 An ideal introductory text for aspiring teachers, Introduction to Teaching: Making a Difference in Student Learning is grounded in the realities and complexities found in today's schools. Acclaimed authors Gene E. Hall, Linda F. Quinn, and Donna M. Gollnick thoroughly prepare students to make a difference as teachers, presenting firsthand stories and evidence-based practices while offering a student-centered approach to learning. The authors focus on how to address one of the biggest challenges facing many of today's schools—ensuring that all students are learning—and help teachers prioritize student learning as their primary focus. From true-to-life challenges that future teachers will face, such as high-stakes testing, reduced

funding, low retention, and Common Core State Standards, to the inspiration and joy they will experience throughout their teaching careers, the Third Edition paints an importantly authentic picture of the real life of a teacher. This title is accompanied by a complete teaching and learning package.

This book challenges the belief that female virginity can be reliably and unambiguously defined, tested and verified. Kelly analyses a variety of medieval Western European texts - including medical treatises and their Classical antecedents - and historical and legal documents. The main focus is the representation of both male and female virgins in saints' legends and romances. The author also makes a comparative study of examples from

contemporary fiction, television and film in which testing virginity is a theme. Performing Virginity and Testing Chastity in the Middle Ages presents a compelling and provocative study of the paradox of bodily and spiritual integrity as both presence and absence.
