Speak Business English
Like an American Barron's Educational Series, Incorporated

Reduce your accent when pronouncing English, with the expertise from an acclaimed specialist in the area Developed by acclaimed speech consultant and accent specialist Susan Cameron, *Perfecting Your English Pronunciation* features her successful method, which focuses on the anatomical placement of sound and on the musculature used in articulation. Where other accent reduction/English pronunciation products rely on solely mimicking of audio sounds, this work focuses visually, audibly, and narratively on the physical ability to speak English, noting that many sounds of English may be difficult for you because some tongue positions used in English may not be used in your native language. The 45-minute DVD introduces you to mouth and jaw exercises to prepare you for English, then demonstrates mouth formations and tongue placement using other nonnative speakers like

you. You will see and hear how English sounds--enabling you to become more and more comfortable conversing with native English speakers as you go through the program. Exploring English Language Teaching Independently Published Language students and international travelers are introduced to Mandarin Chinese in the course of this book's "guided tour" of various regions throughout China. Instruction in Mandarin Chinese is presented in words, phrases, and reading passages as follows: First, the passage is printed in Chinese characters. Next, the passage is given phonetic pronunciation, using the Western alphabet (Pinyin). What follows next is a literal, word-for-word English translation of the Chinese. Concluding is an English translation that presents the passage's general sense and intended meaning. Two bilingual audio CDs are enclosed with the book. They present the text's dialogues and teach correct Mandarin pronunciation while also giving students practice in listening comprehension. *Whaddaya Say Book Cassette Package* Barrons

Educational Services Clear Speech, Second Edition, is a highly successful and innovative pronunciation course for intermediate and advanced students of English. The Audio Cassettes contain the listening material for all of the listening tasks, as well as the Clear Listening Test.

American Accent Training McGraw Hill Professional

This updated edition of the combination textbook and workbook is designed as an introduction to Spanish for classroom use. The emphasis is on oral proficiency--conversational speaking and listening comprehension--but the authors also present detailed instruction in the fundamentals of Spanish grammar, vocabulary, reading comprehension, and writing in Spanish. The book is filled with exercises and answers, true-to-life dialogues, illustrations of Hispanic art, and photos that capture the flavor of Spanish culture in Spain and Latin America. In this new edition, the vocabulary sections and readings have been updated to include the latest technology, while the cultural sections now

include information about the Hispanic individuals currently making a splash on the world scene.

Ultimate Phrasal Verb Book Prentice Hall

This text contains over 1000 North American colloquialisms - the language of daily life - presented and explained in 100 self-contained lessons. Are you familiar with American idioms? Do you understand such common expressions as 'on the ball', 'hold your horses', 'once in a blue moon', and 'spitting image'?

Improve Your American English Accent Kodansha Amer Incorporated
Winner of the BAAL Book Prize 2012
Introductions to Applied Linguistics is a series of introductory level textbooks covering the core topics in Applied Linguistics, primarily designed for those entering postgraduate studies and language professionals returning to academic study. The books take an innovative "practice to theory" approach, with a 'back-to-front' structure. This leads the reader from real-world problems and issues, through a discussion of intervention and how to engage with these concerns, before finally

relating these practical issues to theoretical foundations. Additional features include tasks with commentaries, a glossary of key terms, and an annotated further reading section. *Exploring English Language Teaching* provides a single volume introduction to the field of ELT from an applied linguistics perspective. The book addresses four central themes within English language teaching: 'Classroom interaction and management'; 'Method, Postmethod and methodology'; 'Learners'; and the 'Institutional frameworks and social contexts' of ELT. For each, the book identifies key dilemmas and practices, examines how teachers and other language teaching professionals might intervene and deal with these concerns, and explores how such issues link to and inform applied linguistic theory. *Exploring English Language Teaching* is an indispensable textbook for language teachers, and for post-graduate/graduate students and advanced undergraduates studying in the areas of Applied Linguistics, Language Teacher Education, and ELT/TESOL.

A Practical Introduction to Phonetics McGraw Hill Professional

With a friendly writing style and abundant illustrations, *Pronunciation Made Simple* (formerly *English Pronunciation for International Students*) helps students understand and achieve the pronunciation patterns of native English speakers. Appropriate for both classroom use and self-study, this confidence-building text motivates students to practice their skills outside the classroom.

Rhythm and Intonation of American English Cambridge University Press

Lose Your Accent in 28 Days is the powerful, proven system that will help you master American

English pronunciation in weeks -- not months or years. Practice 30 minutes a day for 4 weeks and greatly improve your pronunciation. No more being asked to repeat yourself! No more being asked, "What did you say?" Discover the pronunciation system preferred by faculty and students at America's most prestigious universities -- including Cornell, UC Berkeley, Middlebury, and University of Southern California. Lose Your Accent in 28 Days features an interactive CD-ROM that shows you exactly how to pronounce EVERY vowel and consonant through hundreds of video clips. The Audio CD includes over 70 minutes of material on rhythm, stress, and everyday speech patterns. The Workbook offers 80 techniques for better pronunciation. In all, you'll learn from 956 guided examples. What an easy and enjoyable way to lose your accent! Lose Your Accent in 28 Days is complete. There are no extras to buy. You get all this with your system: * A CD-ROM. Learn to position your mouth and make those difficult vowel and consonant sounds

you never thought you could. If you use a system without video, you'll miss the picture. - An Audio CD. Join Ravin and her expert team to practice rhythm, stress and everyday speech patterns. Develop perfect pronunciation and total confidence! - A Workbook. Master pronunciation techniques that will make you sound native-born! People will no longer ask, "What did you say?" - A Carrying Case. Study both at home and on-the-go with this durable and attractive case! Why do people choose this system over the others? * Most accent reduction training systems have audio only. It is very helpful to see the instructor's mouth so you know how to position your own mouth to make the sounds correctly. * Systems that use a video-cassette or DVD do not allow you the incredible flexibility of being able to click with your mouse on the sounds you need to practice...and click over and over again until you've mastered the target sound. * Many systems are complicated and difficult to use. After a few chapters, many people just give up in frustration. Lose Your Accent in 28 Days is clear and user-friendly so you

look forward to studying every day. * Lose Your Accent in 28 Days also helps you master new vocabulary as you go. The system includes a handy idioms glossary defining every idiom used in the book.

Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and

others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

Spanish Now! Level 1: with Online Audio Allyn & Bacon

Updated to reflect questions found on the most recent ESL tests,

this book presents 400 common phrasal verbs as they are used in everyday English. Phrasal verbs are verbs combined with prepositions or adverbs. Familiarity with phrasal verbs and understanding their use as nouns (breakup, showoff, etc.) or adjectives (spaced-out, broken-down, stressed-out, and many others) is essential to ESL students. Updated information includes: the most commonly used phrasal verbs; activities and examples that reflect our current technology and the world around us; an expanded introduction for the teacher with a thorough breakdown and explanation of phrasal verbs; and, a discussion of separable and inseparable phrasal verbs in Unit I, and more. This book's hundreds of examples in context and hundreds of exercises will be extremely useful to ESL students who are preparing for TOEFL or who simply wish to improve their English.

Routledge
The Routledge Course in Translation Annotation: Arabic-English-Arabic is a key coursebook for students and practitioners of translation studies. Focusing on one of the most prominent

developments in translation studies, annotation for translation purposes, it provides the reader with the theoretical framework for annotating their own, or commenting on others', translations. The book: presents a systematic and thorough explanation of translation strategies, supported throughout by bi-directional examples from and into English features authentic materials taken from a wide range of sources, including literary, journalistic, religious, legal, technical and commercial texts brings the theory and practice of translation annotation together in an informed and comprehensive way includes practical exercises at the end of each chapter to consolidate learning and allow the reader to put the theory into practice culminates with a long annotated literary text, allowing the reader to have a clear vision on how to apply the theoretical elements in a cohesive way The Routledge Course in Translation Annotation is an essential text for both undergraduate and postgraduate students of Arabic-English translation and of translation studies.
