Troubles and difficulties are inevitable. No one is exempt from pain. Answers are not only sought to relieve pain but to provide a reason for the existence of the problem. The answer to any given trouble is often not quickly found no matter how hard one looks. This book is written from the perspective of God's loving desire to answer our many questions. Personal experiences, scriptural directives, and the testimonies of those who have lived and received God's answers are presented for the seeker. The Book of Easy Answers will promote hope and will bring welcome encouragement because the answers come from a loving God. Endorsement: In an age of the internet "clickbait" and fake news, what we need is not more self-help or sensationalized supernaturalism, but practical truth presented clearly and engagingly. "The Book of Easy Answers" clearly lays out for every Christian the basis of the hope that we have in Christ, and how He is indeed all that we need in every situation. Through authentic anecdotes, sound exegesis, and an examination of historical and cultural contexts, John and Kerry show us how and why we should turn our head knowledge into true, simple, heart-converted faith. It is my honor to endorse "The Book of Easy Answers," and my pleasure to wholeheartedly recommend it as a resource for every believer who needs easy answers to life's difficult questions. -Elvin Foong, Founder / Director, The Treasure Box Singapore. For the past two decades, I have met with and interviewed hundreds of followers of Jesus around the world who have suffered greatly because they were determined to serve God and spread the Gospel. What has impressed me is how many of them respond to persecution and how they are comforted by what God has to say to them through the Bible. They not only find answers to their questions concerning God's Word, but they apply the answers. I appreciate John's and Kerry's approach and insight in this book "The Book of Easy Answers." It is solid and practical. You will discover that we often find it hard to accept and put into practice the answers God has for us in our journey with him. My prayer is that this book will help you understand that God has given us all we need to navigate our lives and be content with his answers. -Greg Musselman, Minister at Large for The Voice of the Martyrs Canada. Co-host, 100 Huntley Street TV program. About the Author: John Telman is a pastor and educator with 26 years of experience. These years include ministry in Canada, the USA, and Singapore. He and his wife, Carole are authors and adjunct professors at a number of Christian Colleges. Kerry

Pocha has served God by helping children and troubled youths for over 25 years throughout Canada and in the East Kootenays of British Columbia where he eagerly seeks God's next adventure with his wife, Shawndelle, and daughter, Robyn. For the Questions You Wish You Didn't Have to Ask CRC Press

Looking for trivia books filled with fun facts and trivia questions and answers? Answers to Questions You've Never Asked will entertain you for hours. Fun facts for kids of all ages: When you take the most absurd parts of history, science, economics and geography, you end up with a pretty confusing picture of humanity. Why do we have borders, what's the furthest you can get from the ocean, how do you qualify as a country and why did Vikings wear those silly helmets? These are just a few of the strange questions that bounce around the head of YouTube sensation Joseph Pimenti, aka RealLifeLore. Trivia questions and answers: In his channel, Pimenti presents illogical truths in a logical manner. In his debut book, Pimenti builds on this nonsensical humor of the universe with in-depth analysis of empires, economies, and ecosystems as he helps answer the ridiculous. Why, you ask? Because someone has to. Using line drawings, graphs and charts, Pimenti not only details the absurd, but he also provides explanations on why things are...and why they aren't. Answers to: • Where can I move to so that I'm never tempted by McDonalds again? • How far into the Pacific does Trump's wall stretch? • If Plato came back to life, what would he think of modern democracy? • Why do all empires fail? • Who decides what countries are allowed to participate in the Olympics? • What makes Finland so great? Witty, thought-provoking and occasionally snarky, Answers to Questions You've Never Asked is for anyone who beams with curiosity and has a belly-button.

Encyclopedia of Questions & Answers Independently Published

INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." — Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —Melinda Gates "Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases." - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.
