison camp. Set against the turbulent backdrop of the late 1970s, And Then They Were Gone draws from interviews, books, and articles. Many of these powerful stories are told here for the first time. And Then They Were Gone provides fresh information about the teen members of Peoples Temple, filling a vast gap in our overall understanding of Jim Jones and his (mostly) doomed followers. I'm grateful to the authors for these insights. - Jeff Guinn, author of *The Road to Jonestown: Jim Jones and Peoples Temple*. Seen through the eyes of two of the Jonestown teens' high school teachers, this book is a work of love and fond memories. . . a testament to how youth and innocence can be hijacked. The dead cannot speak, yet Bebelaar and Cabral have allowed us to hear their voices once more. - Deborah Layton, author of *Seductive Poison: A Jonestown Survivor's*

Story of Life and Death in the Peoples Temple This book humanizes such a horrific tragedy by inviting readers to become well acquainted with these teenagers—so many of whom were killed in the mass murder-suicide. Before they were victims of a crazed religious leader, they were just kids—with the hopes and dreams common to children everywhere. By reading about them, we honor their memories. - Julia Scheeres, author of *A Thousand Lives: The Untold Story of Hope, Deception, and Survival at Jonestown*

Many people have forgotten about these Jonestown deaths and many others have never learned about them in the first place. This book is an antidote to that forgetfulness by putting a face on some of the victims. It teaches us how not to forget, but instead to bear witness to these interrupted lives. - from the Foreword by Herbert Kohl, educator and author

[Jonestown Survivor](#) Simon and Schuster
A revisionist history of the Old West battle challenges popular depictions of such figures as the Earps and Doc Holliday, tracing the influence of a love triangle, renegade Apaches, and the citizens of Tombstone.

Raven Simon and Schuster
The New York Times bestselling author of *The Last Gunfight* turns his eye for evocative detail to a sweeping novel of the American West that “will delight historical fiction fans longing for the return of classic Westerns” (*Library Journal*). Cash McLendon has always had an instinct for self-preservation, honed by an impoverished childhood with an alcoholic father on the streets of St. Louis. He eventually builds himself up to become the son-in-law and heir apparent to industrial mogul Rupert Douglass. But when tragedy strikes and his life falls apart, his instinct for survival kicks in and he flees St. Louis before Douglass and his enforcer can track him down. With nothing to lose, McLendon decides to search out an old flame. He’s heard through the grapevine that Gabrielle and her father moved their dry goods store out west, to a speck-on-the-map mining town named Glorious, in Arizona Territory. There, as he tries to win her back, he discovers a new life and community. But he can’t outrun his past forever...

The Destiny of Man Faber & Faber
A “fascinating slice of rarely considered American history” (*Booklist*)—the story of Henry Ford and Thomas Edison—whose annual summer sojourns introduced the road trip to our culture and made the automobile an essential part of modern life. In 1914 Henry Ford and naturalist John

Burroughs visited Thomas Edison in Florida and toured the Everglades. The following year Ford, Edison, and tire maker Harvey Firestone joined together on a summer camping trip and decided to call themselves the Vagabonds. They would continue their summer road trips until 1925, when they announced that their fame made it too difficult for them to carry on. Although the Vagabonds traveled with an entourage of chefs, butlers, and others, this elite fraternity also had a serious purpose: to examine the conditions of America’s roadways and improve the practicality of automobile travel. Cars were unreliable and the roads were even worse. But newspaper coverage of these trips was extensive, and as cars and roads improved, the summer trip by automobile soon became a desired element of American life. *The Vagabonds* is “a portrait of America’s burgeoning love affair with the automobile” (NPR) but it also sheds light on the important relationship between the older Edison and the younger Ford, who once worked for the famous inventor. The road trips made the automobile ubiquitous and magnified Ford’s reputation, even as Edison’s diminished. The automobile would transform the American landscape, the American economy, and the American way of life and Guinn brings this seminal moment in history to vivid life.

Jim Jones and the Peoples Temple

This new edition includes an introduction by Karl Eden putting events in Waco, Texas into context.

[The Broken God](#) Indiana University Press
In recounting the fascinating, intersecting stories of Jim Jones and Harvey Milk, *Cult City* tells the story of a great city gone horribly wrong. November 1978. Reverend Jim Jones, the darling of the San Francisco political establishment, orchestrates the murders and suicides of 918 people at a remote jungle outpost in South America. Days later, Harvey Milk, one of America’s first openly gay elected officials—and one of Jim Jones’s most vocal supporters—is assassinated in San Francisco’s City Hall. This horrifying sequence of events shocked the world. Almost immediately, the lives and deaths of Jim Jones and Harvey Milk became shrouded in myth. Now, forty years later, this book corrects the record. The product of a decade of research, including extensive archival work and dozens of exclusive interviews, *Cult City* reveals just how confused our understanding has become. In life, Jim Jones enjoyed the support of prominent politicians and Hollywood stars even as he preached atheism and communism from

the pulpit; in death, he transformed into a fringe figure, a “fundamentalist Christian” and a “fascist.” In life, Harvey Milk faked hate crimes, outed friends, and falsely claimed that the US Navy dishonorably discharged him over his homosexuality; in death, he is honored in an Oscar-winning movie, with a California state holiday, and a US Navy ship named after him. His assassin, a blue-collar Democrat who often voted with Milk in support of gay issues, is remembered as a right-winger and a homophobe. But the story extends far beyond Jones and Milk. Author Daniel J. Flynn vividly portrays the strange intersection of mainstream politics and murderous extremism in 1970s San Francisco—the hangover after the high of the Summer of Love.

Beautiful Revolutionary Penguin

The basis of the celebrated Paramount Network miniseries starring Michael Shannon and Taylor Kitsch -- Waco is the critically-acclaimed, first person account of the siege by Branch Davidian survivor, David Thibodeau. Twenty-five years ago, the FBI staged a deadly raid on the Branch Davidian compound in Waco, Texas. David Thibodeau survived to tell the story. When he first met the man who called himself David Koresh, David Thibodeau was a drummer in a local rock band. Though he had never been religious in the slightest, Thibodeau gradually became a follower and moved to the Branch Davidian compound in Waco. He remained there until April 19, 1993, when the compound was stormed and burned to the ground after a 51-day standoff with government authorities. In this compelling account -- now with an updated epilogue that revisits remaining survivors--Thibodeau explores why so many people came to believe that Koresh was divinely inspired. We meet the men, women, and children of Mt. Carmel. We get inside the day-to-day life of the community. We also understand Thibodeau's brutally honest assessment of the United States government's actions. The result is a memoir that reads like a thriller, with each page taking us closer to the eventual inferno.

[The Road to Jonestown](#) Houghton Mifflin
In this haunting and riveting firsthand account, a survivor of Jim Jones's Peoples Temple opens up the shadowy world of cults and shows how anyone can fall under their spell. A high-level member of Jim Jones's Peoples Temple for seven years, Deborah Layton escaped his infamous commune in the Guyanese jungle, leaving behind her mother, her older brother, and many friends. She returned to the United States with warnings of impending disaster, but her pleas for help fell on

skeptical ears, and shortly thereafter, in November 1978, the Jonestown massacre shocked the world. *Seductive Poison* is both an unflinching historical document and a suspenseful story of intrigue, power, and murder.

Marked for Death Temple Press (UK)
"I have Tim Stoen...in my psyche tonight..."

"I'm a man filled with rage... I could kill him. I could really kill him. Literally kill him... I got the man that'll get him. All I got to do is say the word, 'Go.'... Tim Stoen...hasn't made a move in the United States, there hasn't been somebody on his bottom side." --Jim Jones, April 1, 1978. "We're in a

war... [W]e have an absolute--absolute--informer who stepped forward, told us of the plans--of Stoen." --Jim Jones, April 2, 1978. This book is a memoir by Timothy Oliver Stoen of his becoming involved with a devil, being marked for death by that devil, being at war with that devil, and surviving that devil.
