Dari Grammar and Phrasebook is the result of many years of research and teaching. It has two parts. Part one (grammar) is a systematic presentation of Dari sound system (phonology, word formation (morphology) and sentence structure (syntax). Each chapter begins with an introduction. This is followed by analysis of the new concepts providing plenty of examples and illustrations. Next comes the chapter summary. Each chapter in part one ends with exercises. Part two (phrasebook) is about how to communicate with Afghans on a variety of situations (topics). This part first discusses language functions such as asking, ordering, requesting, apologizing, persuading, and so on. The second part is about topics or situations involving shopping, health, transportation, security, government and so on. The relevant vocabulary under each topic is listed into nouns, verbs and adjectives. The topics also include cross-cultural notes and proverbs.

Amsterdam's greatest charm may also be its greatest enigma: how can such a gracious, historical treasure house also multitask as the most offbeat metropolis in the world? From Rembrandts to rock and

roll, the city has always been a mesmerizing mix of old and new. Now, as this new edition reveals, Amsterdam and the entire Netherlands is being dramatically revamped for the 21st century by artisanal trendmakers, designers, star chefs, and future-forward architects. Fodor's curated coverage includes the best of the country beyond Amsterdam, including Haarlem, the Hague, Delft, and Rotterdam. Expanded Coverage: The year 2013 will be a banner one for Amsterdam, as two top museums will unveil massive renovations: the Rijksmuseum (home of Rembrandt's Nightwatch) and the Stedelijk (a modern-art collection). New write-ups showcase the city's hip "outlier" neighborhoods: North Amsterdam, the Eastern Drydocks, and the gentrifying De Wallen "Red Light" district. The dining chapter dishes on the burgeoning school of Amsterdam cuisine (turbot on a bed of beetroot and sea nettles, anyone?), and a "Netherlands Today" section focuses on high-profile topics such as the changes for "vice visitors" (laws concerning sex and drugs), contemporary design, and immigration. Illustrated Features: Packed with gorgeous

color photos, this new edition will add images of iconic recent Amsterdam buildings, such as the Nemo science center designed by Renzo Piano, the ARCAM center for architecture, and Delugan Meissl's Eye Film Institute, along with new design-centric hotels such as the Conservatorium and the Andaz Amsterdam. A two-page feature presents top Dutch designers. Discerning Recommendations: This edition offers savvy advice and recommendations from local writers to help travelers make the most of their time. Fodor's Choice designates our "best picks," from hotels to nightlife and beyond. "Word of Mouth" quotes provide valuable insights from fellow travelers.

If you want a holiday that's hassle-free, virtually pre-paid, and that lets you see lots of places while only needing to pack and unpack once, then you should try a cruise. This best-selling book is the cruise industry bible: it gives you all the information you need to choose the right cruise for you. Meticulously updated every year by cruise expert Douglas Ward, it is

divided into two main parts: the first helps you work out what you're looking for in a cruise holiday and how to find it; the lively text and colour photographs describe every aspect of life on board, including safety, the highs and lows of the cruise experience and how to save money. The second part contains unbiased reviews and fascinating detail of almost 300 ocean-going cruise vessels, and grades them on service, food, entertainment and facilities, using an internationally recognised ratings system.
